Imperial Wine Jennifer Regan-Lefebvre, 2024-04-23 A fascinating and approachable deep dive into the colonial roots of the global wine industry *Imperial Wine* is a bold rigorous history of Britain's surprising role in creating the wine industries of Australia South Africa and New Zealand Here historian Jennifer Regan Lefebvre bridges the genres of global commodity history and imperial history presenting provocative new research in an accessible narrative This is the first book to argue that today's global wine industry exists as a result of settler colonialism and that imperialism was central not incidental to viticulture in the British colonies Wineries were established almost immediately after the colonization of South Africa Australia and New Zealand as part of a civilizing mission tidy vines heavy with fruit were symbolic of Britain's subordination of foreign lands Economically and culturally nineteenth century settler winemakers saw the British market as paramount However British drinkers were apathetic towards what they pejoratively called colonial wine The tables only began to turn after the First World War when colonial wines were marketed as cheap and patriotic and started to find their niche among middle and working class British drinkers This trend combined with social and cultural shifts after the Second World War laid the foundation for the New World revolution in the 1980s making Britain into a confirmed country of wine drinkers and a massive market for New World wines These New World producers may have only received critical acclaim in the late twentieth century but *Imperial Wine* shows that they had spent centuries wooing and indeed manufacturing a British market for inexpensive colonial wines This book is sure to satisfy any curious reader who

savors the complex stories behind this commodity chain

historical nonfiction with travel books for fans of Bill Bryson and Tony Horwitz In Pursuit of Jefferson is the story of an American on a journey through Europe following the epic trail of Thomas Jefferson A controversial founding father A man ready for a change And a completely unique trip through Europe In 1784 Thomas Jefferson was a broken man Reeling from the loss of his wife and stung from a political scandal during the Revolutionary war he needed to remake himself To do that

he traveled Wandering through Europe Jefferson saw and learned as much as he could ultimately bringing his knowledge home to a young America There he would rise to power and shape a nation More than two hundred years later Derek Baxter a devotee of American history stumbles on an obscure travel guide written by Jefferson Hints for Americans Traveling Through Europe as he s going through his own personal crisis Who better to offer advice than a founding father himself Using Hints as his roadmap Baxter follows Jefferson through six countries and countless lessons But what Baxter learns isn t always what Jefferson had in mind and as he comes to understand Jefferson better he doesn t always like what he finds In Pursuit of Jefferson is at once the story of a life changing trip through Europe an unflinching look at a founding father and a moving personal journey With rich historical detail a sense of humor and boundless heart Baxter explores how we can be better moving forward only by first looking back
