X Marks Native Signatures Of Assent Indigenous Americas:

X-Marks Scott Richard Lyons, 2010-05-10 During the eighteenth and nineteenth centuries North American Indian leaders commonly signed treaties with the European powers and the American and Canadian governments with an X signifying their presence and assent to the terms These x marks indicated coercion because the treaties were made under unfair conditions resistance because they were often met with protest and acquiescence to both a European modernity and the end of a particular moment of Indian history and identity In *X Marks* Scott Richard Lyons explores the complexity of contemporary Indian identity and current debates among Indians about traditionalism nationalism and tribalism Employing the x mark as a metaphor for what he calls the Indian assent to the new Lyons offers a valuable alternative to both imperialist concepts of assimilation and nativist notions of resistance calling into question the binary oppositions produced during the age of imperialism and maintaining that indigeneity is something that people do not want what they are Drawing on his personal experiences and family history on the Leech Lake Ojibwe Reservation in northern Minnesota discourses embedded in Ojibwemowin the Ojibwe language and disagreements about Indian identity within Native American studies Lyons contends that Indians should be able to choose nontraditional ways of living thinking and being without fear of being condemned as inauthentic Arguing for a greater recognition of the diversity of Native America *X Marks* analyzes ongoing controversies about Indian identity addresses the issue of culture and its use and misuse by essentialists and considers the implications of the idea of an Indian nation At once intellectually rigorous and deeply personal *X Marks* holds that indigenous peoples can operate in modern times while simultaneously honoring and defending their communities practices and values [Spiral to the Stars](#) Laura Harjo, 2019-06-25 All communities are teeming with energy spirit and knowledge and *Spiral to the Stars* taps into and activates this dynamism to discuss Indigenous community planning from a Mvskoke perspective This book poses questions about what community is how to reclaim community and how to embark on the process of envisioning what and where the community can be Geographer Laura Harjo demonstrates that Mvskoke communities have what they need to dream imagine speculate and activate the wishes of ancestors contemporary kin and future relatives all in a present temporality which is Indigenous futurity Organized around four methodologies radical sovereignty community knowledge collective power and emergence geographies *Spiral to the Stars* provides a path that departs from traditional community making strategies which are often extensions of the settler state Readers are provided a set of methodologies to build genuine community relationships knowledge power and spaces for themselves Communities don't have to wait on experts because this book helps them activate their own possibilities and expertise A detailed final chapter provides participatory tools that can be used in workshop settings or one on one This book offers a critical and concrete map for community making that leverages Indigenous way finding tools Mvskoke narratives thread throughout the text vividly demonstrating that theories come from lived and felt experiences This is a must have book for community organizers radical pedagogists and

Aboriginal context Aileen Moreton Robinson questions current race theory in the first world and its preoccupation with foregrounding slavery and migration The nation she argues is socially and culturally constructed as a white possession Moreton Robinson reveals how the core values of Australian national identity continue to have their roots in Britishness and colonization built on the disavowal of Indigenous sovereignty Whiteness studies literature is central to Moreton Robinson s reasoning and she shows how blackness works as a white epistemological tool that bolsters the social production of whiteness displacing Indigenous sovereignties and rendering them invisible in a civil rights discourse thereby sidestepping thorny issues of settler colonialism Throughout this critical examination Moreton Robinson proposes a bold new agenda for critical Indigenous studies one that involves deeper analysis of how the prerogatives of white possession function within the role of disciplines

Talkin' Up to the White Woman Aileen Moreton-Robinson, 2021-10-12 A twentieth anniversary edition of this tour de force in feminism and Indigenous studies now with a new preface The twentieth anniversary of the original publication of this influential and prescient work is commemorated with a new edition of Talkin Up to the White Woman by Aileen Moreton Robinson In this bold book of its time and ahead of its time whiteness is made visible in power relations presenting a dialogic of how white feminists represent Indigenous women in discourse and how Indigenous women self present Moreton Robinson argues that white feminists benefit from colonization they are overwhelmingly represented and disproportionately predominant play the key roles and constitute the norm the ordinary and the standard of womanhood They do not self present as white but rather represent themselves as variously classed sexualized aged and abled The disjuncture between representation and self presentation of Indigenous women and white feminists illuminates different epistemologies and an incommensurability in the social construction of gender Not so much a study of white womanhood Talkin Up to the White Woman instead reveals an invisible racialized subject position represented and deployed in power relations with Indigenous women The subject position

occupied by middle class white women is embedded in material and discursive conditions that shape the nature of power relations between white feminists and Indigenous women and the unjust structural relationship between white society and Indigenous society
