Bazerman,Chris Dean,2012-09-09 The authors report research that considers writing in all levels of schooling in science in the public sphere and in the workplace as well as the relationship among these various places of writing The authors also consider the cultures of writing among them national cultures gender cultures schooling cultures scientific cultures and cultures of the workplace **Teacher Clarity** John Almarode,Douglas Fisher,Nancy Frey,Kierstan Barbee,2025-02-18 How to Activate and Accelerate Student Learning Have you ever given instructions to your students only to receive blank stares or confusion Clarity is an essential part of teaching and learning and every interaction we have with students is the foundation for moving learning forward we must make every interaction count Backed by the latest education research on what really works Teacher Clarity spotlights the newest and best teaching strategies and explains the importance of clear learning intentions success criteria lesson design progress monitoring and more Inside you ll discover how teacher clarity Helps educators make informed decisions around teaching and learning Demands that educators keep the big picture in mind Allows educators to integrate optimal teaching and learning experiences at the right time Tells us what evidence we must generate around teaching and learning and what steps to take next Organized around the four critical components of teacher clarity organization explanations examples and assessments and filled with samples for all content and grade levels Teacher Clarity is your essential guidebook for unlocking your learners potential **Create Your School Library Writing Center** Timothy Horan,2016-10-16 Colleges typically have writing centers to which students can bring their writing assignments to a peer tutor for assistance but most high schools and middle schools do not This book advocates for the creation of writing centers in 7 12 schools and explains why the school library is the best place for the writing center There is a glaring absence of writing centers in today s K 12 schools More and more students are being asked in college entrance testing to submit samples of their writing and employers are expecting their workers to write correctly and clearly This book addresses the critical lack of writing centers below the undergraduate level It demonstrates how middle school and high school librarians can create writing centers in their school libraries explains how to assist students through a one on one writing tutorial method and gives students and teachers the tools for learning and understanding the complex art of writing Author Timothy Horan inventor of the School Library Writing Center establishes why school libraries represent the best and most logical places to create writing centers and why school librarians are the natural choice to direct writing center operations He then takes readers through the process of creating a writing center from original conception up through opening day Additional topics covered include how to publicize and grow your School Library Writing Center maintaining your writing center for efficient operation on a daily basis as well as for years to come how to become an effective writing center director and writing tutor the most current technology that can be used to assist in the writing composition and research process and working with English language learner ELL students within your writing center **Writing in the Devil's Tongue** Xiaoye You,2010-01-29 Winner CCCC Outstanding Book Award Until recently American composition scholars have studied writing

instruction mainly within the borders of their own nation rarely considering English composition in the global context in which writing in English is increasingly taught Writing in the Devil s Tongue challenges this anachronistic approach by examining the history of English composition instruction in an East Asian country Author Xiaoye You offers scholars a chance to observe how a nation changed from monolingual writing practices to bilingual writing instruction in a school setting You makes extensive use of archival sources to help trace bilingual writing instruction in China back to 1862 when English was first taught in government schools Treating the Chinese pursuit of modernity as the overarching theme he explores how the entry of Anglo American rhetoric and composition challenged and altered the traditional monolithic practice of teaching Chinese writing in the Confucian spirit The author focuses on four aspects of this history the Chinese negotiation with Anglo American rhetoric their search for innovative approaches to instruction students situated use of English writing and local scholarship in English composition Unlike previous composition histories which have tended to focus on institutional disciplinary and pedagogical issues Writing in the Devil s Tongue brings students back to center stage by featuring several passages written by them in each chapter These passages not only showcase rhetorical and linguistic features of their writings but also serve as representative anecdotes that reveal the complex ways in which students responding to their situations performed multivalent intercultural discourses In addition You moves out of the classroom and into the historical cultural and political contexts that shaped both Chinese writing and composing practices and the pedagogies that were adopted to teach English to Chinese in China Teachers students and scholars reading this book will learn a great deal about the political and cultural impact that teaching English composition has had in China and about the ways in which Chinese writing and composition continues to be shaped by rich and diverse cultural traditions and political discourses In showcasing the Chinese struggle with teaching and practicing bilingual composition Writing in the Devil s Tongue alerts American writing scholars and teachers to an outdated English monolingual mentality and urges them to modify their rhetorical assumptions pedagogical approaches and writing practices in the age of globalization
