The Zohar Pritzker Edition Vol 3:

John's Gospel and the Formula Behind the Myth of Jesus Greg O'Shea, 2016-01-01 John's Gospel and the Formula behind the Myth of Jesus is about a set of ideas that largely dictated the form and content of John's Gospel and profoundly influenced the three Synoptic Gospels. Far from the simple narrative it seems to be, John's Gospel is a highly complex work geared to the depiction of Jesus as a type of cosmic figure. To this end, its author draws on astrology, the annual cycle of Jewish festivals, symbolism taken from the Qabalah, and a section of Genesis. The book examines clues that Qabalah and Hellenistic astrology were already in existence at the time of writing of Genesis. John's Gospel and the Formula behind the Myth of Jesus also looks at evidence that the true nature of John's Gospel has been known for some time. Reaching Out Henri J. M. Nouwen, 2013-11-20 With the clarity and depth characteristic of the classics, this spiritual bestseller lays out a perceptive and insightful plan for living a spiritual life and achieving the ultimate goal of that life: union with God. Nouwen views our spiritual ascent as evolving in three movements. The first, from loneliness to solitude, focuses on the spiritual life as it relates to the experience of our own selves. The second, from hostility to hospitality, deals with our spiritual life as a life for others. The final movement, from illusion to prayer, offers penetrating thoughts on the most mysterious relationship of all: our relationship to God. Throughout, Nouwen emphasizes that the more we understand and not simply deny our inner struggles, the more fully we will be able to embrace a prayerful and genuine life that is also open to others. Needs. Reaching Out is a rich book to be read, reread, pondered, and shared with others. It does not offer answers or solutions. Nouwen cautions but is written in the conviction that the quest for an authentic Christian spirituality is worth the effort and the pain, since in the midst of this quest we can find signs offering hope, courage, and confidence. **The Catholic Periodical and Literature Index**, 2006 *Kabbalistic Manuscripts and Textual Theory* Daniel Abrams, 2010 *Kabbalistic Manuscripts and Textual Theory* uncovers the unstated assumptions and expectations of scribes and scholars who fashioned editions from manuscripts of Jewish mystical literature. This study offers a theory of kabbalistic textuality in which the material book, the printed page, no less than handwritten manuscripts, serves as the site for textual dialogue between Jewish mystics of different periods and locations. The refashioning of the text through the process of reading and commenting that takes place on the page, in the margins, and between the lines blurs the boundaries between the traditionally defined roles of author, reader, commentator, and editor. This study shows that kabbalists and academic editors reinvented the text in their own image as part of a fluid textual process that was nothing short of transformative. This book is certainly monumental, offering in its seven hundred pages a wealth of documentation and distilled argument that manages to be both comprehensive in its materials and transparent in its critical insights. It is rare indeed that a work of such formidable scholarship can actually be a pleasure to read and convincing in its elucidation of what are often extremely complex documentary circumstances and editorial traditions.
