Theologia Iii Hermeneutiek Van Het Oude Testament:

The Kābôd of Yhwh in the Old Testament P. de Vries, 2015-11-24 In this study on the k b d of YHWH biblical texts are approached from a canonical perspective and the synchronic approach prevails over the diachronic Ben Sira characterized Ezekiel as the prophet who saw the appearance of the glory of God This characterization is not based on the number of occurrences of k b d in Ezekiel The peculiarity of Ezekiel is that k b d is used almost exclusively as a hypostasis of YHWH Ezekiel s description of the k b d of YHWH is more elaborate than any other Old Testament writer s and it highlights the dual and paradoxical nature of the divine k b d as both defying verbal description and being potentially visible This research highlights especially the importance of the visible aspect Missionalia ,1992 Contains abstracts of missiological contributions book reviews and articles Semitics ,1970 The Land of Israel in Bible, History, and Theology Jacques Ruiten, Jacobus Cornelis De Vos, 2009 This book deals with many aspects of the land of Israel In the first part the emphasis is on descriptions of the land in Joshua and other books of the Hebrew and Greek Bible In the second part the focus shifts to the land in history and theology reception history of biblical texts dealing with the land archaeology of Palestine and theological hermeneutical implications of taking the land traditions of the Bible seriously The result is a rich collection of articles on one of the main themes of the Old Testament a theme that has a fascinating although not always unproblematic reception history

John Calvin's Exegesis of the Old Testament David L. Puckett, 1995-01-01 For anyone who wishes to understand the historical tensions that existed in Calvin s time with regard to the interpretation of scripture this book will be of great value For those who wish to understand Calvin s actual method of exegetical reasoning a largely unmined source of information that reveals what he most valued as an exegete this book will be invaluable Religion in Southern Africa ,1981 Studia catholica ,1950 **Union Catalog of the Graduate Theological Union** Graduate Theological Union. Redemptive-Historical Hermeneutics and Homiletics Yung Hoon Hyun, 2015-04-14 This book focuses on redemptive historical hermeneutics and homiletics within New Testament theology This is a valuable legacy of the Reformed tradition despite differences in interpreting and preaching Bible texts that surfaced in Holland 1920s and 1930s and the United States 1970s onwards before influencing Korean Reformed churches The background origin distinctiveness and development of these theological debates is explored and evaluated before the features of redemptive history in Korea are identified The influence of Western redemptive historical scholars on the Korean debate are also analyzed Here is a major and contemporary contribution to reformed historical hermeneutics and homiletics that is relevant for Korean Reformed churches but also for all Reformed churches worldwide Interpretation ,1950 **Vicissitudes of Reformed Theology in the Twentieth Century** George Harinck, Dirk van Keulen, 2020-01-13 Preliminary Material George Harinck and Dirk van Keulen Introduction George Harinck and Dirk van Keulen Swiss Reformed Theology in the Twentieth Century Christian Zangger Reformed Theology in Germany in the Twentieth Century Georg Plasger A Christianized Society according to Reformed
