The Yellowstone Wolf A Guide And Sourcebook

S.K. Robisch

The Yellowstone Wolf A Guide And Sourcebook:

The Yellowstone Wolf Paul Schullery, 2003 All royalties from sales of this book go to Yellowstone's wolf recovery project Few animals inspire such a mixture of fear curiosity and wonder as the wolf Highly regarded but often misunderstood the wolf has as many friends as enemies and its reintroduction into Yellowstone National Park has sparked both fascination and controversy Early in Yellowstone's history wolves were thought supernaturally evil and scores were destroyed Northern Rocky Mountain wolves were native to Yellowstone when the park was established in 1872 but predator control led to determined eradication and by the 1940s they were gone Amid much fanfare however wolves were reintroduced to one of the nation's oldest national parks in the 1990s This comprehensive reference documents the prehistory management and nature of the Yellowstone wolf Historian naturalist Paul Schullery has assembled the voices of explorers naturalists park officials tourists lawmakers and modern researchers to tell the story of what may be the most famous wolf population in the world This unique book includes numerous scientific studies of interest to wolf enthusiasts and scholars of western wildlife issues conservation and national parks In a new afterword Schullery discusses recent developments in the recovery project

Yellowstone Wolf: A Guide and Sourcebook, 2003-11-01 *The Yellowstone Wolf* Paul Schullery, 1996 Presents the history of the wolves of Yellowstone drawing upon writings and narratives from the past to show how attitudes and policies regarding the wolf have changed from advocating eradication to encouraging recovery of the predator's populations in the national park **Yellowstones Survival** Susan G. Clark, 2021-05-15 This book focuses on Yellowstone the park the larger ecosystem and even more so the idea of Yellowstone In presenting a case for a new conservation paradigm for the Greater Yellowstone Ecosystem GYE including Yellowstone National Park the book at its heart is about people and nature relationships This new paradigm will be truly committed to a healthy sustainable environment rich in other life forms and one that affords dignity for all humans and nonhumans The new story or paradigm must be about living such a commitment and future for GYE in real time The book presents a well developed theory for interdisciplinary problem solving that is grounded in practice **The Lost Wolves of Japan** Brett L. Walker, 2009-11-23 Many Japanese once revered the wolf as Oguchi no Magami or Large Mouthed Pure God but as Japan began its modern transformation wolves lost their otherworldly status and became noxious animals that needed to be killed By 1905 they had disappeared from the country In this spirited and absorbing narrative Brett Walker takes a deep look at the scientific cultural and environmental dimensions of wolf extinction in Japan and tracks changing attitudes toward nature through Japan's long history Grain farmers once worshiped wolves at shrines and left food offerings near their dens beseeching the elusive canine to protect their crops from the sharp hooves and voracious appetites of wild boars and deer Talismans and charms adorned with images of wolves protected against fire disease and other calamities and brought fertility to agrarian communities and to couples hoping to have children The Ainu people believed that they were born from the union of a wolflike creature and a goddess In the eighteenth century wolves

were seen as rabid man killers in many parts of Japan Highly ritualized wolf hunts were instigated to cleanse the landscape of what many considered as demons By the nineteenth century however the destruction of wolves had become decidedly unceremonious as seen on the island of Hokkaido Through poisoning hired hunters and a bounty system one of the archipelago s largest carnivores was systematically erased The story of wolf extinction exposes the underside of Japan s modernization Certain wolf scientists still camp out in Japan to listen for any trace of the elusive canines The quiet they experience reminds us of the profound silence that awaits all humanity when as the Japanese priest Kenko taught almost seven centuries ago we look on fellow sentient creatures without feeling compassion

Repairing Paradise William R. Lowry,2009-12-01 By the turn of the millennium it had become painfully apparent that the United States had made some serious misjudgments in its interactions with the natural world The country s treasured national parks while remaining immensely popular tourist destinations were not immune to the damage Preservation alone would no longer be enough by this time repair and restoration were necessary Can the United States reverse the mistaken policies that severely damaged the crown jewels of its national park system This thoughtful and hopeful book in turns analytical and personal investigates that critical question by focusing on four of America s most loved public paces In *Repairing Paradise* William Lowry an eminent expert on U S natural resource policy details and assesses four ambitious efforts to reverse environmental damage in the national parks The reintroduction of wolves in Yellowstone Reducing the impact of vehicle traffic in Yosemite Restoring fresh water to the Everglades Removing structural impairments to river flows in the Grand Canyon *Repairing Paradise* combines authoritative research with extensive personal experience Lowry has spent time in all four of the parks observing conditions talking to the most informed decisionmakers and taking photos He deftly combines his field research with solid public policy analysis to paint an instructive portrait of the mission to restore the natural health and glory of some of the world s most wondrous places

Wyoming Wildlife Paul Johnsgard, Tom Mangelsen, 2019-06-26 This book surveys Wyoming s mammal bird reptile and amphibian faunas In addition to introducing the state s geography geology climate and major ecosystems it provides 65 biological profiles of 72 mammal species 195 profiles of 196 birds 9 profiles of 12 reptiles and 6 profiles of 9 amphibians There are also species lists of Wyoming s 117 mammals 445 birds 22 reptiles and 12 amphibians Also included are descriptions of nearly 50 national and state properties including parks forests preserves and other public access natural areas in Wyoming The book includes a text of more than 150 000 words nearly 700 references a glossary of 115 biological terms nearly 50 maps and line drawings by the author and 33 black white photographs by Thomas D Mangelsen

Lewis and Clark among the Grizzlies Paul Schullery, 2002-06-01 Lewis and Clark s expedition was full of adventures but few were as exhilarating as their moments with grizzly bears The author has combed the journals to provide readers with Lewis and Clark s own words on the *Ursus* horrors and offers new insight into the role of the grizzly bear in this tale of Western exploration and discovery

Yellowstone Wolves in the Wild James C Halpenny, 2003-06-01 A dazzling

photographic and scientific portrait of how wolves are changing the very nature of Yellowstone Highly acclaimed for its accuracy and photography of wild wolves The book is breathtaking For anyone who has traveled to Yellowstone in recent years and seen the wolves this book is must reading National Wildlife Federation Outstanding and very accurate Halfpenny puts all the scientific research into common language He fills in with personal observations The stories really personalize what happened Ed Bangs Wolf Recovery Coordinator U S Fish Wildlife Service *Pukka's Promise* Ted Kerasote,2018-06-01 This guide by the author of *Merle's Door* is beneficial for anyone who wants to ensure that their dogs will be healthy and well Seattle Post Intelligencer From the bestselling author who offers the most utterly compelling translation of dog to human I have ever seen Jeffrey Masson this is a joyful chronicle of a dog and a groundbreaking answer to the question How can we give our dogs the happiest healthiest lives When Ted Kerasote was ready for a new dog after losing his beloved Merle who died too soon as all our dogs do he knew he wanted to give his puppy Pukka the longest life possible But how to do that So much has changed in the way we feed vaccinate train and live with our dogs from even a decade ago In an adventure that echoes *The Omnivore's Dilemma* with a canine spin Kerasote tackles these subjects questioning our conventional wisdom and emerging with vital new information that will surprise even the most knowledgeable dog lovers Can a purebred be as healthy as a mixed breed How many vaccines are too many Should we rethink spaying and neutering Is raw food really healthier than kibble and should your dog be chewing more bones Traveling the world and interviewing breeders veterinarians and leaders of the animal welfare movement Kerasote pulls together the latest research to help us rethink the everyday choices we make for our companions And as he did in *Merle's Door* Kerasote interweaves fascinating science with the charming stories of raising Pukka among his dog friends in their small Wyoming village Funny revelatory and full of the delights of falling in love with a dog *Pukka's Promise* will help redefine the potential of our animal partners *Interrogating Boundaries of the Nonhuman* Sune Borkfelt,Matthias Stephan,2022-05-23 *Interrogating Boundaries of the Nonhuman* Literature Climate Change and Environmental Crises asks whether literary works that interrogate and alter the terms of human nonhuman relations can point to new more sustainable ways forward Bringing insights from the field of literary animal studies a diverse and international group of scholars examine literary contributions to the ecological framing of human nonhuman relationships Collectively the contributors to this edited collection contemplate the role of literature in the setting of environmental agendas and in determining humanity's path forward in the company of nonhuman others *Yellowstone Science* ,2005 **Wolves and the Wolf Myth in American Literature** S. K. Robisch,2009 This book presents a new perspective on the role of the wolf in American literature The wolf is one of the most widely distributed canid species historically ranging throughout most of the Northern Hemisphere For millennia it has also been one of the most pervasive images in human mythology art and psychology *Wolves and the Wolf Myth in American Literature* examines the wolf's importance as a figure in literature from the perspectives of both the animal's physical reality and the ways in which writers

imagine and portray it Author S K Robisch examines more than two hundred texts written in North America about wolves or including them as central figures From this foundation he demonstrates the wolf s role as an archetype in the collective unconscious its importance in our national culture and its ecological value Robisch takes a multidisciplinary approach to his study employing a broad range of sources myths and legends from around the world symbology classic and popular literature films the work of scientists in a number of disciplines human psychology and field work conducted by himself and others By combining the fundamentals of scientific study with close readings of wide ranging literary texts Robisch astutely analyzes the correlation between actual living wolves and their representation on the page and in the human mind He also considers the relationship between literary art and the natural world and argues for a new approach to literary study an ecocriticism that moves beyond anthropocentrism to examine the complicated relationship between humans and nature *El-Hi Textbooks and Serials in Print* ,2006 **Wolves — Ecology, Conservation, and Management** Eli L. MacLaren,Canadian Circumpolar Institute,1997 A comprehensive annotated bibliography on wolves their ecology conservation and management Includes references contained in *Ecology and Conservation of Wolves in a Changing World* supplemented by references recovered through a search of various databases and personal collections *Royal Coachman* Paul Schullery,1999 From the writer Newsweek dubbed a gentle ironist comes a fresh and insightful collection of essays about the history and mystique of fly fishing **Annals of Wyoming** ,1996 **Backpackers' Sourcebook** Penny Hargrove,Noëlle Liebreinz,1987 **Wyoming History News** ,1997 *The Idaho Librarian* ,1999

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, **The Yellowstone Wolf A Guide And Sourcebook** . This immersive experience, available for download in a PDF format (PDF Size: *), transports you to the heart of natural marvels and thrilling escapades. Download now and let the adventure begin!
