IELTS Task 1 General Essay Sample

An English-speaking friend has written to you to ask you how your English studies are going. Write a letter telling your friend about your progress. In your letter

- say what progress you are making
- describe the study methods and any materials you are using
- say what you find most difficult

You should write at least 150 words.

Hello Michael!

How are you? I hope this message finds you well.

Can you believe I have been in England for 3 months already? Time flies! I wanted to send you a message and tell you what has happened in my English classes over the last few months. First, I am happy to announce I have passed the B1 English level test, so I have applied for a student visa! I am still waiting to hear back from the immigration office.

At school, we have started learning about the Present Perfect. It's a little bit difficult to understand, but we have completed a lot of different exercises to help us get the hang of it. We have also been on field trips to some busy street markets in London so we could practise buying food and meet local people. I have also started an English diary which I write in every day to practise my grammar skills.

To be honest, the things I have found most difficult are articles. I never know when to use 'The' or 'A' - usually I just guess. I haven't scored more than 50% in my article grammar quizzes so far. Can you help me?! Haha.

Anyway, I hope you are well. Write back soon!

Yours,

Piotr Shapovalov

Learning to Read: An Integrated View from Research and Practice Terezinha Nunes, 1999-08-31 Literacy research has continued to develop at a rapid pace in these last five years of the millennium New ideas about how children learn to read

have led to a better understanding of the causes of progress and failure in the mastery of literacy with repercussions for children's assessment and teacher education. These new discoveries also allow teachers to transcend the old debates in reading instruction: phonics versus whole language and offer the path to a synthesis. At the same time, research with teachers about their own implementation of methods and the development of their own knowledge about the teaching of literacy has produced a fresh analysis of the practice of literacy teaching. Inspired by these developments, teachers, teacher educators, and researchers worked together to produce this volume which promotes the integration of literacy research and practice.

Gallagher, 2023-10-10 In his new book *In the Best Interest of Students: Staying True to What Works in the ELA Classroom*, teacher and author Kelly Gallagher notes that there are real strengths in the Common Core standards and there are significant weaknesses as well. He takes the long view, reminding us that standards come and go but good teaching remains grounded in proven practices that sharpen students' literacy skills. Instead of blindly adhering to the latest standards movement, Gallagher suggests increasing the amount of reading and writing students are doing while giving students more choice around those activities. Balancing rigorous high-quality literature and non-fiction works with student-selected titles. Encouraging readers to deepen their comprehension by moving beyond the four corners of the text. Planning lessons that move beyond Common Core expectations to help young writers achieve more authenticity through the blending of genres. Using modeling to enrich students' writing skills in the prewriting, drafting, and revision stages. Resisting the de-emphasis of narrative and imaginative reading and writing. Amid the frenzy of trying to teach to a new set of standards, Kelly Gallagher is a strong voice of reason, reminding us that instruction should be anchored around one guiding question: What is in the best interest of our students? **SBI Clerk Junior Associates Phase 2 Mains Exam Guide 2021** Arihant
