Recover the Original Text of the New Testament? David Alan Black, Abidan Paul Shah, 2023-10-06 In recent decades the traditional definition of the original text of the New Testament NT has shifted from seeking one singular text to seeking a number of texts Instead of one authorial text now it is claimed that it could be one of several different texts based on their locations in the history of transmission preauthorial authorial canonical and postcanonical These distinctions were first listed by Eldon Epp in his article The Multivalence of the Term Original Text in New Testament Textual Criticism as predecessor autographic canonical and interpretive text forms It is apparent that with such changing definitions of the original text of the NT text critics are ambivalent regarding reaching the traditional goal of NT textual criticism Instead attention is now given towards hypothesizing regarding the emergence of the variant readings Furthermore any attempt towards utilizing text critical principles to reach the original text is looked upon as being out of date and pointless All such shifting definitions of the original text and the ensuing claims have far reaching consequences for biblical faith and praxis In this work three different scholars will present their methodologies for retrieving the original text of the NT No matter how each of the presenters evaluates the text critical evidence it is obvious that they all believe in the inerrancy and retrievability of the NT text **An Introduction to the New Testament** David A. deSilva, 2018-09-25 This comprehensive New Testament

introduction not only outlines historical social cultural and rhetorical contexts but it also points students preparing for ministry to relevant facets of biblical interpretation Brimming with maps photos points of interest and aids to learning this beautiful full color second edition of an established textbook is the first choice for those who want to integrate scholarship and ministry **The Oxford Handbook of Pauline Studies** Matthew V. Novenson, R. Barry Matlock, 2022-03-10 The

Oxford Handbook of Pauline Studies brings together a diverse international group of experts on the apostle Paul It examines the authentic texts from his own hand other ancient texts falsely attributed to him the numerous early Christian legends about him and the many meanings that have been and still are made of these texts to give a twenty first century snapshot of Pauline Studies Divided into five key sections the Handbook begins by examining Paul the person a largely biographical sketching of the life of Paul himself to the limited extent that it is possible to do so It moves on to explore Paul in context and Pauline Literature looking in detail at the letters manuscripts and canons that constitute most of our extant evidence for the

apostle Part Four uses a number of classic motifs to describe what modern experts describe as Pauline Theology and Part Five considers the many productive reading strategies with which recent interpreters have made meaning of the letters of Paul It is demonstrated that reading Paul is not and never has been just one thing It has always been a matter of the particular questions and interests that the reader brings to these very generative texts The Oxford Handbook of Pauline Studies thoroughly surveys the state of Pauline studies today paying particular attention to theory and method in interpretation It considers traditional approaches alongside recent approaches to Paul including gender race and ethnicity and material culture Brought together the chapters are an ideal resource for teachers and students of Paul and his letters

HOAX of Biblical Proportions Edward Hendrie,2023-12-22 Satan knows that God has promised to preserve his words found in the Holy Scriptures so it would be futile for him to try to destroy them Thus Satan s strategy is to obscure God s words by flooding the world with counterfeit Bibles That way he can flimflam people into reading his corrupt Bibles instead of God s infallible Scriptures The devil can then lead men astray from the true gospel This book will prove that the Authorized King James Version of the Holy Bible is given by inspiration of God It will reveal how Satan is using profane Bible versions to divert the world away from God s inspired Holy Scriptures The changes in the new Bible versions are not merely cosmetic for ease of reading as claimed by the publishers they change doctrine The new Bible versions have demoralized churches by proclaiming a different Jesus and a different gospel from what is in God s inspired King James Holy Bible

Changing the Goalpost of New Testament Textual Criticism Abidan Paul Shah,2020-10-02 Before the 1960s the goal of New Testament Textual Criticism was singular to retrieve the original text of the New Testament Since then the goalpost has incrementally shifted away from the original text to retrieving any text or many texts of the NT Some scholars have even concluded that the original text is hopelessly lost and cannot be retrieved with any confidence or accuracy Other scholars have gone a step further to claim that the idea of an original text itself is a misconception that needs to be abandoned If this new approach in NTTC is correct then the authority of Scripture is weakened or no longer valid It will be shown in this book that such is not the case Furthermore emphasis will be placed on the need to return to the traditional goalpost of NTTC i e to retrieve the original text Without a generally definitive text the door will be left wide open to recreate any desired text of the NT An unsettled original text will result in an unsettled biblical theology due to a lack of any authoritative and standard text Consequently it will lead to an unsettled Christian faith and practice

The New Testament, Its History and Message Willem Cornelis Unnik,1964 **One Bible Only?** Roy E. Beacham, Kevin T. Bauder, Pastors and church members alike are in need of solid sensitive answers to the ongoing questions they confront in ministry regarding the KJV and the veracity of modern translations of the Bible This honest examination of the King James Only position offers a balanced and scholarly presentation of the issues based on the biblical and historical evidence
