Theosophia Arthur Versluis, 1994 Traces a long hidden esoteric stream in Christianity and discovers a powerful gnostic spirituality Theosophia Inner Wisdom Helena Petrovna Blavatsky, et al., 2019-03-10 Theosophy is the renaissance of ancient spiritualism Theosophy is Archaic Wisdom Religion as taught by Masters and Magi Sages and Hierophants Prophets and Philosophers to the Elect undisguised by symbols It is Spiritual Knowledge reasoned out and corroborated by personal experience Diogenes La rtius traces Theosophy to an epoch antedating the dynasty of the Ptolemies But in fact Theosophy is much older It is the parent stem of Archaic Wisdom The term was revived in the 3rd century AD by Ammonius Saccas the Alexandrian Socrates of Neo Platonism teacher of Plotinus and founder of the Eclectic Theosophical System Briefly Eclectic Theosophy asserts that 1 Humanity is a periodic emanation from a single noetic essence and 2 When by exertion and merit a mortal soul activates its latent faculties and potencies it can be re connected with its immortal noetic origin and source Hence the Buddhistic Vedantic and Magian or Zoroastrian systems were taught in the Eclectic Theosophical School along with all the philosophies of Greece It was Theosophy which prompted such men as Hegel Fichte and Spinoza to take up the labours of the old Grecian philosophers and speculate upon the One Substance the Deity the Divine All proceeding from Divine Wisdom And it was Theosophy that made it possible for great thinkers such as Plotinus Schelling and Emerson to reflect upon man s divine ancestry What Theosophy is and is not By looking inwards at the noumenal worlds and causes Theosophy is Esoteric Science par excellence Exact Science is only concerned with phenomenal worlds and effects Esoteric Science corroborates Nature s metaphysics and Divine Laws Exact Science Its physics and natural laws In Its fruition Theosophy is Inner Knowledge about the divinity of Cosmos and Man and a noetic progression from the known and knowable to the unknown and otherwise unknowable And as such It lies at the root of every moral philosophy religion and science Theosophy is the world s tree of knowledge and sum total of all sciences Sophia is the accumulated wisdom of Divine Beings from the beginning of time who have willingly accepted the harshness and drudgery of sentient life to help their toiling brothers Theosophy is not a religion It is but an analytical science the ally of every honest religion Being the culmination and practical demonstration of the Truths underlying every creed Theosophy is compatible with every religion It believes in no miracle whether divine or devilish and cherishes no anthropomorphic concepts whether gods or demons Theosophy discriminates between finite animal man and Infinite Divine Man and differs from the Vedantin doctrines It is not even esoteric religion Every old religion is but a chapter or two of the entire volume of archaic primeval mysteries Eastern Occultism alone being able to boast that it is in possession of the full secret with its seven keys In other words Theosophy is Religion itself Loyalty to Truth is Its creed Brotherhood of all beings not just men Its noble aim Theosophy is Inner Wisdom or Divine Knowledge It is at the heart of all religions and philosophies from the earliest time to the present day embracing all domains of mundane knowledge and human endeavour Yet It is a practical and an ethical philosophy ever transcending self

imposed boundaries to expand consciousness and to dispel lingering doubts In short Theosophy is Supernal Philosophy Wisdom s True Love not mere verbiage It is a philosophy to live by Metaphysically Theosophy is the accumulated testimony and wisdom of the ages Theosophy is not knowledge of a God It is knowledge of gods Celestial Knowledge a shoreless ocean of Everlasting Truth Love and Impartiality monistic through and through By seeking the One Truth its allied with the ideals of every seeker of Truth To fully define Theosophy we must consider it under all its aspects By means of Its Golden Precepts those who are intellectually and ethically fit might gain insights of the inner world of being There mystics can see past present and future as in a mirror Theosophy wakes up and frees the Heavenly Man from the clutches of Its outer shadow so that He can live for others here on Earth unconstrained by his earthly jailer forgetting himself in the midst of the many selves in the words of a Philaletheian Ethically Theosophy is unconditioned love for humanity and for all that lives Theosophy is philanthropy par excellence unconditioned and unreserved love for our fellow human beings and for all that lives in thought and deed It alone can restore hope and instil responsibility in a world suffocating from ignorance and its own misdeeds by mediating between egotism and altruism Even the great Law of Harmony depends on altruism Theosophy s aim and noble mission is to establish a community of spiritual thinkers who by studying Its precepts and enriching everyday life with Its exalted ethics can bring about a peaceful realignment of mainstream thought as a matter of urgency Warnings to aspirants Those who do not enter inner life in the Spirit of Brotherhood Those who try to degrade a noble philosophy into a den for immorality Those who are ignorant of the dangers of psychic powers And specially those who have already pledged to live for the World Beware Only purity of deed and thought can raise you to the company of your Divine Self *TheoSophia's Wisdom School: The Magic of Healing Revealed* Cynthia Creed,2021-09-20 You have spiritual gifts and are lost on how to use them What if you could learn not only what your gifts are but at the same time learn how to use them to heal yourself and others TheoSophia s Wisdom School is your guide upon your journey giving you a deeper understanding about what healing is all about and how and why it works Author and healer TheoSophia Rose has worked over the last 29 years with thousands of clients and has founded and held multiple healing schools all around the country since 1994 In this book you will Discover why your heart is the foundation of healing Learn personal development for the inquisitive soul Learn the art of spiritual protection Explore why the unveiling of your gifts is all about perception Learn all about energy hygiene **TheoSophia's Wisdom School** Theosophia Rose,2024-10-09 Synopsis You have spiritual gifts and are lost on how to use them What if you could learn not only what your gifts are but at the same time learn how to use them to heal yourself and others You will learn what it takes to begin to heal yourself and others TheoSophia takes you on a journey within yourself and the relationship to others You will experience the excitement of learning things about yourself that you have never known She gives you the tools to the greatest journey of your life Autobiography TheoSophia Rose is a Spiritual Mentor Teacher Natural Healer and holds a PhD of Philosophy in Conscious Studies Her personal studies have taken her from the Mountains of Mount Shasta to

Vernacular Theology Eliana Corbari, 2013-01-30 This book examines the audiences and languages of Dominican sermons in late medieval Italy It is a thorough analysis of how Latinate theological culture interacted with popular religious devotion In particular it assesses the role of vernacular theology Eliana Corbari defines vernacular theology as a form of theology that is based neither on a Latin scholastic model nor a monastic one It is a third dimension of theology which was accessible to the laity and in particular women through their attendance at sermons and the reading of vernacular devotional works in this case medieval Italian treatises and sermons Through painstaking manuscript work Corbari makes an excellent contribution to sermon studies, gender studies, medieval theology and codicology She demonstrates that Dominican friars preached to an active contingent of laywomen, usually members of confraternities who not only attended these sermons but re-read them and also disseminated them through book production to the wider Florentine community

Constantine and the Divine Mind Kegan A. Chandler, 2019-12-18 Constantine's conversion to Christianity marks one of the most significant turning points in the epic of Western civilization It is also one of history's most controversial and hotly debated episodes Why did Constantine join a persecuted sect When did he convert And what kind of Christian did he ultimately become Such questions have perennially challenged historians but modern scholarship has opened a new door towards understanding the fourth century's most famous and mysterious convert In *Constantine and the Divine Mind* Chandler offers a new portrait of Constantine as a deeply religious man on a quest to restore what he believed was once the original religion of mankind, monotheism By tracing this theological quest and important historical trends in Roman paganism Chandler illuminates the process by which Constantine embraced Christianity and how the reasons for that embrace continued to manifest in his religious policies In this we discover not only Constantine's personal religious journey but the reason why Christianity was first developed into a world power

Madame Blavatsky against Spiritualism Helena Petrovna Blavatsky, 2020-06-12 There are Spirits and Spirits High Planetary Spirits who have been human beings millions of ages since and upon other besides our own planet there are the illusionary appearances of these projected upon the intra-psychic screen of our mediumistic hence confused perceptions and

there are seers and mediums as there are great men of science willing and sincere but ignorant tyros Spiritualism has spawned almost as many books as a herring does eggs There can be no spiritual intercourse either with the souls of the living or the dead unless it is preceded by self spiritualization the conquest of selfishness and the unfoldment of the nobler powers within us Spiritualism and Theosophy are mere opinions and beliefs and nothing more They can no more claim to be regarded as facts than any other emotional belief for the facts of one will be delusion in the eyes of the other Spiritualists and Theosophists fully agree that there are higher and pure spirits outside the realm of our physical senses But they entirely disagree as to the nature and causal agency of communicating intelligences The disembodied spirits instead of having become the wiser for being rid of the physiological impediments and the restraints of their gross material senses would seem to have become far more stupid far less perspicacious and in every respect worse than they were during their earthly life As nations became restricted by their own tongue the once universal Mystery Language is being gradually denied to subsequent generations While the disciples of Eastern Occultism are trying to purify matter Western Spiritualists are striving to degrade spirit Spiritualists and Theosophists travel along a parallel if not quite identical path Yet to those bereft of a metaphysico spiritual vocabulary Eastern Occultism will remain impassable to the babel tower of modern thought caused by ignorance of the true meaning of words and their synonyms a skin deep learning leading to mistaken notions and the tendency of elevating misconceptions to the dignity of dogmas If people would stop speculating and would simply stick to substantiated fact truth would be more readily attained in each and every case Truth stands higher than any earthly consideration ever will Let each of us show our facts and give our explanations and let those who are neither Occultists Spiritualists nor sceptics adjudicate between the contestant parties The world must learn at last under the penalty of falling back to superstitious beliefs in the biblical devil why such phenomena do so happen and to what cause or causes they are to be attributed New Dispensation is the latest folly of dogmatic Christianity We are not acquainted with a god who thinks plots rewards punishes and repents The only god whom we serve is humanity and our only cult is love of our fellow man This our religion and dogma Men have done their best to replace the solar rays with the false glare of error and fiction none more so than the bigoted narrow minded theologians and priests of every faith the sophists and perverters of the Spirit of Truth Parsifal is the theatrical representation of good and evil in a supreme struggle It is our universe saved through atonement it is sin redeemed through grace and the triumph of faith and charity Thus far Pilate s What is truth has never been sufficiently answered to the satisfaction of narrow minded sectarians The Theosophical Society upholds and advocates only corroborated facts and Truth and nothing but the Truth whencesoever and from whomsoever it may come Our views have to stand or fall upon their own merit since we claim neither divine revelation nor infallibility We will not serve Truth and Falsehood at the same time Our policy is war to death to every unproved dogma superstition bigotry and intolerance **Didyma** Joseph Eddy

Fontenrose,1988-01-01 **The Key to Theosophy** H. P. Blavatsky,2022-05-29 H P Blavatsky s The Key to Theosophy serves

as a foundational text for understanding the esoteric philosophy of Theosophy blending Eastern and Western spiritual traditions through a distinct literary style that is both didactic and conversational Through a series of dialogues Blavatsky elucidates complex metaphysical concepts such as karma reincarnation and the nature of the divine making them accessible to readers unfamiliar with occult philosophy She employs rich allegorical language presenting Theosophy not simply as a belief system but as a comprehensive worldview addressing fundamental human questions This work emerged in the late 19th century a period of burgeoning interest in spiritualism and mysticism situating it within a vibrant socio cultural context marked by intellectual exploration and religious syncretism H P Blavatsky a pioneering figure in the Theosophical Society drew upon her extensive travels and studies in Eastern philosophies to produce this significant work Her own life experiences including encounters with various spiritual traditions and figures shaped her understanding of metaphysics and the interconnectedness of all life providing the impetus for her synthesis of diverse spiritual ideas into a cohesive philosophy The Key to Theosophy is not just for those engaged with the esoteric it invites all seekers of truth to explore the deeper dimensions of existence Whether a novice in spiritual inquiry or a seasoned philosopher readers will find profound insights stimulating their intellectual curiosity and inspiring personal evolution in their spiritual journeys *The Quest for the Phoenix* Hereward Tilton, 2012-10-24 The author presents with this intellectual biography of the Lutheran alchemist Count Michael Maier an academic study of western esotericism in general and to the study of alchemy and rosicrucianism in particular The author charts the development of Maier s Hermetic worldview in the context of his service at the courts of Emperor Rudolf II and Moritz of Hessen Kassel The problem of the nature of early Rosicrucianism is addressed in detail with reference to Maier s role in the promotion of this serious jest in the years immediately prior to the outbreak of the Thirty Years War The work is set in the context of ongoing debates concerning the nature of early modern alchemy and its role in the history of Western esotericism
