Medical and Health Care Books and Serials in Print, 1997 Subject Guide to Books in Print, 1997 Understanding Child Development Rosalind Charlesworth, 2000 Designed for students in early childhood education teacher preparation programs. *Understanding Child Development* gives a practical understanding of the young child from the prenatal period through age eight. It introduces the unique qualities of the young child as distinguished from older children and demonstrates how to work with young children in ways that correspond with their developmental level and social and cultural environment. Related to the child's development are current issues such as developmentally appropriate practice, development of early stages of reading, the role of technology in children's lives, the importance of brain development, and the factors relevant to children with special needs. These topics connect the text's content directly to problems adults will face when working with young children. Each section of the book contains critical social and cultural factors related to young children's development with much new information added in these areas, including socio-cultural aspects of family, school, and community, and material on learning theories and diverse cultures. Up-to-date critical developmental research and theory support the text. It includes helpful review questions, further reading, examples, observation checklists, and references to aid in the student's learning.

Families, Schools, and Communities Chandler Barbour, Nita Barbour, 2001 This book examines the connections between the home, schools, and communities in which children live and their influences on those lives. The authors' unique vision of school improvement suggests how to arrange teaching strategies and a situation-specific curriculum that is developmentally and culturally appropriate. It also emphasizes the necessity of including communities and families as equal partners with the schools. By weaving extensive demographic information with real-life stories, this book helps readers develop a full perspective regarding

child life Chapter topics include historical perspectives viewing family diversity parenting the child preschool experiences and out of home care responsibility for educating children curriculums of the home school and community models for parent school community partnerships and effective social settings for learning For parents and teachers and anyone who lives in a community and cares about its effects on the children who are growing up in it American Book Publishing Record ,2003
