The Arts of Imprisonment Leonidas K. Cheliotis, 2016-12-05 The arts spanning the visual design performing media musical and literary genres constitute an alternative lens through which to understand state sanctioned punishment and its place in public consciousness Perhaps this is especially so in the case of imprisonment its nature its functions and the ways in which these register in public perceptions and desires have historically and to some extent inherently been intertwined with the arts But the products of this intertwinement have by no means been constant or uniform Indeed just as exploring imprisonment and its public meanings through the lens of the arts may reveal hitherto obscured instances of social control within or outside prisons so too it may uncover a rich and possibly inspirational archive of resistance to them This edited collection sheds light both on state use of the arts for the purposes of controlling prisoners and the broader public and the use made of the arts by prisoners and portions of the broader public as tools of resistance to penal states The book also includes a number of chapters that address arts in prisons programmes making distinctive contributions to the literature on their philosophy formation operation effectiveness and research evaluation as well as taking care to explore the politics surrounding and underpinning these multiple themes

Drama and Curriculum John O'Toole, Madonna Stinson, Tiina Moore, 2009-03-17 Here s a knocking indeed says the Porter in Shakespeare s Scottish play Act II Scene 3 and immediately puts himself into role in order to deal with the demands of such an early call

after a late night of drinking and carousal If a man were porter of hell gate But what roles does the porter of curriculum gate take on in order to deal with drama s persistent demands for entry Ah that depends upon the temperature of the times We who have been knocking for what seems to be a very long time know well that when evaluation and measurement criteria are demanded as evidence of drama s efficacy an examiner stands as gatekeeper When the educational landscape is in danger of overcrowding we meet a territorial governor And how often has the courtesan turned out to be only a tease because the arts are for a brief moment in the spotlight for their abilities to foster out of the box thinkers In this text we meet these commissionaires and many more The gatekeeping roles and what they represent are so familiar that they have become clichés to us We know them by their arguments ripostes dismissals their brief encouragement and lack of follow up And we know that behind each one however firmly they think they keep the keys is a financial and political master whose power controls the curriculum building and everything in it
