Until The End Of Time A Novel:

Until the End of Time Stan Rogers, 2010-08-20 I like to examine the dark side of life through my writing Whether it is through my novels or my poetry I find I prefer the walk along the dark side of the road over the heart lifting sunnier side This Anthology is a walk along that road although it does include lighter moments and the occasional funny aside Apart from the poetry in this Anthology you will also find views of life and in particular my antipathy towards organised religion alongside a couple of very short children s stories So please read my Anthology It will make you smile I hope as well as make you cry I have also written and published one novel so far entitled LOVE SEX AND TIME TRAVEL I always point out that it is not a science fiction novel as such There are no time machines aliens or spaceships in it but it is rather a bitter sweet love story again examining the darker side of love and life

Dramatizing Time in Twentieth-Century Fiction William Vesterman,2014-07-17 How have twentieth century writers used techniques in fiction to communicate the human experience of time Dramatizing Time in Twentieth Century Fiction explores this question by analyzing major narratives of the last century that demonstrate how time becomes variously manifested to reflect and illuminate its operation in our lives Offering close readings of both modernist and non modernist writers such as Wodehouse Stein Lewis Joyce Hemingway Faulkner Borges and Nabokov the author shares and unifies the belief as set forth by the distinguished philosopher Paul Ricoeur that narratives rather than philosophy best help us understand time They create and communicate its meanings through dramatizations in language and the reconfiguration of temporal experience This book explores the various responses of artistic imaginations to the mysteries of time and the needs of temporal organization in modern fiction It is therefore an important reference for anyone with an interest in twentieth century literature and the philosophy of time

The Novel Map Patrick M. Bray, 2013-01-31 Focusing on Stendhal G rard de Nerval George Sand mile Zola and Marcel Proust *The Novel Map Mapping the Self in Nineteenth Century French Fiction* explores the ways that these writers represent and negotiate the relationship between the self and the world as a function of space in a novel turned map With the rise of the novel and of autobiography the literary and cultural contexts of nineteenth century France reconfigured both the ways literature could represent subjects and the ways subjects related to space In the first person works of these authors maps situate the narrator within the imaginary space of the novel Yet the time inherent in the text's narrative unsettles the spatial self drawn by the maps and so creates a novel self one which is both new and literary The novel self transcends the rigid confines of a map In this significant study Patrick M Bray charts a new direction in critical theory

font 12 0px Helvetica min height 14 0px **The Novel as Archive** Ehrhard Bahr,1998 Goethe's novel defined as a key work anticipating modernist novels of 20th century A fresh study of one of the most perplexing and daring novels ever written one that was largely misunderstood when it first appeared and which has emerged only in the last two decades as a work that pointed forward stylistically and structurally to the modernist novels of the twentieth century Bahr shows how Goethe subordinated the role of the author narrator making use of a variety of sophisticated narrative devices such as the archive the interpolated novella some of whose characters appear as real figures in the novel itself to distance himself from the work thus ironizing its apparent meaning **The Novels of Simone De-Beauvoir** Elizabeth Fallaize,2024-11-01 First published in 1988 The Novels of Simone de Beauvoir concentrates specifically on the novels of the famous 20th Century French writer Simone de Beauvoir Her novels are popular with both the students and general readers of literature and philosophy and they will welcome this authoritative introduction to Beauvoir's fiction The author examines Beauvoir's choice of narrative strategies and interprets them both in relation to the sexual politics of writing and in relation to the place which the constraints of history class and gender increasingly play in the texts All quotations are translated *The Review of Reviews* William Thomas Stead,1902 The Book of Time Clive Gifford,2023-08-29 The Book of Time asks all the big questions about time like what is time How does it work And is it even real to offer a fresh perspective into a popular STEAM topic that kids will love **Johnson, Rasselas, and the Choice of Criticism** Edward Tomarken,2014-07-15 Although Rasselas has received more critical commentary than almost any other work by Samuel Johnson Edward Tomarken's book is the first full length study to focus on his tale of the Prince of Abyssinia This anomaly arises as Tomarken shows because Rasselas has remained resistant to the customary critical approaches of the eighteenth nineteenth and twentieth centuries consistently eliciting new kinds of insights and raising new sorts of problems Tomarken's contribution is a new methodology to explain this phenomenon He sees Johnson's early writings London and Irene as instances of the writer trying with only partial success to achieve what he first realized in The Vanity of Human Wishes a means of permitting literary form to refer to conduct Later works such as The Journey to the Western Islands of Scotland are viewed as further developments of this method which achieved its fullest expression in Rasselas and the Life of Pope Such a reading of Johnson develops an aesthetic that operates on the margins between the literary and the extra literary Although Johnson's own critical view was unable to accommodate such a position Tomarken shows that in practice he moved toward it by a process of trial and error manifest in his poetry and narratives When raised to the level of critical method this approach goes beyond the assumptions not only of Johnson's day but also of our own Tomarken's theoretical coda demonstrates how the choices of current critical theory like those in the marriage debate in Rasselas can be understood to interact with one another Specifically he proposes a dialectical relationship for two approaches hermeneutics and structuralism usually seen as opposed to one another This innovative study will interest not only Johnson scholars but all those concerned with critical theory The Fiction of Ian
