Unlocking Harry Potter Five Keys For The Serious Reader:

Unlocking Harry Potter John Granger, 2007 To understand the story behind the stories Granger introduces the themes and patterns J K This book is for serious readers but Granger writes in a very entertaining style **The Ultimate Guide to the Harry Potter Fandom** Erin Anne Pyne, 2010 The Alchemical Harry Potter Anne J. Mamary, 2021-01-05 When Harry Potter first boards the Hogwarts Express he journeys to a world which Rowling says has alchemy as its internal logic The Philosopher's Stone known for its power to transform base metals into gold and to give immortality to its maker is the subject of the conflict between Harry and Voldemort in the first book of the series But alchemy is not about money or eternal life it is much more about the transformations of desire of power and of people through love Harry's equally remarkable and ordinary power to love leads to his desire to find but not use the Philosopher's Stone at the start of the series and his wish to end the destructive power of the Elder Wand at the end This collection of essays on alchemical symbolism and transformations in Rowling's series demonstrates how Harry's work with magical objects people and creatures transfigure desire power and identity As Harry's leaden existence on Privet Drive is transformed in the company of his friends and teachers the Harry Potter novels have transformed millions of readers inspiring us to find the gold in our ordinary lives **The Ivory Tower, Harry Potter, and Beyond** Lana A. Whited, 2024-02-26 In her follow up to The Ivory Tower and Harry Potter Lana A Whited has compiled a new collection of essays analyzing the books films and other media by J K Rowling This includes pieces on the Harry Potter books and movies Fantastic Beasts and Where to Find Them films The Cursed Child play as well as her writing outside the wizarding universe such as The Ickabog The Casual Vacancy and the Cormoran Strike series Many of the chapters explore works that influenced the Harry Potter series including Classical epic Shakespearian comedy and tragedy and Arthurian myth In addition to literary comparison the volume delves into topics like political authoritarianism distrust of the media racial and social justice and developments in fandom It's fair to say that much has changed in regard to Harry Potter and J K Rowling scholarship in the twenty years since the first volume's publication While it was once considered a universally beloved book series the relationship between HP and its fans has grown more complicated in recent years As its readers have grown older and Rowling's reputation has wavered in the public eye Whited and her contributors consider the complicated legacy of Harry Potter and its author and explore how the series will evolve in the next twenty years

Teaching with Harry Potter Valerie Estelle Frankel, 2013-03-07 The Harry Potter phenomenon created a surge in reading with a lasting effect on all areas of culture especially education Today teachers across the world are harnessing the power of the series to teach history gender studies chemistry religion philosophy sociology architecture Latin medieval studies astronomy SAT skills and much more These essays discuss the diverse educational possibilities of J K Rowling's books Teachers of younger students use Harry and Hermione to encourage kids with disabilities or show girls the power of being brainy scientists Students are reading fanfiction splicing video clips or exploring Rowling's new website Pottermore Harry

Potter continues to open new doors to learning *Harry Potter's World Wide Influence* Diana Patterson,2009-10-02 The Harry Potter series forms a single epic story that has been published in nearly 70 languages and has been examined in a large number of disciplines This collection of essays contributes to the scholarly discourse that forms Potter Studies These essays take on the consideration of Rowling s work as being worthy of study as a phenomenon and influence as well as a work of literary value They add genuine statistical information about the reasons for the books popularity consider their effects on child readers and examine some deep rooted reasons for their having been manipulated in American publishing in film adaptations in musical complements and in their thingification in popular culture around the world Some of these essays take on the critics of the books religion and considerations of psychological as well as philosophical good and evil and well as some stylistic anomalies The fact that scholars from China Germany Poland Romania and Israel in addition to English speaking nations have felt compelled to examine these books in detail testifies in part to Harry Potter s world wide influence

The Politics of Harry Potter B. Barratt,2012-11-09 This political analysis of Harry Potter uses the beloved wizarding world to introduce readers to the equally murky and intimidating world of politics Rowling s work provides us with entries into all of the most important political questions in history from terrorism and human rights to the classic foundations of political thought **Open at the Close** Cecilia Konchar Farr,2022-05-23 Contributions by Lauren R Carmacci Keridiana Chez Kate Glassman John Granger Marie Schilling Grogan Beatrice Groves Tolonda Henderson Nusaiba Imady Cecilia Konchar Farr Juliana Valad o Lopes Amy Mars Christina Phillips Mattson Patrick McCauley Jennifer M Reeher Jonathan A Rose and Emily Strand Despite their decades long phenomenal success the Harry Potter novels have attracted relatively little attention from literary critics and scholars While popular books articles blogs and fan sites for general readers proliferate and while philosophers historians theologians sociologists psychologists and even business professors have taken on book length studies and edited essay collections about Harry Potter literature scholars outside of the children s books community have paid few serious visits to the Potterverse Could it be that scholars are still reluctant to recognize popular novels especially those with genre labels children s literature or fantasy as worthy subjects for academic study This book challenges that oversight assembling and foregrounding some of the best literary critical work by scholars trying to move the needle on these novels to reflect their importance to twenty first century literary culture In *Open at the Close* contributors consciously address Harry Potter primarily as a literary phenomenon rather than a cultural one They interrogate the novels on many levels from multiple perspectives and with various conclusions but they come together around the overarching question What is it about these books At their heart what is it that makes the Harry Potter novels so exceptionally compelling so irresistible to their readers and so relevant in our time **Ambiguity in »Star Wars« and »Harry Potter«** Christina Flotmann,2014-03-15 The study combines theories of myth popular culture structuralism and poststructuralism to explain the enormous appeal of Star Wars and Harry Potter Although much research already exists on both stories individually this book

is the first to explicitly bring them together in order to explore their set up and the ways in which their structures help produce ideologies on gender and ethnicity Hereby the comparison yields central insights into the workings of modern myth and uncovers structure as integral to the success of the popular genre It addresses academic audiences and all those wishing to approach the tales from a fresh angle Defining Medievalism(s) Karl Fugelso,2009 New essays attempt to survey and map out the increasingly significant discipline of medievalism Medievalism has been attracting considerable scholarly attention in recent years But it is also suffering from something of an identity crisis Where are its chronological and geographical boundaries How does it relate to the Middle Ages Does it comprise neomedievalism pseudomedievalism and other medievalisms Studies in Medievalism XVII directly addresses these and related questions via a series of specially commissioned essays from some of the most well known scholars in the field they explore its origins survey the growth of the subject and attempt various definitions The volume then presents seven articles that often test the boundaries of medievalism they look at echoes of medieval bestiaries in J K Rowling s Harry Potter books the influence of the Niebelungenlied on Wagner s Ring cycle representations of King Alfred in two works by Dickens medieval tropes in John Bale s Reformist plays authenticity in Sigrid Undset s novel Kristin Lavransdatter incidental medievalism in Handel s opera Rodelinda and editing in the audio version of Seamus Heaney s Beowulf CONTRIBUTORS KATHLEEN VERDUIN CLARE A SIMMONS NILS HOLGER PETERSEN TOM SHIPPEY GWENDOLYN A MORGAN M J TOSWELL ELIZABETH EMERY KARL FUGELSO EMILY WALKER HEADY MARK B SPENCER GAIL ORGELFINGER DOUGLAS RYAN VAN BENTHUYSEN THEA CERVONE WERNER WUNDERLICH EDWARD R HAYMES School Library Journal ,2005 *New York Herald Tribune Book Review* ,1960
