Tidbits Light Verse And Observations:

Tidbits Judy Lockhart DiGregorio, 2015 Judy DiGregorio's delightful new humor book *Tidbits* is a collection of illustrated light verse and upbeat essays based on everyday situations. With her characteristic self-deprecating humor, Judy makes us smile, chuckle, and laugh out loud over the challenges of new technology, her waistline, and her efforts to stay in style. Family-friendly humor appeals to all ages. *Laughing Matters* Alfred Colo, 2010-06-21 **Two Can Play That Game** D. Eric Lowdermilk, 2016-12-22 John 21 portrays seven disciples fishing all night yet catching nothing. In the morning, a shoreline stranger instructs them to recast their net. Surprisingly, the disciples fail to recognize him. After a miraculous catch and subsequent breakfast, however, there is no doubt as to who this stranger is: Jesus. Then questions Peter about his love and commissions him to feed Jesus' sheep. Using narrative criticism, Lowdermilk examines this recognition scene, asking: How would a reader well acquainted with recognition and deception as portrayed in Genesis understand John 21? He discards trickster terminology and argues that biblical recognition occurs within a context of manipulation. After proposing a detailed taxonomy of manipulation, he ventures further and argues for patterns in Genesis where manipulators are counter-manipulated in a reciprocal manner, ironically similar to their own behavior, providing a transforming effect on the manipulator. These findings, plus a careful examination of Greek diminutives, inform Lowdermilk's new reading of John 21:1-19. Peter withholds his identity as a disciple in John 18, and later Jesus actively withholds his identity in ironic counter-manipulation, mirroring Peter's denials. Jesus' threefold questioning of Peter continues the haunting echoes of Peter's earlier denials. Will it result in a disciple transformed? *Television and Behavior: Technical reviews*, 1982 Abstract A comprehensive report summarizes the past 10 years of research activities and findings concerning the effects of television viewing on child behavior and development. Approximately 90% of all research publications on this topic appeared during this period, representing over 2500 titles. The report is presented in 2 volumes: a summary report and technical reviews. The technical reviews comprise overall comprehensive and critical syntheses of the scientific literature on specific topic areas developed by 24 researchers in this area. The topic areas address such issues as cognitive and emotional aspects of television viewing, television's influences on physical and mental health, television as it relates to socialization, and viewer's conceptions of social reality and television as an American institution. The overall orientation of the report is toward research and public health issues. Critical Survey of Poetry Philip K.
