Ocean of Attainments ,2024-04-16 This commentary on Guhyasamaja tantra is the seminal guide to deity yoga and tantric visualization for the Geluk school of Tibetan Buddhism Ocean of Attainments was composed by Khedrup J Gelek Palsang 1385 1438 one of Tsongkhapa Losang Drakpa s most prominent disciples Its subject is the creation stage a quintessential Buddhist tantric meditation that together with the completion stage comprises the path of unexcelled tantra The Guhyasamaja Tantra referred to as the king of all tantras is revered in Tibet especially by the Geluk school for its hermeneutic methods which are in turn applied to other tantras In the creation stage meditators visualize themselves as buddhas at the center of the celestial mandala surrounded in all directions by male and female bodhisattvas and enlightened beings Since the core of the practice is visualization this meditation perhaps more than other meditations presumes the creative power of the mind Visualizations form the basis not only of the creation stage and deity yoga but of all tantric practices and rituals since tantric practice takes place not in mundane existence but in the illusion like purity of the enlightened view While the previously published Essence of the Ocean of Attainments is a concise exposition on the practice of the Guhyasamaja sadhana Ocean of Attainments is much more detailed providing extensive scriptural citations clear explanation of the body mandala arguments on points of contention reference to other tantric systems and critiques of misinterpretations Complemented by the extensive and clear introduction this volume is a vital contribution to the growing body of scholarship on Guhyasamaja and on Buddhist tantra in general [Searching for the Body](#) Rae Erin

Dachille,2022-10-25 In the early fifteenth century two Tibetan monks debated how to transform the body ritually into a celestial palace inhabited by buddhas The discussion between Ngorchen K nga Zangpo and Kh drupj G lek Pelzangpo concerned the mechanics of this tantric ritual practice known as body mandala as well as the most reliable sources to follow in performing it As representatives of the Sakya and emerging Geluk traditions respectively these authors spoke for

communities of Buddhist practitioners vying for patronage and prestige in an evolving Tibetan scholastic culture Their debate witnessed clashes between imagination and deception continuity and rupture and tradition and innovation Searching for the Body demonstrates the significance of the body mandala debate for understandings of Tibetan Buddhism as well as conversations on representation and embodiment occurring across the disciplines today Rae Erin Dachille explores how Ngorchon and Kh drup used citational practice as a tool for making meaning arguing that their texts reveal a deep connection between ritual mechanics and interpretive practice She contends that this debate addresses strikingly contemporary issues surrounding interpretation intertextuality creativity essentialism and naturalness Buddhist ideas about the construction of meaning and the body offer new ways of understanding representation which Dachille illuminates in an epilogue that considers Glenn Ligon s engagement with Robert Mapplethorpe s photography By placing Buddhist thought in dialogue with contemporary artistic practice and cultural critique Searching for the Body offers vital new perspectives on the transformative potential of representations in defining and transcending the human

Buddhist Magic Sam van Schaik, 2020-07-28 A fascinating exploration of the role that magic has played in the history of Buddhism As far back as we can see in the historical record Buddhist monks and nuns have offered services including healing divination rain making aggressive magic and love magic to local clients Studying this history scholar Sam van Schaik concludes that magic and healing have played a key role in Buddhism s flourishing yet they have rarely been studied in academic circles or by Western practitioners The exclusion of magical practices and powers from most discussions of Buddhism in the modern era can be seen as part of the appropriation of Buddhism by Westerners as well as an effect of modernization movements within Asian Buddhism However if we are to understand the way Buddhism has worked in the past the way it still works now in many societies and the way it can work in the future we need to examine these overlooked aspects of Buddhist practice In Buddhist Magic van Schaik takes a book of spells and rituals one of the earliest that has survived from the Silk Road site of Dunhuang as the key reference point for discussing Buddhist magic in Tibet and beyond After situating Buddhist magic within a cross cultural history of world magic he discusses sources of magic in Buddhist scripture early Buddhist rituals of protection medicine and the spread of Buddhism and magic users Including material from across the vast array of Buddhist traditions van Schaik offers readers a fascinating nuanced view of a topic that has too long been ignored

Tsongkhapa and other great Yogis Geshe Kelsang presents an authoritative and comprehensive guide to the four classes of Tantra in general and to the generation and completion stages of Highest Yoga Tantra in particular The Vajrayana path is like a vehicle that takes us directly to our final destination and the common paths are like the road on which the vehicle travels Therefore to extract the greatest essence from this precious human life by attaining full enlightenment we need first to train in the common paths of Lamrim and then in the uncommon Vajrayana paths Geshe Kelsang Gyatso *Tantra* Tashi Tsering, 2012-07-03 There are a great many books now available describing the complex rituals and esoteric significance of the ancient practices of Buddhist tantra But none take the friendly helpful approach of Geshe Tashi Tsering's Foundation of Buddhist Thought series Understanding the many questions Westerners have upon first encountering tantra's colorful imagery and veiled language Geshe Tsering gives straight talk about deities initiations mandalas and the various stages of tantric development He even goes through a simple tantric compassion practice written by the Dalai Lama using it to unpack the building blocks common to all such visualization techniques Tantra is a fitting conclusion to the folksy and practical wisdom in the Foundation of Buddhist Thought series **Buddhist Tantra** Lalan Prasad Singh, 2010

Shrichakrasambhāra Tantra 'Phags-pa Blo-gros-rgyal-mtshan, 1919 **The Dawn of Tantra** Herbert V. Guenther, Chogyam Trungpa, 2001-11-13 Westerners wanting to know about tantra particularly the Buddhist tantra of Tibet often find only speculation and fancy Tibet has been shrouded in mystery and tantra has been called upon to name every kind of esoteric fantasy In *The Dawn of Tantra* the reader meets a Tibetan meditation master and a Western scholar each of whose grasp of Buddhist tantra is real and unquestionable This collaboration is both true to the intent of the ancient Tibetan teachings and relevant to contemporary Western life **Principles of Buddhist Tantra** Mathew Varghese, 2008 Description This work is a textual based discourse on the Cittavisuddhi prakarana of Aryadeva a seminal text which describes the principle and philosophy of Buddhist Tantra The dispute on the question of Tantric meditative practices having any philosophical foundation or whether those practices have been introduced into the ethico religious praxis of various religious traditions as a later introduction is a continuing discussion In this work it is trying to prove that the introduction of Tantra into Madhyamika philosophy is a natural development and it is proved beyond doubt by reviewing an important work in the Buddhist tradition written by Aryadeva the Cittavisuddhi prakarana The unique dialectical method introduced and used by the Madhyamikas to interpret their philosophy and the conception of *offunyatd* is the guiding principle in this regard Madhyamika envisages that the conception of *sunyata* can be interpreted as the proper understanding of the insubstantial nature of object of the world *dharma nairatmya* and the insubstantial nature of the subjective self which perceives such objects of the world *pudgala nairatmya* The dialectics advanced by the Madhyamika is efficient in deconstructing the substantiality of the phenomenal world of objects but that is effectively possible only after reconstructing the notion of a substantive self using Tantric spiritual practices The *sunyata* as the conception of *dharma nairatmya* is achieved through

reconstructing the substantive notion of the phenomenal world using dialectics while it as the conception of pudgala nairatmya is achieved using Tantric spiritual practices
