The Technique of the Master Raymund Andrea,1932 The Technique of the Master, Or, The Way of Cosmic Preparation Raymund Andrea,1981 **AMORC Unmasked** Pierre S. Freeman,2010 The Ancient and Mystic Order of Rosae Crucis bills itself as a nonsectarian group whose members study the mysteries of the universe Through weekly monographs AMORC dispenses lessons in telepathy telekinesis and other supernatural activities Spiritual seekers might believe that AMORC can deliver on its promise to help them achieve cosmic consciousness Skeptics might dismiss it as harmless nonsense Both would be wrong A former AMORC member Pierre S Freeman reveals the cult s hidden agenda along with the advanced hypnotic techniques it employs to slowly gain control over the people who join If you are thinking about becoming involved with the order or you want to free yourself from its grasp you will find the insider knowledge within AMORC Unmasked invaluable About the Author Pierre S Freeman was exposed to AMORC s mind control techniques for twenty four years In his first book The Prisoner of San Jose he describes his experiences with the order and how he finally deprogrammed himself Freeman is currently a successful analyst for several large financial institutions in the Minneapolis area **The Sanctuary of Self** Ralph Maxwell Lewis,1949 Flower of the Soul Raymund Andrea,2009 **The True and Invisible Rosicrucian Order** Paul Foster Case,2012-11-01 This hardcover edition is strictly limited to 111 copies The Original Edition of The True and Invisible Rosicrucian Order was first published in 1927 with a limited print run of 64 copies It was followed almost immediately by a second edition in 1928 The second edition was only a moderate revision but Paul Foster Case removed much of the sound and color practices that were presented in the original edition These practices can now be found in slightly altered form relatively far along in the Builders of the Adytum B O T A curriculum approximately during the fourteenth and fifteenth years of the coursework The fourth edition which is the most expanded edition represents Paul Foster Case s most complete thought on this subject is still in print currently published by Weiser and is highly recommended to the readers of this edition on its own merits The Original Edition provides content not present in the fourth and final edition and contains valuable insight into the Work of Paul Case during an earlier and more formative period of his life The True and Invisible Rosicrucian Order is a book by Paul Foster Case that unites the Kabbalah with Hermetic ranks or grades of attainment as seen through a Rosicrucian lens It is one of the first major attempts at reducing a vast body of esoteric teachings into an understandable format The Golden Dawn philosophy is very evident throughout this text plus many of the new innovations that Case developed The value of this book is that it presents an American A O window of how the rungs of the ladder in the Golden Dawn learning system were viewed Case wanted more structure from the Golden Dawn and what it did not supply he developed This work tries to explain the Rosicrucian philosophy from a Golden Dawn and Kabbalistic perspective and goes further than many of the early order papers did This was one of the catalysts that helped Case work out his B O T A philosophy In many respects this work reflects the cross over point between the Golden Dawn and the formation

of Case s B O T A philosophy and as such has a foot in both realms of Hermetic thought It is a book that should be on the shelf of those interested in modern hermetic literature from the foreword by Pat Zalewski author of the bestselling modern classic *Alchemy and Golden Dawn Ritual* *The Rosicrucian Philosophy in Questions and Answers* Max Heindel,2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1922 edition Excerpt and it was to this trait that the Savior referred in the passage quoted When we enter the higher life we must first forget everything that we knew in the world We must commence to look at things in an entirely different way and when a new teaching is brought before us we must endeavor to receive it regardless of other facts previously observed This in order that we may be perfectly unbiased Of course we are not supposed to believe offhand that black is white but if some one seriously asserts that an object which we have hitherto regarded as black is really white our mind should be sufficiently open to prevent us from passing judgment at once and saying Why I know that that object is black We should be willing to reexamine the object to see if there may not be a point of view whence that thing which we have thought black appears to be white Only when we have made thorough examination and have found that the thing is really black from whatever point of view may we return to our previous opinion There is nothing so remarkable about a child as the flexible attitude of its mind which renders it so teachable and the pupil who endeavors to live the higher life should always aim to keep his mind in that fluidic state for as soon as our ideas have become set and incapable of being changed our progress ceases That was the great truth which the Christ was endeavoring to present to his hearers when he made the remark which has occasioned the question Question No 106 Did not Jesus eat fish Why then are the Rosicrucians vegetarians Answer After the Resurrection the Christ at one time appeared among His disciples while they were in a locked room They did not recognize Him at once and did not believe *The Rosicrucians* Hargrave Jennings,2011-05 THIS book which now leaves our hands concentrates in a small compass the results of very considerable labour and the diligent study of very many books in languages living and dead it purports to be a history for the first time treated seriously in English of the famous Order of the Rose Cross or of the Rosicrucians No student of the occult philosophy need however fear that we shall not most carefully keep guard standing sentry so to speak not only over this which is by far the preeminent but also over those other recondite systems which are connected with the illustrious Rosicrucians An accomplished author of our own period has remarked that He who deals in the secrets of magic or in the secrets of the human mind is too often looked upon with jealous eyes by the world which is no great conjuror How is it that after centuries of doubt or denial how happens it in face of the reason that can make nothing of it the common sense that rejects and the science which can demonstrate it as impossible the supernatural still has such vital hold in the human not to say in the modern mind How happens it that the most terrible fear is the fear of the invisible this too when we are on all hands assured that the visible alone is that which we have to dread The ordinary reason exhorts us to dismiss our fears That

thing magic that superstition miracle is now banished wholly from the beliefs of this clear seeing educated age Miracle we are told never had a place in the world only in men s delusions It is nothing more than a fancy It never was anything more than a superstition arising from ignorance What is fear It is a shrinking from possible harm either to the body or to that thing which we denominate the mind that is in us The body shrinks with instinctive nervous alarm like the sensitive leaf when its easy comfortable exercise or sensations are disturbed *Rosicrucian Principles for the Home and Business* H. Spencer Lewis, 2013-02 2013 Reprint of 1935 Edition Exact facsimile of the original edition not reproduced with Optical Recognition Software Learn to use practical Rosicrucian principles to help solve your everyday problem both at home and in business dealings This book gives you specific examples of how to attain health happiness and success Avoid the delays and disappointments that stand between you and your goals by recognizing the right and wrong ways to use metaphysical and mystical principles Spencer was a founder of the Ancient and Mystic Order Rosae Crucis AMORC a modern revival Rosicrucian order headquartered at San Jose California Lewis was born in Frenchtown New Jersey November 25 1883 of Welsh ancestry In 1904 Lewis founded and served as president of the New York Institute for Psychical Research The institute specialized in occult studies with emphasis on Rosicrucian teachings The AMORC was organized in several stages over the next years and by 1917 held its first national convention in Pittsburgh at which Lewis established his plan to develop correspondence courses AMORC taught philosophical and mystical practices in order to develop the latent faculties of man and it sold literature by mail order Lewis himself authored the basic set of correspondence lessons and a number of the books published by AMORC *Mastery of Life* Ancient and Mystical Order Rosae Crucis, 198?
