*Nada Brahma, the World is Sound* Joachim-Ernst Berendt,1987      **The World is Sound** Joachim Ernst Berendt,1991

*Nada Brahma* Joachim Ernst Berendt,1987      Sacred Sound Alanna Kaivalya,2014-03-15 The mantra and kirtan call and response devotional chants of yoga practice sometimes get short shrift in the West because they aren't well understood. These chants are an integral part of most every Eastern spiritual practice because they are designed to provide access into the psyche while their underlying mythology helps us understand how our psychology affects daily life. Sacred Sound shares the myths behind the mantras illuminating their meaning and putting their power and practicality within reach of every practitioner. Each mantra and kirtan includes the Sanskrit, the transliteration and the translation. Clear retellings of the pertinent myths highlight modern day applications so that readers discover their own personal connection to the practice. Alanna Kaivalya has refined her teaching over a decade with tens of thousands of diverse audience members. Her unique and popular approach to human connection and self knowledge turns a time tested tradition into a versatile and potent tool.

*The Mysticism of Ordinary and Extraordinary Experience* Harry L. Serio,2021-04-12 We are so much more than we appear to be. The why of our existence is far more complex than the how of our being. Mysticism probes the hidden nature of who we are, why we are, and our relationship to our Creator. We catch glimpses of this not only in the ordinary experiences of life but also through extraordinary and unusual encounters with mystery. Mysticism is the awareness of our reality.      **The Yoga of Sound** Russill Paul,2010-08-02 For thousands of years Hindu spirituality has understood the profound effect that sound has on our well being. From this tradition comes The Yoga of Sound which draws on yoga's long history of applying sound to reduce stress, maintain health, and invoke spiritual awakenings. In lucid exercises presented both in the book and on accompanying downloadable audio tracks, Russill Paul shows how everyone can learn the art of mantra and how these practices can help to optimize the flow of energy within the body and enhance emotional well being.      **The Healing Forces of Music** Randall McClellan,2000 The Healing Forces of Music explores the shamanistic practices and musical cosmologies of the ancient world, the worlds of Eastern and Western classical forms, as well as contemporary resources. McClellan takes us into basic acoustics, the process of hearing, and the vibratory nature of the human body. He presents a healing method through cymatics, the effect of vibration on physical matter, and also systems of healing with sound, voice, and mantra. Tantric therapies and the utilization of the Endocrine Gland system and Chakra energies. He presents a thorough investigation of the physical, emotional, mental, and spiritual effects of music, the characteristics of healing music, procedures for using music as a healing agent, and advocates a new philosophy of music as a transcendent experience. Back cover      Gray Matter, Dark Matter, and Doesn't Matter Harry L. Serio,2024-06-25 The universe lies within humans. Gray matter contains each person's memories and enables the past to affect their future. What they remember shapes who they are. Who they are affects the cosmos. Every human being, regardless of how insignificant each may feel, has a part to play in God's Creation. Readers are

invited to explore the stories that help to make them who they are so that they may discover their own reason for being and their own place in the universe

**The Gods in Their Cities** Richard Leviton, 2006 A fresh look at the perennial reality of the gods and how they help humanity through the planet's sacred sites The gods live Though seemingly relegated to the archives of myth the gods of antiquity are still with us in the form of the Great White Brotherhood In fact what the ancients described as their pantheon are members of this is an august assembly of spiritually advanced beings based on the constellation of the Great Bear The Gods in Their Cities based on original clairvoyant research reveals that the Great White Brotherhood has numerous meeting places for humans throughout the planet's array of holy sites Seven different Great White Brotherhood types of geomantic locales are documented and all of them exist in multiple copies on Earth The Gods in Their Cities shows how myths of many cultures from the Irish to Sumerians are actually psychic maps to the planet's secret visionary terrain to the geomantic locales of the Brotherhood and how to successfully interact with them And it probes behind the mythic guises of the Ray Masters 14 select great Adepts involved with many aspects of Earth life and geomancy since the beginning including the true identity of Jesus Mary Magdalene the Virgin Mary and Merlin Merely our knowing that this esoteric Brotherhood and their interactive locales across the Earth exist can inspire confidence even certainty that reality and thus our planet culture and individual human lives have meaning and are purposeful
