The True History Of Paradise A Novel:

The True History of Paradise Margaret Cezair-Thompson, 2009-07-14 It is 1981 Jean Landing secretly plans to flee her beloved Jamaica the only home her family has ever known a place now rife with political turmoil But before she can make her final preparations she receives devastating news Lana her sister is dead The country's state of emergency leaves no time to arrange a proper funeral Even Jean's mother Monica who hadn't spoken to Lana in more than a decade cannot fully embrace her grief The tragedy only underscores Jean's need to leave an island that holds no promise of a future Her harrowing journey to freedom across a battered landscape takes Jean through a terrain of memories of her childhood with a detached mother at odds with an adoring father of her complex bond with Lana and of the friends and lovers who have shaped and shared her days Epic in scope *The True History of Paradise* poignantly portrays the complexities of family and racial identity in a troubled Eden *The Caribbean Novel Since 1945* Michael Niblett, 2012-02-16 How fiction its forms and its evolution reflect countries in the midst of postcolonial change

The Pirate's Daughter Margaret Cezair-Thompson, 2008-08-05 WINNER OF THE ESSENCE LITERARY AWARD IN FICTION In 1946 Hollywood's most famous swashbuckler Errol Flynn arrived in Jamaica in a storm ravaged boat After a long and celebrated career on the silver screen Flynn spent the last years of his life on a small island off the Jamaican coast where he fell in love with the people the paradisiacal setting and the privacy and brought a touch of Tinseltown glamour to the West Indian community Based on those years *The Pirate's Daughter* imagines an affair between the aging matinee star and Ida a beautiful local girl Flynn's affections are unpredictable but that doesn't stop Ida from dreaming of a life with him especially after the birth of their daughter May Margaret Cezair Thompson weaves stories of mothers and daughters fathers and lovers country and kin into this compelling dual generational coming of age tale of two women struggling to find their way in a nation wrestling with its own independence **The**

Journal of Caribbean Literatures, 2000 **Taking Flight** Jennifer Donahue, 2020-07-23 Caribbean women have long utilized the medium of fiction to break the pervasive silence surrounding abuse and exploitation Contemporary works by such authors as Tiphonie Yanique and Nicole Dennis Benn illustrate the deep rooted consequences of trauma based on gender sexuality and race and trace the steps that women take to find safer ground from oppression *Taking Flight* examines the immigrant experience in contemporary Caribbean women's writing and considers the effects of restrictive social mores In the texts examined in *Taking Flight* culturally sanctioned violence impacts the ability of female characters to be at home in their bodies or in the spaces they inhabit The works draw attention to the historic racialization and sexualization of black women's bodies and continue the legacy of narrating black women's long standing contestation of systems of oppression Arguing that there is a clear link between trauma shame and migration with trauma serving as a precursor to the protagonists emigration Jennifer Donahue focuses on how female bodies are policed how moral racial and sexual codes are linked and how the enforcement of social norms can function as a form of trauma Donahue considers the relationship between trauma shame

and sexual politics and investigates how shame works as a social regulator that frequently leads to withdrawal or avoidant behaviors in those who violate socially sanctioned mores Most importantly Taking Flight positions flight as a powerful counter to disempowerment and considers how flight whether through dissociation or migration functions as a form of resistance

Utopian Geographies and the Early English Novel Jason H. Pearl, 2014-10-01 Historians of the Enlightenment have studied the period's substantial advances in world cartography as well as the decline of utopia imagined in geographic terms Literary critics meanwhile have assessed the emerging novel's realism and in particular the genre's awareness of the wider world beyond Europe Jason Pearl unites these lines of inquiry in *Utopian Geographies and the Early English Novel* arguing that prose fiction from 1660 to 1740 helped demystify blank spaces on the map and make utopia available anywhere This literature incorporated debunked and reformulated utopian conceptions of geography Reports of ideal societies have always prompted skepticism and it is now common to imagine them in the future rather than on some undiscovered island or continent At precisely the time when novels began turning from the fabulous settings of romance to the actual locations described in contemporaneous travel accounts a number of writers nevertheless tried to preserve and reconfigure utopia by giving it new coordinates and parameters Margaret Cavendish Aphra Behn Daniel Defoe Jonathan Swift and others told of adventurous voyages and extraordinary worlds They engaged critically and creatively with the idea of utopia If these writers ultimately concede that utopian geographies were nowhere to be found they also reimagine the essential ideals as new forms of interiority and sociability that could be brought back to England Questions about geography and utopia drove many of the formal innovations of the early novel As this book shows what resulted were new ways of representing both world geography and utopian possibility

Afro-Asian Connections in Latin America and the Caribbean Debbie Lee-DiStefano, Luisa Marcela Ossa, 2018-11-27 *Afro-Asian Connections in Latin America and the Caribbean* explores the connections between people of Asian and African descent in Latin America and the Caribbean Although their journeys started from different points of origin spanning two separate oceans their point of contact in this hemisphere brought them together under a hegemonic system that would treat these seemingly disparate continental ancestries as one Historically an overwhelming majority of people of African and Asian descent were brought to the Americas as sources of labor to uphold the plantation agrarian economies leading to complex relationships and interactions The contributions to this collection examine various aspects of these connections The authors bring to the forefront perspectives regarding history literature art and religion and engage how they are manifested in these Afro-Asian relationships and interactions They investigate what has received little academic engagement outside the acknowledgement that there are groups who are of African and Asian descent In regard to their relationships with the dominant Europeanized center references to both groups typically only view them as singular entities What this interdisciplinary collection presents is a more cohesive approach that strives to place them at the center together and view
