Fernando Tola, Carmen Dragonetti

The Yoga Sutras Of Patanjali A New Edition Translation And Commentary:

The Yoga Sutras of Patañjali Edwin F. Bryant, 2015-01-27 A landmark new translation and edition Written almost two millennia ago Patajali's work focuses on how to attain the direct experience and realization of the purusa the innermost individual self or soul As the classical treatise on the Hindu understanding of mind and consciousness and on the technique of meditation it has exerted immense influence over the religious practices of Hinduism in India and more recently in the West Edwin F Bryant's translation is clear direct and exact Each sutra is presented as Sanskrit text transliteration and precise English translation and is followed by Bryant's authoritative commentary which is grounded in the classical understanding of yoga and conveys the meaning and depth of the sutras in a user friendly manner for a Western readership without compromising scholarly rigor or traditional authenticity In addition Bryant presents insights drawn from the primary traditional commentaries on the sutras written over the last millennium and a half *The Yoga Sūtras of Patañjali*, 2018

The Yoga-Sutra of Patañjali Patañjali, Georg Feuerstein, 1989-12 The landmark scripture on classical yoga these aphorisms by the sage Patañjali constitute a complete course in the philosophy of yoga and the attainment of self realization

The Yogasūtras of Patañjali on Concentration of Mind Fernando Tola, Carmen Dragonetti, 1987 Commentary with text of the Samadhi Pada the first part of the Yogasūtra of Patañjali **Contemporary Yoga and Sacred Texts** Susanne Scholz, Caroline Vander Stichele, 2024-09-10 This book explores the textual traditions that authorize the history legitimacy and authenticity of today's physical posture practice The volume focuses on why and how yoga communities have adopted various texts that they consider sacred or spiritually meaningful Among the texts discussed are Yogananda's Autobiography Sri Aurobindo's Savitri Patanjali's Yoga Sutra the Bhagavad Gita the Hatha Yoga Pradipika the Upanishads the Vedas and the Yogin Tantra Famous thinkers included are Aurobindo Yogananda Osho Rajneesh Sogyal Rimpoche Charles Johnston and Howard Thurman Offering a starting point the ten chapters address the nature selection and function of various ancient and contemporary texts read in contemporary yoga settings The attention centers on how and why texts are read and for whom they are read As yoga is practiced in ashrams yoga studios gyms meeting rooms and even private living rooms scholarly approaches to investigate the connections between yoga and texts are necessarily diverse This volume aims to inspire further scholarship on the reading of texts in past and present yoga communities The collection demonstrates that textual traditions deserve to be an important part of contemporary yoga scholarship The volume will therefore be of great interest to scholars of religious studies yoga studies and Asian studies as well as those studying sacred texts **The Ethics of Oneness** Jeremy David Engels, 2021-04-05 We live in an era defined by a sense of separation even in the midst of networked connectivity As cultural climates sour and divisive political structures spread we are left wondering about our ties to each other Consequently there is no better time than now to reconsider ideas of unity In *The Ethics of Oneness* Jeremy David Engels reads the Bhagavad Gita alongside the works of American thinkers Ralph Waldo Emerson and Walt Whitman Drawing on this

rich combination of traditions Engels presents the notion that individuals are fundamentally interconnected in their shared divinity In other words everything is one If the lessons of oneness are taken to heart particularly as they were expressed and celebrated by Whitman and the ethical challenges of oneness considered seriously Engels thinks it is possible to counter the pervasive and problematic American ideals of hierarchy exclusion violence and domination

Yoga Revolution Jivana Heyman,2021-12-07 It is time to address the dissonance between the often superficial way yoga is currently being practiced and the depth of yoga s ancient universal spiritual teachings In this clarion call to action Jivana Heyman offers a blueprint for cultivating a practice based in the ancient wisdom of the Bhagavad Gita and the Yoga Sutras in service of those experiencing exclusion and oppression Heyman illuminates the yogic mandate of seva or acts of service that see care for and uplift those around us as a way to serve the world without losing your way Through pose sequences practice prompts such as Embracing Failure and stories from yoga teachers who are implementing seva in their classes Heyman shows you what it means to serve how to serve and how to promote inclusivity through your service Our job says Heyman is not to clear our mind through yoga practice but rather to expand it so widely that it can embrace the entire universe

The Meditative Path to Health

Manmohan Chaturvedi,2025-06-10 This book by Dr Chaturvedi attempts to explore the intersection of two revolutionary scientific perspectives the placebo effect as a demonstration of the mind s healing capacity and telomere biology as a measurable indicator of cellular ageing and renewal By weaving these concepts together through the practice of meditation he delineates a pathway to not just manage stress or find momentary peace but potentially influence the very mechanisms that determine how our cells age and regenerate Meditation serves as a perfect bridge between the placebo effect and telomere biology because the mind body connection has been known to researchers for a long time and meditation is a known technique to influence mind in a deliberate manner When we integrate these scientific perspectives a new paradigm emerges the mind as medicine This isn t merely positive thinking or wishful visualization Rather it s the recognition that consciousness itself may be a biological force one that can influence gene expression modulate immune function regulate stress responses and potentially even affect how our cells age This perspective doesn t diminish the value of conventional medical treatments Instead it suggests that our internal mental environment creates a biological context that can either amplify or diminish the effectiveness of any intervention whether pharmaceutical surgical or lifestyle based The value of this book lies in suggesting meditation as a way of life to help us maintain a good physical and mental health using the emerging research findings in biology and psychiatry I wish this book a success in helping the reader towards a healthy and long life by adopting simple to practice lifestyle changes Dr Alok Pandey MD Psychiatry Dr Alok Pandey is a medical doctor specifically a psychiatrist based in Pondicherry He is a well known figure associated with the Sri Aurobindo Ashram He has a strong interest in Sri Aurobindo and the Mother s teachings particularly in the fields of yoga psychology education and health

Singapore, Spirituality, and the Space of the State Joanne Punzo Waghorne,2020-03-19 This book examines spirituality in Singapore showing how important the city state is for understanding contemporary global configurations of urban space religion and spirituality Joanne Punzo Waghorne highlights how the formal religious spaces temples churches and mosques have been confined to allotted sites on the map of Singapore whereas various spiritual organizations particularly of Hindu origins and headed by a guru still continue to operate as societies classified by the government with other clubs These unconventional religiosities are not confined but ironically make their own places meeting in ostensive secular venues high rise flats malls businesses and community centers thus existing in the overall space of religion commerce and the state The book argues that State of Singapore also operates between the secular and the religious constructing an overarching spatial regime that both

accommodates and yet rivals the alternate spheres that spiritual movements construct under its umbrella Both spatial configurations challenge the presumed relationships between myth and reality religion and commerce the ethereal and the concrete the sacred and the secular on the levels of self community and polity Singapore now deemed a model for urban development in Asia also offers an understanding of a new post secularity and perhaps reveals where the urbanized world is headed *The Yoga Sutras. English Yoga-sutra of Patanjali* Georg A. Feuerstein,Patanjali,1979 *Yoga Sutra of Patanjali: a New Translation and Commentary* ,1989 *Enlightenment* Maharishi Sadasiva Isham,Msi,2013-09-15 The Yoga Sutras of Maharshi Patanjali are an elegant description of the expansion of consciousness and the psychological emotional and physical transformations involved Many commentators have mistaken the sutras for steps to enlightenment believing it necessary to renounce normal life and force the mind into silence Nothing could be further from the truth This translation and commentary corrects this unfortunate distortion clearly revealing the power of the sutras to illuminate the nature of the Self and brings to light the true purpose and meaning of Patanjali s words The Yoga Sutras do not contain the actual techniques to achieve enlightenment but do describe what happens when proper tools are correctly applied The techniques themselves have always been passed on through personal instruction one enlivened heart to another **The O.E. Library Critic** ,1911 **The Yoga Sūtras of Patañjali** Christopher Key Chapple,Yogi Anand Viraj,1990 **The Yoga-Sutra of Patanjali** Chip Hartranft,2003-04-01 A classic work of Indian philosophy that succinctly spells out how the mind works and what is needed to attain liberation Compiled in the second or third century CE the Yoga Sutra is a road map of human consciousness and a particularly helpful guide to the mind states one encounters in meditation yoga and other spiritual practices It expresses the truths of the human condition with great eloquence how we know what we know why we suffer and how we can discover the way out of suffering Chip Hartranft s fresh translation and extensive lucid commentary bring the text beautifully to life He also provides useful auxiliary materials including an afterword on the legacy of the Yoga Sutra and its relevance for us today Calendar University of Calcutta,1929 Includes Examination Papers
