**A Novel Approach to China** Gengsong Gao, 2022-01-03 This book explores Chinese novelists distinctive contributions to the China debate in terms of the key issues of Chinese language power dynamics and Confucian tradition As China is rising Chinese scholars and policymakers are debating heatedly over China's past present and future Who are the major debaters How do they analyze China's problems and figure out solutions What are the main achievements and weaknesses of the Chinese intellectual debate and discourse Chinese novelists also get involved in the China debate However their voices are rarely heard This book argues that by dramatizing the diversities of ordinary social actors everyday languages active discursive practices and enchanted local traditions Chinese novelists do not merely illustrate the dominant liberal the New Left and the New Confucian ideologies but enrich the China debate and provide a novel approach to our understanding of modern China

**Proust, China and Intertextual Engagement** Shuangyi Li, 2017-08-25 The book traces the literary journey that Proust's work made to China and back by means of translation intertextual engagement and the creation of a transcultural dialogue through migrant literature It begins with a translation history of Proust's work in China and studies the different re translations and editions of *La Recherche* highlighting their culturally conditioned thematic emphases and negligence such as time and memory over anti-Semitism and homosexuality The book then moves on to explore three contemporary mainland Chinese writers creative intertextual engagement with Proust against the backdrop of China's explosive development from modernity to post modernity in the 1990s Finally back to France the book examines the multifarious literary relations between Proust and the Franco-Chinese migrant writer Fran ois Cheng It demonstrates how the cultural heritages of China and the West can be re negotiated and put into dialogue through the fictional and creative medium of literature as well as providing a means of understanding the economic political and cultural exchanges in our current global context

**Film and the Chinese Medical Humanities** Vivienne Lo, Chris Berry, Guo Liping, 2019-12-06 Film and the Chinese Medical Humanities is the first book to reflect on the power of film in representing medical and health discourse in China in both the past and the present as well as in shaping its future Drawing on both feature and documentary films from mainland China the chapters each engage with the field of medicine through the visual arts They cover themes such as the history of doctors and their concepts of disease and therapies understanding the patient experience of illness and death and establishing empathy and compassion in medical practice as well as the HIV AIDs epidemic during the 1980s and 90s and changing attitudes towards disability Inherently interdisciplinary in nature the contributors therefore provide different perspectives from the fields of history psychiatry film studies anthropology linguistics public health and occupational therapy as they relate to

China and people who identify as Chinese Their combined approaches are united by a passion for improving the cross cultural understanding of the body and ultimately healthcare itself A key resource for educators in the Medical Humanities this book will be useful to students and scholars of Chinese Studies and Film Studies as well as global health medical anthropology and medical history *From Ah Q to Lei Feng* Wendy Larson, 2008-10-16 When Freudian sexual theory hit China in the early 20th century it ran up against competing models of the mind from both Chinese tradition and the new revolutionary culture Chinese theorists of the mind both traditional intellectuals and revolutionary psychologists steadily put forward the anti Freud a mind shaped not by deep interiority that must be excavated by professionals but shaped instead by social and cultural interactions Chinese novelists and film directors understood this focus and its relationship to Mao s revolutionary ethos and much of the literature of twentieth century China reflects the spiritual qualities of the revolutionary mind *From Ah Q to Lei Feng* investigates the continual clash of these contrasting models of the mind provided by Freud and revolutionary Chinese culture and explores how writers and filmmakers negotiated with the implications of each model

*Golden Age* Wang Xiaobo, 2022-07-26 Like a Chinese Kurt Vonnegut By turns lyrical and satirical Wang Xiaobo s sexual comedies set during the Chinese Cultural Revolution are as improbable as that genre sounds His long overdue publication in English comes as a gift *Golden Age* is funny and brave and profound Chris Kraus author of *I Love Dick* At the time Wang was writing novels about the Cultural Revolution tended to be fairly conventional tales of how good people suffered nobly during this decade of madness The system itself was rarely called into question Wang s book was radically different The idea of how to stand up to power underlies *Golden Age* Ian Johnson The New York Times Book Review Like Gary Shteyngart or Michel Houellebecq Wang Xiaobo is a Chinese literary icon whose satire forces us to reconsider the ironies of history Apparently there was a rumor that Chen Qingyang and I were having an affair She wanted me to prove our innocence I said to prove our innocence we must prove one of the following 1 Chen Qingyang is a virgin 2 I was born without a penis Both of these propositions were hard to prove therefore we couldn t prove our innocence In fact I was leaning more toward proving that we weren t innocent And so begins Wang Er s story of his long affair with Chen Qinyang Wang Er a 21 year old ox herder is shamed by the local authorities and forced to write a confession for his crimes Instead he takes it upon himself to write a modernist literary tract Later as a lecturer at a chaotic newly built university Wang Er navigates the bureaucratic maze of 1980 s China boldly writing about the Cultural Revolution s impact on his life and those around him Finally alone and humbled Wang Er must come to terms with the banality of his own existence But what makes this novel both hilarious and important is Xiaobo s use of the awkwardness of sex as a metaphor for all that occurred during the Cultural Revolution This achievement was revolutionary in China and places *Golden Age* in the great pantheon of novels that argue against governmental control A leading icon of his generation Wang Xiaobo s cerebral and sarcastic narrative is a reflection on the failures of individuals and the enormous political social and personal changes in twentieth century China *Queer*

*Literature in the Sinosphere* Hongwei Bao, Yahia Zhengtang Ma, 2024-10-17 Queer Literature in the Sinosphere is the most up to date English language study of lesbian gay bisexual transgender and queer LGBTQ themed literature and culture in the Chinese speaking world From classical homoerotic texts to contemporary boys love fan fiction this book showcases the richness and diversity of queer Chinese literature across the full spectrum of genres styles topics and cultural politics The book features authors and literary works from mainland China Hong Kong Taiwan Singapore and the global Chinese diaspora Featuring chapters by leading scholars from around the world this book rewrites literature history and culture from a queer lens in China and globally

**Memory, Fluid Identity, and the Politics of Remembering** Li Li, 2016-06-21 The Chinese Cultural Revolution is the single most important internal social event in contemporary Chinese history The plethora of history literary and artistic representations inspired by this event are critical to our understanding of the diversified often contested interpretations of contemporary China Li Li's critical examination of autobiographic filmic and fictional presentations in *Memory Fluid Identity and the Politics of Remembering* The Representations of the Chinese Cultural Revolution in English speaking Countries demonstrates that memory works not only reflect memories of those who lived through that period but memories about their past and more importantly about their identity remapping and artistic negotiation in a cross cultural environment

**Pacific Automobilm** Gijs Mom, 2022-09-13 The beginning of the 21st century has seen important shifts in mobility cultures around the world as the West's media driven car culture has contrasted with existing local mobilities from rickshaws in India and minibuses in Africa to cycling in China. In this expansive volume historian Gijs Mom explores how contemporary mobility has been impacted by social, political and economic forces on a global scale. As in light of local mobility cultures, the car as an adventure machine seems to lose cultural influence in favor of the car's status character.

In terms of themes and styles, modern Chinese literature is rich and varied from the revolutionary to the pastoral, from romanticism to feminism, from modernism to post modernism, critical realism, psychological realism, socialist realism and magical realism. Indeed, it encompasses a full range of ideological and aesthetic concerns. This second edition of *Historical Dictionary of Modern Chinese Literature* presents a broad perspective on the development and history of literature in modern China. It offers a chronology, introduction, bibliography and over 400 cross referenced dictionary entries on authors, literary and historical developments, trends, genres and concepts that played a central role in the evolution of modern Chinese literature.

Contemporary Chinese Novels in Translation since 1978 Yun Wu, 2024-10-14 This book aims to complement the traditional focus of translation studies which has primarily centered on translating English into other languages. It presents a comprehensive analysis of the reverse translation trajectory exploring the movement of Chinese literature into the core English literary domain. The book aims to explore the ideological and sociological dynamics that underlie the translation of contemporary Chinese novels. This is achieved through an examination of the translation selection process, translation paratexts and the roles of translation agents. Case studies are employed to illustrate specific linguistic, literary and cultural challenges within translation. It dissects the cultural and literary implications of translating genres such as women's writing, science fiction and Internet literature. The argument presented is that the translation of peripheral literature is indispensable in shaping global literature. Beyond its literary implications, the book identifies the political significance inherent in such reverse translation endeavors. It suggests that the translation of Chinese literature holds notable political interest for the Chinese government which aims to reshape China's image and
