A must-read for any serious UPSC aspirant. This book provides excellent strategies and insights into essay writing. The range of topics covered is impressive, and the approach of the authors helps break down the complexities of essay writing. It is my go-to guide for preparing for the Mains. This guide offers a well-structured approach to tackling essays for competitive exams. The focus on depth and clarity makes it an invaluable resource. It could benefit from more examples, but overall, it is a great tool for anyone looking to improve their essay writing skills. A great book for mastering essay writing for UPSC and other exams. It covers all major topics and provides useful tips for analyzing and structuring essays. The writing style is engaging, and the content is well-researched. Highly recommend for aspirants looking to refine their essay writing. The book is informative, but it could have gone deeper into the nuances of tackling different essay topics. The essays are well-written, but I was expecting a bit more practical advice for handling time management and writing under exam conditions.
