Magisterial makes you suddenly see new things in familiar books brilliant analyses of a dozen or so front runners in the Great American Novel sweepstakes Michael Dirda Virginia Quarterly Review The idea of the great American novel continues to thrive almost as vigorously as in its nineteenth century heyday defying more than 150 years of attempts to dismiss it as amateurish or obsolete In this landmark book the first in many years to take in the whole sweep of national fiction Lawrence Buell reanimates this supposedly antiquated idea demonstrating that its history is a key to the dynamics of national literature and national identity itself The dream of the G A N as Henry James nicknamed it crystallized soon after the Civil War In fresh in-depth readings of selected contenders from the 1850s onward in conversation with hundreds of other novels Buell delineates four scripts for G A N candidates and their themes illustrated by such titles as *The Scarlet Letter* *The Great Gatsby* *Invisible Man* *Uncle Tom's Cabin* *Beloved* *Moby Dick* and *Gravity's Rainbow* works dwelling on topics from self-invention to the promise and pitfalls of democracy The canvas of the great American novel is in constant motion reflecting revolutions in fictional fashion the changing face of authorship and the inseparability of high culture from popular As Buell reveals the elusive G A N showcases the myth of the United States as a nation perpetually under construction Engaging and provocative ultimately affirms the importance of literature to a nation's sense of itself Sarah Graham Times Literary Supplement Rich in critical insight Buell wonders if the GAN isn't stirring again in surprising new developments in science fiction An impressively ambitious literary survey Booklist starred review *Roots Matter* Paula Owens Parker, 2016-07-15 *Roots Matter* recognizes the impact of transgenerational trauma as a result of chattel slavery on the African American community It emphasizes the importance of discovering the silent stories those that were overlooked and ignored unearthing the secret stories those that were intentionally covered up and being attentive to the reverberations of the severed stories of slavery and how they influence family history and family members Interrupting the transference of generational trauma through mourning forgiveness and prayers for healing accelerates the transference of generational resilience Through celebration and blessing the fortitude courage and determination in the family narrative moves current and future generations toward healing and wholeness *Roots Matter* prunes the family tree of trauma the silent secret and severed stories that stunt the

Literature and Literary Theory Henry Louis Gates, Jr, 2016-08-19 The imaginative literature of African and Afro American authors writing in Western languages has long been seen as standing outside the Western literary canon In fact however black literature not only has a complex formal relation to that canon but tends to revise and reflect Western rhetorical strategies even more than it echoes black vernacular literary forms This book first published in 1984 is divided into two sections thus clarifying the nature of black literary theory on the one hand and the features of black literary practice on the other Rather than merely applying contemporary Western theory to black literature these critics instead challenge and redefine the theory in order to make fresh stimulating comments not only on black criticism and literature but also on the general state of criticism today **The Cambridge History of African American Literature** Maryemma Graham, Jerry W.
