Teaching History with Big Ideas S. G. Grant,Jill M. Gradwell,2010-07-16 In the case studies that make up the bulk of this book middle and high school history teachers describe the decisions and plans and the problems and possibilities they encountered as they ratcheted up their instruction through the use of big ideas Framing a teaching unit around a question such as Why don t we know anything about Africa offers both teacher and students opportunities to explore historical actors ideas and events in ways both rich and engaging Such an approach exemplifies the construct of ambitious teaching whereby teachers demonstrate their ability to marry their deep knowledge of subject matter students and the school context in ways that fundamentally challenge the claim that history is boring

Land Quality and Sustainable Urban Forms Ilaria Tombolini,Jesús Rodrigo-Comino,Luca Salvati,2022-03-26 In the panorama of studies related to the ability of lands to support both natural processes and agricultural production activities this research introduces a still unexplored or under studied theme which is that of the relationship between urban sprawl in its various forms and land quality The first part of the book is dedicated to the motivations and the theoretical premises from which the research originates connected to the concept of land and those of sustainable urban form The second part concerns the complex path towards a sustainable use of land both in terms of institutional and regulatory measures and in terms of knowledge and understanding of soil degradation processes This research focuses on the Mediterranean area which is discussed in more detail in the third part In this part of Europe we try to establish relationships between settlement dynamics and land quality here fragile ecosystems are diffused both from a biological point of view physical as well as socio economic here we find landscapes that are particularly sensitive to land degradation processes subject to land degradation considered the antipodes of land quality and which in recent decades have been particularly affected by anthropic pressure In the fourth part an analysis is presented concerning 76 metropolitan areas representative of southern Europe The methodology used in this analysis is based on the relationship that exists between soil sealing or soil waterproofing and land degradation or land degradation aimed at an interpretation at the metropolitan scale of how in southern Europe the pattern of Urbanization compact dispersive intermediate affects the land s ability to support both natural processes and agricultural production activities in a diversified

way In particular the data on land quality and data on land use were considered together in order to analyze the processes of urban growth and the occupation of productive land for a very large area that includes Greece France Italy Spain Portugal and some parts of the Adriatic coast There is still a long way to go in terms of sharing integration and definition of strategies aimed at achieving certain targets A necessary and innovative look towards land quality could help to consider the protection of the soil as a whole even at the planning level *DHEW Publication No. (OE). ,1972* **The Cambridge Companion to Canadian Literature** Eva-Marie Kröller,2004-02-05 This book offers a comprehensive and lively introduction to major writers genres and topics in Canadian literature Addressing traditional assumptions and current issues contributors pay attention to the social political and economic developments that have informed literary events Broad surveys of fiction drama and poetry are complemented by chapters on Aboriginal writing autobiography literary criticism writing by women and the emergence of urban writing in a country historically defined by its regions Also discussed are genres that have a special place in Canadian literature such as nature writing exploration and travel writing and short fiction Although the emphasis is on literature in English a substantial chapter on francophone writing is included **AP European History Premium** Seth A. aspects of the history of the United States offering such a wide variety of interpretations that students, teachers, scholars and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors, all scholars of American history.
