Wave That Didnt Break

Captain Robert Engel

Wave That Didn't Break:

In the Break Jack Lopez, 2009-09-26 After Juan's best friend Jamie is faced with major family drama they decide to skip town until the situation cools down and go to Mexico in search of the perfect wave. Joined by Jamie's sister Amber the three of them embark on a road trip of a lifetime. Filled with love, loss, and surfing, Jack Lopez delivers a story as intense as catching the ultimate wave.

Wave-Riding into Therapy Matthew Stephen Kraus, 2019-11-23 A group of surfers ride waves at their local beaches and find cosmological explanations in elements of their sport. Over about twenty years as the wave riding is cosmologically described they show surfing instincts and practices. Doctor Charlton is a member of their coterie and he comments along the way. He and another doctor, Doctor Luther, who also rides waves therapeutically treat members of the group of surfers. But it is mostly Stoney who is the more serious case. Their wave riding continues. This book might be considered one of those one reads and puts on the shelf. Some parts are cosmological.

Northwest Sea Disasters Leif Terdal, John Keiter, 2005 Northwest waters off Oregon and Washington pose unique dangers to boaters. All of the navigable bars that a boater must cross to reach the ocean such as the Tillamook Bay Bar, the Columbia River, and Depoe Bay are hazardous. When a boat is in danger or actually sinks, the Coast Guard comes to the rescue. Search and rescue itself poses hazards, often times compounded by delayed or inaccurate distress calls from the captain. In addition, the captain may fail to provide timely communication and leadership to crew and passengers during the crises. This book reviews the sinking of five charter boats. Four of them, the Pearl, C Cougar, Gambler, and the Taki Too, accounted for the greatest loss of life in the charter boat industry in Oregon and Washington. Survivors of these charter boats provide vivid and dramatic accounts of the sinkings and search and rescue. We also review the sinking with the loss of life of the Aleutian Enterprise in the Bering Sea crab boats off the Oregon and Washington coast as well as the loss of the Sea King during a storm as it was being towed across the Columbia River bar. We focus on the human element in decision making during emergencies at sea and provide guidelines for boaters to consider their own experiences at sea with respect to safety. An understanding of the hazards on our Northwest waters are important to recreational boaters who go on their private boats to fish off shore.

DREAM William C. Troge, 2005-07-20 Everyone has dreams, but only a select few people have enough drive and dedication to make their dreams a reality. At the age of 18, William C. Troge, Captain Bill, to those who know him best, began working on his Dream, a twelve-foot-long sailboat he built himself from the ground up. He intended to break four world records by sailing around the world alone. Before his Dream could become a reality, Bill met a variety of people who would lend him their support. Eventually, he met a group of men willing to back his venture with their own kind of support, 50,000 worth. With his financing in place, Captain Bill set off on his amazing voyage, sailing out of Oyster Bay into the sunset just like he'd dreamed. The experience and the lessons learned at sea became a part of him; are still a part of him and shaped the man he was to become years later. His experiences are captivating and inspiring, creating a story meant to be shared with anyone who has ever had a

Surf Is Where You Find It Gerry Lopez,2013-10-06 Written by one of the most revered surfers of his generation Gerry Lopez s *Surf Is Where You Find It* is a collection of stories about a lifetime of surfing But more than that it is a collection of stories about the lessons learned from surfing It presents 38 stories about those who have been influential in the sport surfing anytime anywhere and in any way Lopez an innovator in stand up paddle one of the fastest growing water sports in the world now shares his stories about pioneering that sport Conveyed in Gerry s unique voice augmented with photos from his personal collection this book is a classic for surf enthusiasts everywhere **The Big Break** Cara Lockwood,2016-03-01 Sometimes you just have to dive in Since the tsunami nearly ended his career a year ago extreme surfer Kai Brady has kept a dark secret he s terrified to get back on his board With everything he s worked for on the line Kai needs a miracle and a kick ass trainer That miracle is single mom Jun Lee Jun Lee can see that the heartbreakingly gorgeous surfer who d selflessly rescued her son when disaster struck now needs to be saved himself But the attraction between them proves to be a force stronger than the ocean and just as dangerous *Sail Tales* Captain Robert Engel,2009-08-05 *Sail Tales* is about the adventures a humble sailboat owner had over the years So where does one start writing about these adventures You start at the beginning That beginning was in 1967 when I was helping a friend of mine Frank re build an old wooden boat that he had bought Frank took the whole boat apart and then rebuilt it from the frames up It was a sleek little craft and I found myself involved in his project Frank found a similar craft and with his promise of help I bought it I spent the whole winter and most of the spring doing the things that had to be done to the boat to get it ready for the summer of 69 I knew nothing about sailing But how hard could it be to learn I soon found out My sailing adventures started that summer I learned quickly that unlike a power boat a sailboat is not a craft that you get aboard turn a key and then drive it like a car You have to sail the boat You have to do what the wind lets you do You cant go directly where you want to go because the wind wont allow it You have to finesse you have be diplomatic you have to learn to tweak a sail rather than over trim Well I learned to get that sailboat from point to point I also learned that time on a sailboat is not the same as time on land and I learned this on my very first trip on my first sailboat That three hour trip ended up taking thirteen hours Read about it The time of a sailboat trip

can not be predicted If you need to get to a certain place at a certain time take a bus not a sailboat An afternoon trip has more than once become a late nighter Leave your watches ashore Thats what I tell everyone before they step foot aboard I dont know what time well be back but Im certain that we will be back My very first sailboat trip was not a late nighter but rather an early morning return Speaking of time How long does it take you to hang a calender on your wall You get a stick pin and put it through a hole in the calender and stick the pin in the cork board Thirty seconds It took me the better part of three hours to hang a calender on the boat First I had to get the tape from the old calender off the wall For this project I had to find the razor blade scrapper Then I had to run to the hardware store to get new blades for it The scrapper got the top layer of the tape off the wall but the sticky part of the tape just rolled up into little balls I had to go back to the hardware store for some solvent to get the sticky balls off the wall Then and only then was I able to re tape the new calender to the wall I have since put the scrapper in its place so I can find it next time I hope I remember that place Imagine what a project it is to install a new pedestal steering system or an new diesel engine Imagine the time it takes to make an old boat a safe craft a boat ready to sail and the keyword is safe It took me the better part of four years to make my Morgan 38 the boat I wanted it to be And notice Im not saying anything about the cost Thats another story And these are some of the stories I tell This is the third boat I have redone But it is the last boat that I will redo Im getting too old for this rebuilding stuff Parts of Sail Tales tells about projects such as what I have just described But the majority of the stories are about sailing trips where something happens If you are a sailor or if you own a sailboat sit back and try to remember trips that were dull and boring They dont pop into your mind But what does pop are the adventures the thrill of the wind that is blowing just a bit harder than you would like You remember the trips where the rail is in the water for most of the day and how you were able to keep the boat under control You remember the trips where there was no wind and the day became a motor day You remember entering an anchorage and finding someone there from your marina or someo Stranded in Paradise Boxed Set Elana
