The World Factbook 2013 Cias 2012 Edition:

The World Factbook, 2016 Unchaining Nations, Freeing People Pedro Henrique L. do Nascimento, Pedro Henrique Dias Alves Bernardes, Rodrigo Guerra Bergmann, 2014-08-01 Unchaining Nations Freeing People The development challenges of the contemporary world is composed of seven chapters with a common theme the analysis of vicious cycles that hampers the fully development of nations Each one of the articles approaches a topic of the current international political agenda including civil conflicts in Sub Saharan Africa and the case of the Central African Republic religious sectarianism and violence in Syria the corruption drug trafficking nexus press freedom middle income countries challenges on development the relation between gender and health access and the legal and social issues between state secularism and religious freedom **The World Factbook 2016-17** Government Publications Office, 2016-08-18 The World Factbook provides information on the history people government economy geography communications transportation military and transnational issues for 267 world entities The World Factbook Reference tab includes maps of the major world regions as well as Flags of the World a Physical Map of the World a Political Map of the World a World Oceans map and a Standard Time Zones of the World map This annual edition also covers information about country profiles and country comparisons It would make an excellent and useful resource for world geography research papers and international relations classes that may study the people history and communication patterns of other countries Military Soft Power Carol Atkinson, 2014-06-26 The military has long been associated with hard power yet it is engaged in public diplomacy as it represents the U S abroad and facilitates the diffusion of ideas Military Soft Power examines one such aspect of U S public diplomacy how the United States extends its influence or soft power worldwide through military educational exchange programs hosted by the United States elite military schools its war and staff colleges The presence of international officers at U S military schools is substantial yet very little is known about the long term impacts of these exchanges This study shows how the exchanges build personal and professional networks that then serve as important conduits of ideas between the United States and other countries These networks help to improve interoperability between the U S military and its partner nations and to extend U S influence through military soft power rather than through hard power This is an alternative bottom up view of how military organizations can influence political processes and decisions through the development of cross border communities of military professionals This involves a two step model of socialization First individuals military officers are socialized by a large political institution the U S through its war and staff colleges Second these individuals function as idea entrepreneurs bringing new ideas beliefs and practices home with them There is a need for policies and programs that help countries successfully transition from authoritarian governance to democratic rule as well as countries undergoing democratic revolutions and those seeking more gradual change Exchange programs are one pathway in which an important group of citizens military officers and their families can experience the everyday functioning of democratic practices and institutions

This unique survey provides timely insights into the important political impacts of military exchange programs and how military institutions and their personnel influence international politics beyond simply being used as an instrument of coercion The World Factbook 2013 Central Intelligence Agency,2014-01-30 By intelligence officials for intelligent people
