

The background of the entire page is a high-contrast, close-up photograph of several Timken bearings. In the upper left, a bearing is shown from an angled perspective, revealing its inner ring and the arrangement of balls. Below it, another bearing is partially visible. In the foreground, two large, heavy-duty bearings are shown, which appear to be part of a larger mechanical assembly, possibly a pump or motor. The lighting highlights the metallic surfaces and the precision engineering of the components.
