What every writer needs is a fast track way of creating characters that let you hit the ground running but leaves plenty of room for growth as you write. The One Hour Character system shows you how to come up with the Lead Character, other main characters and a solid supporting cast in just sixty minutes. You'll learn of six different sources for characters and how to best use those sources as well as a few others. You'll learn about the different character types that you'll need: the Lead, the Antagonist, other main characters, a romantic interest, if applicable, sidekicks, confidants and walk-ons. Step by step, you'll be walked through the process of creating characters, but with a time limit so you know that at the end of an hour you will be ready to start directing your new cast. You also learn how to tweak your characters. You'll find out how to give your characters a distinctive voice, tips on dialogue, how to develop series characters, leaving room for a secret or two, how to ensure that your characters suit your chosen genre, tips on naming your characters, tips on character growth and development, the importance of giving your characters goals.
