Urbanisation Inequalities Post Malthusian Context Springerbriefs:

Urbanisation and Inequalities in a Post-Malthusian Context Sylvia Szabo, 2015-12-15 The book examines contemporary urban challenges and opportunities within the context of the traditional Malthusian theory The book reorients the classic Malthusian debate on population and food by focusing on global urbanisation and its consequences for peoples access to basic means of subsistence Case studies from both developing and developed countries provide a comprehensive overview of the issues related to availability of food and water in an urban context The book suggests that the concern for human survival is still relevant and can be exacerbated by rapid urbanisation and that the negative impacts of urban processes require an increased attention of the international community as we enter the new Sustainable Development Goals era

Urbanisation and Inequalities in a Post-Malthusian Context Sylvia Szabo, 2014 **Urban Inequality and Segregation in Europe and China** Gwilym Pryce, Ya Ping Wang, Yu Chen, Jingjing Shan, Houkai Wei, 2021-11-17 This open access book explores new research directions in social inequality and urban segregation With the goal of fostering an ongoing dialogue between scholars in Europe and China it brings together an impressive team of international researchers to shed light on the entwined processes of inequality and segregation and the implications for urban development Through a rich collection of empirical studies at the city regional and national levels the book explores the impact of migration on cities the related problems of social and spatial segregation and the ramifications for policy reform While the literature on both segregation and inequality has traditionally been dominated by European and North American studies there is growing interest in these issues in the Chinese context Economic liberalization rapid industrial restructuring the enormous growth of cities and internal migration have all reshaped the country profoundly What have we learned from the European and North American experience of segregation and inequality and what insights can be gleaned to inform the burgeoning interest in these issues in the Chinese context How is China different both in terms of the nature and the consequences of segregation inequality and what are the implications for future research and policy Given the continued rise of China s significance in the world and its recent declaration of war on poverty this book offers a timely contribution to scholarship identifying the core insights to be learned from existing research and providing important guidance on future directions for policy makers and researchers *Economic Inequality and the Urban Environment* International Institute for Environment & Development, 1997

The Paradox of Urban Space S. Sutton, S. Kemp, 2011-01-31 As racially based inequalities and spatial segregation deepen further strained by emergent problems associated with climate change ever widening differences between wealth and poverty and the economic crisis this book issues a timely call for just sustainable development **New Drivers of Division** Ya Ping Wang, Keith Kintrea, David Everatt, Debolina Kundu, 2025-07-04
