Themes and Transformations in Old Testament Prophecy Samuel A. Meier, 2009-04-21 Sam A Meier explores a number of facets of Old Testament prophecy such as their relation to the divine council the manner of revelation the poetry and prose of the prophets and the prophets relationships with kings It examines the features of each and notes their transformation over time particularly between the pre exilic and post exilic periods **Biblical, Traditional, and Theological Framework for Understanding Christian Prophetism in Ghana Today** Daniel Nii Aboagye Aryeh, 2019-01-03 The basis for this project is to verify and determine the extent to which contemporary prophetic ministry in Ghana appropriates prophetism in the early church Corpus Paulinum and traditional prophetism in Ghana The spirit of prophecy which was believed to have ceased in Judaism and during the intertestamental period has now been restored at the inauguration of Christianity Notwithstanding Paul gave stipulations for prophets and prophecy in the church in 1 Corinthians 14 This confirms that prophecy was a common phenomenon in the early church and Pauline communities Contemporary prophetic ministry in Ghana claimed to have conformed to Pauline stipulations concerning prophets and prophecy in the church but what is their level of conformity Contemporary prophetic ministry is becoming popular due to its appeal and compatibility with religious worldviews and its pragmatic outlook that resonates with the Ghanaian phenomenon of religion As an adherent of the Akan traditional religion would go to a religious intermediary for ebisa literally to inquire or ask into present or future happenings contemporary prophets have positioned themselves to be agents of ebisa in Ghanaian Christianity This book explores biblical and traditional understandings of prophetism that have influenced contemporary Christian understanding of prophets and prophecy in the church **The Law, The Prophets, and The Writings** Andrew M King, Joshua M Philpot, William R Osborne, 2021-07-05 In The Law the Prophets and the Writings eighteen evangelical scholars analyze the Old Testament through a historical literary and theological hermeneutic providing new insights into the meaning of the Scriptures **The Non-Israelite Nations in the Book of the Twelve** Daniel Timmer, 2015-08-11 In The Non Israelite Nations in the Book of the Twelve Daniel Timmer offers the first comprehensive survey of the nations in the Minor Prophets The study approaches this important but highly diverse theme through the lens of conceptual coherence and demonstrates the interrelation of synchronic holistic and diachronic compositional approaches After exploring the theme in each of the individual books of the Twelve and noting the varying degrees of coherence evident in each case Timmer brings his findings to bear on contemporary understandings of the Twelve as a collection arguing for the theme s coherence across the collection on the basis of each book s unique treatment of the nations **Habakkuk** Heath A. Thomas, 2018-07-17 The book of Habakkuk has much to teach us about suffering and complaint faith and fear and the fidelity of God in times of trouble it generates reflection on prayer peace violence and faithfulness In this volume one of the few commentaries examining Habakkuk by itself Heath Thomas explores this overlooked Old Testament prophet in order to hear God s word for

us today **New Theologies of the Old Testament and History** Petr Sláma, 2017 In this book Old Testament theologies written in the last two centuries are scrutinized with special regard to their relation to history History as a way of making sense and finding one's orientation out of the past is discussed A distinction between emic taken from within a literary work and etic taken from outside of a literary work perspectives is suggested as an important criterion for understanding any Old Testament theology Series Contributions to the Understanding of the Bible Beitr ge zum Verstehen der Bibel Vol 33 Subject Bible Studies Religious Studies Protestantism Old Testament Major Bible Themes Lewis Sperry Chafer, John F. Walvoord, 1974 Examines fifty two biblical doctrines that are relevant to the contemporary religious scene including the Holy Spirit the nature of the Church and the second coming of Christ *Old Testament Introduction* Robin Routledge, 2016-07-21 The Old Testament is part of the canon of Christian Scripture and as such has continuing significance for the church However the writings are set within a different historical era a different culture and a different religious context To understand the Old Testament in a meaningful way it must be read against its historical cultural and theological background Here Robin Routledge enables readers to engage with the text He discusses date authorship the writer's intention and purpose and significant textual issues key scholarly approaches to the text including historical critical and literary approaches To help us comprehend and interpret the Old Testament and so apply it to current belief and praxis Routledge includes an overview of exegetical and hermeneutical approaches He also offers some guidance through the maze of new treatments and terminology The volume provides specific introductions to the sections and books of the Old Testament following the canonical order of the Hebrew text In addition Routledge notes key distinctive issues and points to sources for further study The author's hope is that this volume will not only aid students but will also benefit others who want to take the Old Testament seriously and to apply its message to the life and ministry of the church today Scholarly and lucid Old Testament Introduction is designed especially for those who want to understand how to read the Old Testament as Christian Scripture while doing justice to its nuances and enormous diversity I commend it warmly Gordon McConville Professor of Old Testament Theology University of Gloucestershire **Choice** , 2009 **Inspiration and Revelation in the Old Testament** Henry Wheeler Robinson, 1956 Messianic prophecy: a critical study of the messianic passages of the Old Testament Charles Augustus Briggs, 1886 The Growth and Contents of the Old Testament Charles Foster Kent, 1925
