The Theology Of The Cross Nph Impact Series:

The Theology of The Cross Daniel M Deutschlander, 2008-01-01 What did Jesus mean when he said Take up your cross and follow me The Bible teaches that Jesus Christ is the true center of our salvation Through a deep and powerfully written examination of Scripture author Daniel Deutschlander demonstrates that without Jesus sacrifice on the cross we would be lost However because of Jesus death and resurrection we now have the promise of eternal life in heaven with him That changes everything for us The Theology of the Cross will also remind you that since Jesus first loved you it is now your joy to take up your own cross daily and follow him What does that look like for you This book answers that questions and points you to our Savior s cross which empowers you to live each day for him Here s what people are saying about this book The theology of the cross is a matter of urgent practical concern for every Christian Beginning with the words of Jesus commanding us to deny ourselves and take up our cross and follow him Professor Deutschlander shows how the path of self denial repentance difficulty and struggle is the only place where the gospel reveals its true glory and bears its fruit in our lives Professor Joel D Fredrich Martin Luther College New Ulm Minnesota This book warns us of Satan s efforts to turn us from Christ to ourselves It comforts us with the assurance that the cross of Christ leads to heavenly glory Professor James F Korthals Wisconsin Lutheran Seminary Mequon Wisconsin

Theology of the Cross for the 21st Century Garcia L. Alberto, 2001-01-01 This book is a collection of essays that explore the significance of Martin Luther s theology of the cross within the context of the various world religions and philosophies Each contributor describes and interprets this distinctive Lutheran understanding of grace with the worldview of a major tradition or system The writing is scholarly yet accessible for the discerning lay reader Readers develop a renewed appreciation for the richness of the cross and the ways Luther s insights speak to different contexts

The Cross in Our Context Douglas John Hall, 2003 In this small gem of theological reflection North America s foremost theologian of the cross offers a profound and compelling contemplation on the relevance of the church s most fundamental confession Hall ponders what confessing Jesus as crucified means in today s context one that is postmodern pluralistic multicultural and in some respects post Christian A digest of his monumental trilogy this book lays out in brief compass the heart of Hall s theology of the cross contrasting it sharply with the theology of established Christianity showing how it reframes classical Christology and soteriology and drawing the implications for what it means to be human for

Christian ethics and for the church **Meeting God on the Cross** Arnfríður Guðmundsdóttir, 2010 The cross of Christ has proven to be no less of a stumbling block for Christians living in the end of the twentieth century and the beginning of the twenty first than it was in the first century when the newly established community of friends and followers of Jesus Christ sought to define the foundation of their faith over against the critiques of their Jewish and Greek contemporaries This book presents a theological reception of the contemporary feminist challenge to classical christology by means of an explicit feminist retrieval and reconstruction of a theology of the cross Gudmundsdottir argues that a feminist theology of the cross serves a dual purpose in feminist christology it discloses the patriarchal distortion of traditional christology and can also reveal lost dimensions in the understanding of the person and work of Jesus Christ Although Gudmundsdottir argues that feminist critique is an indispensable element of contemporary christology she also claims that there is a redemptive message in the cross of Christ that is retrievable for women today Despite its potential for abuse and indeed its well documented history of misuse against women in the past a theology of the cross proclaims Jesus as a divine co sufferer who brings good news to the poor and oppressed and as such can be a source of healing and empowerment for suffering women The constructive task of this book is to show that a theology of the cross can indeed become a theology of hope today offering women meaning and strength from a God who takes human form and enters redemptively into their situations of suffering

Cross in Tensions Philip Ruge-Jones, 2008-08-08 Description Luther s theology of the cross is a direct critique of oppressive power relationships in his day Luther s early thought challenges specific economic political social ideological and religious power dynamics the cross confronts those who enjoy power prestige pomp and profits at the expense of the poor Ruge Jones maps the power relationships that Luther s theology addressed and then turns to specific works that challenge established structures of his world Luther s Latin texts undermine the ideological assumptions and presumptions that bolstered an opulent church and empire Luther uses the cross of Christ to challenge what he called *volatilem cogitatum* knowledge that is prone to violence His German writings directed to a broader more popular audience focus this critique of human pretensions into an attack on systems of wealth status and power that refuse to look with compassion upon poor Mary or upon the many domestic servants of Germany God has respected the ones whom the world disrespects and has thus entered the world to turn it upside down Also in the German writings the Lord s Supper calls the powerful to enter into solidarity with the poor suffering people to whom Christ has given himself Finally in his popular pamphlets visual images show with graphic specificity that throughout his life Christ sought out solidarity with the least These images contrast brutally with images of a church that has sold its soul to wealth political influence military power and status Endorsements Candor and precision conjoined with a lucid exposition of complex historical arguments is what the reader will be treated to in Philip Ruge Jones Cross in Tensions The book engages the development of the early Luther s theology of the cross and its various interpretations with poignant care for the pain of the world while being in compassionate and hopeful solidarity with

those who moved and shaken endure the cross in all its tensions gruesomeness and intentions Vitor Westhelle author of *The Scandalous God* Philip Ruge Jones makes an interesting and thoughtful contribution to the contemporary scholarly literature on Martin Luther's theology of the cross by offering a contextually informed analysis of the Reformer's thought He places Luther's writings into their contexts and clarifies the impact of those contexts on the Reformer's works Ruge Jones is not only sensitive to Luther's context however Ruge Jones is a Euro North American who has lived in South America and whose theological perspectives have been profoundly impacted by Latin American Liberationist thought particularly the notion of the preferential option of the poor He views the theology of the cross as a theology that points to the crucified Christ as God's ultimate self revelation and that is liberating good news to the poor and marginalized Hence he celebrates Luther as a true theologian of the cross whenever the Reformer and his writings advocate for the poor and he criticizes Luther as a theologian of glory whenever the Reformer uses his writings to support those in power and to oppress the common people Kurt K Hendel Bernard Fischer Westberg Distinguished Ministry Professor of Reformation History Lutheran School of Theology at Chicago About the Contributor's Philip Ruge Jones is Associate Professor of Theology at Texas Lutheran University in Seguin Texas He is the author of *The Word of the Cross in a World of Glory* 2008 **Theologia Crucis** Robert Cady Saler, 2016-10-04 Recovery of Paul and Luther's theology of the cross has been an enduring legacy of twentieth century theology and in our own day the topic has continued to expand as more and more global voices join the conversation The array of literature produced on the cross and its theological significance can be overwhelming In this readable and concise introduction Robert Saler provides an overview of the key motifs present in theologians seeking to understand how the cross of Jesus Christ informs the work of theology ministry and activism on behalf of victims of injustice today He also demonstrates how theology of the cross can be a lens through which to understand crucial questions of our time related to the nature of beauty God's redemption and the forces which seek to overwhelm both Ranging from Luther and Bonhoeffer to James Cone and feminist theologians Saler makes this literature accessible to all who wish to understand how the cross shapes Christian claims about God and God's work on behalf of the world *Cruciformity* Michael J. Gorman, 2001-07-17 Most studies of Paul concentrate solely on his theology This book breaks new ground by focusing on the source and nature of Paul's spirituality Taking his cue from Paul's express desire to know nothing but Christ crucified Michael Gorman shows how Paul's personal experience of God constantly intersects with the story of the cross an event that both reveals the cruciform character of God and shapes believers into a community of cruciformity conformity to the crucified Christ Expertly combining biblical studies and theological reflection this noteworthy volume presents a model of the Christian life marked by faith love power and hope *The Theology of the Cross in Historical Perspective* Anna M. Madsen, 2007-01-01 The theology of the cross is indisputably a trendy concept today Numerous seminars books and dissertations tackle the topic But *The Theology of the Cross in Historical Perspective* demonstrates that theology of the cross is no passing fancy Theologies of the cross appear

at the beginnings of the church in the sixteenth century reformation of the church and in the more contemporary modernization of the church Without theologies of the cross what the church is called to be and to preach becomes unclear So then what is the theology of the cross Anna Madsen surveys the theology of the cross in the thinking of Paul and Luther She also outlines several important twentieth century contributions to the subject On the basis of her analysis Madsen suggests that the theology of the cross reveals God to be found even in death In death after all boundaries disappear The theology of the cross assures Christians that God is present in the death of sin and in the realities of suffering and uncertainty Given that it announces God's presence the theology of the cross is ultimately a theology of grace freedom and trust

Why the Cross? Donald Senior, 2014-11-18 The meaning of Jesus's execution on a Roman cross is one of the most divisive issues in contemporary theological discourse because issues related to the goodness of God and the place of suffering in the Christian life are at stake Although it is important to locate that discussion in the context of the range of New Testament perspectives on the soteriological significance of the cross it is also important that we recover the meaning of the cross as a metaphor for discipleship In the end the event of Jesus's death cannot be understood apart from the character of his life This book will contribute to New Testament studies but also serve related discussions in theology and Christian formation

Reframing New Testament Theology is a series that fulfills the need for brief substantive yet highly accessible introductions to central questions and themes raised by study of the New Testament A significant defining question will serve as the point of departure and will frame the discussion Students will be drawn into an active theological engagement with the New Testament and related materials by the subsequent analysis

The Cross in Christian Tradition Elizabeth Dreyer, 2000 For the past two thousand years the cross has been a powerful symbol of the Christian faith and an anchor of its symbol system In this volume a group of distinguished scholars delves into the theologies and spiritualities of the cross at select moments in the tradition They examine biblical texts and commentaries lectionaries liturgical poetry sermons and theological spiritual treatises in Paul the early liturgy Origen Augustine and Bonaventure Each chapter provides a window into how particular contexts influenced the interpretation of the cross and how the cross functioned in each unique historical moment Originally presented at Saint Mary's College these papers offer a fresh and distinctive approach to the literature on the cross The authors' historical perspective points to the tradition as a transforming agent for theology and spirituality today

Contributors Elizabeth A Dreyer Jerome Murphy O'Connor Nathan D Mitchell Peter J Gorday John Cavadini Here is a book that will interest liturgists and Christian educators university and seminary students and members of religious orders Although scholarly in tone can be read with profit by adult educated Christians as well

The Scandalous God Vitor Westhelle, 2006-10-18 A rich and detailed examination of the historical and theological dimensions of the Cross

The Glory of the Cross Mahesh Chavda, Bonnie Chavda, 2021-02-16 Walk in the victory that defined the lives of the apostles and the early church it s still possible today Spiritually the single most powerful moment in history is the death and resurrection of Jesus Christ Often that which is the cornerstone and centerpiece of the Christian faith has been reduced to something many believers assume they grasp understand or have figured out It s as if we think the cross is elementary in our understanding of Christianity Yet it s applying The Glory of the Cross that grants us access into the very depths of intimately knowing and experiencing God Almighty The cross makes it possible for you to apply the victory of Jesus over every area of life that His death and resurrection impacted Mahesh and Bonnie Chavda pastors of All Nations Church and leaders of Chavda Ministries provide dynamic teaching coupled with miraculous stories of how applying the glory of the cross grants you access to supernatural miracles divine healing encounters with the Holy Spirit reconciliation to God understanding of your spiritual identity applying the power of Jesus blood six keys to victory in spiritual warfare and so much more When Jesus died on the cross a supernatural explosion of glory was released sending shock waves throughout the entire human experience Jesus death and resurrection were cataclysmic events that impact more than your eternal destiny they can change every moment of your life today

Jesus and the Cross Peter Laughlin, 2014-08-12 According to the Nicene Creed Christ died for us and for our salvation But while all Christians agree that Christ s death and resurrection has saving significance there is little unanimity in how and why that is the case In fact Christian history is littered with various accounts of the redemptive value of Christ s death and new models and motifs are constantly being proposed many of which now stand in stark contrast to earlier reflections How then should contemporary articulations of the cross s saving significance be judged At the heart of this book is the contention that Christian reflection on the atonement is faithful inasmuch as it incorporates the intention that Jesus himself had for his death In a wide reaching study the author draws from both classical scholarship and recent work on the historical Jesus to argue that not only did Jesus imbue his death with redemptive meaning but that such meaning should impact expressions of the cross s saving significance

The Wisdom and Power of the Cross Richard Viladesau, 2020-09-17 The Wisdom and Power of the Cross is the fifth and final entry in Richard Viladesau s well regarded series on the theology of the cross from the historical crucifixion of Jesus to the present day Continuing his analysis of theological history through cultural contexts this volume correlates theoretical approaches with artistic representations showing the relation of theoretical to imaginative approaches The Wisdom and Power of the Cross examines modern and contemporary thought and images which look at the cross in the light of modern historical and scriptural studies science and the novelties of modern

and post modern art and music Viladesau here considers how the passion of Christ has been thought about by theologians and portrayed by artists in the modern world Contemporary art and music reveal the lasting power of traditional images of the passion as well as new possibilities for expression The Wisdom and Power of the Cross surveys both traditional approaches to soteriology and revisionist theologies that take up the challenge of the meaning of the cross today in light of critical historical studies and modern science providing new understandings of traditional concepts like original sin and redemption Through his in depth exploration of the interweaving of aesthetic and conceptual theology Viladesau once more deepens our understanding of the foremost symbol of Christianity and its role in salvation history A Christian Theology of the Cross Allen George, 2010-07-29 A CHRISTIAN THEOLOGY OF THE CROSS presents three basic standards for discussing the subject and object God It underscores the connection between God s approval of Abel s offering and the establishment of the priesthood and names Genesis 4 7 as the foundation of the principal doctrines of Christian Salvation It stresses the importance of Christian freedom and argues that the doctrine of existentialism is rooted in Genesis 4 9b This book speaks directly to those who are spiritually hungry and thirsty for the Word of God in the twenty first century The reader will discover that the author is an analytical thinker George asserts that the ambiguities of Abel s offering don t negate the concept of his priesthood He champions the belief that the doctrine of the universality of salvation is a crucial divide between Judaism and Christianity He insists that the Gospel demands that Christians renounce their hate and intolerance Triumph Through Failure John J. Navone SJ, 2014-11-10 We confront failure in all levels of our humanity There is failure in the use of the gifts of the earth the unlimited exercise of intelligence the enjoyment of freedom and in the acceptance of the call of an infinite God The failure to achieve fulfillment at any one of these levels may contribute to a particular frustration that may destroy the wholesome harmony necessary for happiness In a period of utopian ideologies and theologies this book may serve as a reminder that we do fail and that our faith does not promise that we shall not fail Yet precisely because we experience failures we find cause for hope and deliverance outside ourselves This is the theology of the cross triumph through failure
