Framing China Ariane Knüsel, 2016-04-15 Framing China sheds new light on Western

relations with and perceptions of China in the first half of the twentieth century In this ground breaking book Ariane Kn sel examines how China was portrayed in political debates and the media in Britain the USA and Switzerland between 1900 and 1950 By focusing on the political economic cultural and social context that led to the construction of the particular images of China in each country the author demonstrates that national interests anxieties and issues influenced the way China was framed and resulted in different portrayals of China in each country The author s meticulous analysis of a vast amount of newspaper and magazine articles commentaries editorials cartoons and newsreels that have previously not been studied before also focuses on the transnational circulation of images of China While previous publications have dealt with the occurrence of the Yellow Peril and Red Menace in particular countries Framing China reveals that these images were interpreted differently in every nation because they both reflected and contributed to the discursive construction of nationhood in each country and were influenced by domestic issues cultural values pre existing stereotypes pressure groups and geopolitical aspirations

Inside China's Grand Strategy Ye Zicheng,2011-01-01 China s enormous size vast population abundant natural resources robust economy and modern military demonstrate that the nation has emerged as a great world power Inside China s Grand Strategy The Perspective from the People s Republic analyzes China s economic social political and military development assessing the extent of China s dominance Highly regarded Chinese scholar Ye Zicheng offers a rare insider s perspective on the country s geopolitical ambitions and strategic thinking Inside China s Grand Strategy argues that China s primary obstacle to achieving enduring status as a world power is its domestic state of affairs Ye examines the impact of unemployment corruption massive economic gaps between classes population size strains on natural and labor resources environmental degradation and other issues that impede China s continuing development Some analysts claim that repressive domestic policies threaten the country s goal of modernization but Ye points to China s recent inclusion in the G 20 as an indicator of future success Ye contends that China s progress hinges on many factors peaceful development extensive governmental reform with a system of checks and balances social and economic development on the mainland and strategies for reunification especially with Taiwan Ye asserts that military pressure may be required to integrate Taiwanese separatist forces but advises that development should remain China s primary goal because it will eventually lead to unification Although Ye argues that democracy is the only way to repair the corrupt systems that perpetuate economic inequality he specifies that a Western style democracy is not what China needs As the United States destiny is increasingly bound to China s growth and American policies are being evaluated in the realm of geopolitics it is important to gauge and understand China s ambitions An authoritative and up to date analysis from within Chinese society Inside China s Grand Strategy is an indispensable resources for Western scholars offering a new window on Chinese development

The Politics of Decolonial Investigations Walter D. Mignolo,2021-07-09 In The Politics of Decolonial Investigations Walter D Mignolo provides a sweeping examination of how coloniality has operated around the

world in its myriad forms from the sixteenth century to the twenty first Decolonial border thinking allows Mignolo to outline how the combination of the self fashioned narratives of Western civilization and the hegemony of Eurocentric thought served to eradicate all knowledges in non European languages and praxes of living and being Mignolo also traces the geopolitical origins of racialized and gendered classifications modernity globalization and cosmopolitanism placing them all within the framework of coloniality Drawing on the work of theorists and decolonial practitioners from the Global South and the Global East Mignolo shows how coloniality has provoked the emergence of decolonial politics initiated by delinking from all forms of Western knowledge and subjectivities The urgent task Mignolo stresses is the epistemic reconstitution of categories of thought and praxes of living destituted in the very process of building Western civilization and the idea of modernity The overcoming of the long lasting hegemony of the West and its distorted legacies is already underway in all areas of human existence Mignolo underscores the relevance of the politics of decolonial investigations in and outside the academy to liberate ourselves from canonized knowledge ways of knowing and praxes of living [Australian Book Review](#) ,2004
