The Trials Of The Core Guardian Of The Core:

The Trials of the Core Michael E. Thies, 2022-09-02 The system of Gladonus is unlike any other. It is home to Creatures of Legend, all powerful gods and goddesses, lost Ancients, reclusive First Bloods, and the Guardian of the Core. All life flows in and out of the system. Should it cease, the universe ceases to exist as well. That is why it is the Guardian's duty to protect the system at all costs. However, his time is coming to a close, and he needs to hold Trials to select his next apprentice. A haughty yet competent prince, Hydro Paen, longs to seize the Power of the Guardian and show to everyone who has doubted him that he is worthy of his lineage. Under the guidance of his uncle, orphan Eirek Mourse, participates, hoping only to survive such Trials and having no idea how he was even accepted in the first place. And a tactician, Zain Berrese, always living in the shadow of his stepbrother's accomplishments, wants to prove that he is capable of overcoming his haunted past and excelling further than his rivals. None of these participants, however, know that the Trials will pit them against others who are just as conniving, talented, and motivated to win. None of them know that the Trials will test them in ways unimaginable. And none of them know that by participating, it might mean the rendering of their identity and the forfeiting of their lives. With their lives and identities on the line, will one of these would-be heroes find the inner strength and wisdom to emerge a champion and impress the Guardian before the system collapses? A perfect sci-fantasy story for those who love *Game of Thrones*, *Hunger Games*, and *Eragon*. Buy today and experience the Trials for yourself. **The Hunt for Lost Souls** Michael E.

Thies, 2022-12-20 The Curse of Pirini Lilapa has once again sown discord throughout the system. In its wake, the Twelve gods are sealed and scattered throughout the system, leaving nations on the brink of war and rulers left to fend for themselves. Looking beyond their disputes, Guardian Eska is forced to unleash the Hown as he searches for the largest threat to the system: Hydro Paen and the strange necklace he bears. The system's most wanted man, Hydro, makes a deal that allows him to evade the Hown pursuing him. But what has he sacrificed in return, and how long can he outrun the system's most highly trained trackers and fighters? By a stroke of luck, Zain Berrese escapes Zigarda's Web along with his father, and what remains of his troops. Driven by the need to halt a war and save those he loves, Zain must outmaneuver attempts to recapture him all while he questions his choices, his future, and his purpose. Finally understanding his birthright, Eirek Mourse is determined more than ever to earn Guardian Eska's trust. But how can he focus on his training when the system lingers on the precipice of total collapse, and he might be the only one who can save it?
