create a new life to separate herself from her toxic environment and to build a successful decades long career as a professional multilingualist. It's a rewarding vocation but a challenging one. Her assignments with the US federal government take her on some hair-raisingly dangerous journeys, some to countries with unstable governments and even active war zones. But these sometimes harrowing experiences teach her how to open the windows around her, unearth her true self and develop a healthy sense of self-worth and ultimately paradoxically her work and travel so far from home allow her to come home to herself.
