The Ultimatum Dominion Volume 1

Winston Churchill

The Ultimatum Dominion Volume 1:

The World Crisis, Volume 1 Winston Churchill, 2019 *The World Crisis* is Winston Churchill's narrative of World War I published in several volumes. Although nominally starting in 1911 when Churchill became head of the Admiralty, the first volume commences in 1870 with the Franco-Prussian War and ends with the events in Turkey and on the Balkan in 1914. Churchill's account is generally acknowledged as his masterpiece and a valuable contribution to the history of the War.

Remembering Napoleon (Vol. 1-4) Louis Antoine Fauvelet de Bourrienne, 2022-01-04 *Remembering Napoleon* is a biographical account based on years of intimate friendship and professional association of the author with Napoleon. Bourrienne, the author of this memoir, met Bonaparte at the Military Academy at Brienne in Champagne when eight years old. His book gives a vivid, intimate, detailed account of his interactions with Napoleon and his mother, brothers, and sisters, with his first wife Joséphine de Beauharnais and her children. His narrative is invigorated by many dialogues, not only of those in which he was a speaker but even of conversations that he only was told about by others. As an author, Bourrienne tried to put his friendship with Napoleon aside and to be balanced. He gives many examples of Napoleon's brilliance, his skill at governance, and his deft political maneuvers while deploring his inexorable grabs for personal and familial power and wealth, his willingness to sacrifice French lives, and his abhorrence of a free press. South Africa and the Transvaal War (Vol. 1-8)

Louis Creswicke, 2023-11-14 *In South Africa and the Transvaal War*, Louis Creswicke delivers a comprehensive and meticulously detailed examination of one of the pivotal conflicts in British colonial history. Comprising eight volumes, this monumental work blends historical narrative with personal observations, reflecting Creswicke's unique literary style that intertwines vivid storytelling with rigorous analysis. The author meticulously documents the cultural, political, and social landscapes of South Africa amidst the backdrop of the Second Boer War, providing context for the events leading to and during the conflict. Creswicke's keen eye for detail and his ability to present multifaceted perspectives make this work a rich tapestry of wartime experience. Louis Creswicke was not only a historian but also a journalist who reported on the very events he covered, allowing him to capture the war's complexity with authenticity and depth. His experiences in the region, combined with his staunch interest in the British Empire's expansion, inspired him to chronicle this war meticulously. Creswicke's insights into military strategy, local sentiment, and international implications reflect his extensive research and firsthand encounters, adding invaluable context to the historical narrative. This monumental series is recommended for historians, students of military studies, and general readers interested in colonial history. Creswicke's work serves as an essential resource for understanding the intricacies of the Transvaal War and its lasting impact on South Africa and the British Empire, encouraging readers to engage deeply with the text. **History of the United States (Vol. 1-7)** Charles A. about half a century ago as has just been said the peoples of our portion of the globe rested secure in the supposition that this record and this date were a part of our definite knowledge of man's history Therefore one finds the writers of general histories of the earlier days of the nineteenth century beginning their accounts with the creation of man B C 4004 and coming on down to date with a full and seemingly secure chronology Our knowledge of the world and of man's history has come on by leaps and bounds since then with the curious result that to day no one thinks of making any reference to the exact date of the beginnings of human history unless indeed it be to remark that it probably reaches back some hundreds of thousands of years The historian can speak of dates anterior to 4004 B C to be sure The Egyptologist is disposed to date the building of the Pyramids a full thousand years earlier than that And the Assyriologist is learning to speak of the state of civilisation in Chaldea some 6000 or 7000 years B C with a certain measure of confidence But he no longer thinks of these dates as standing anywhere near the beginning of history He knows that man in that age in the centres of progress had attained a high stage of civilisation and he feels sure that there were some thousands of centuries of earlier time during which man was slowly climbing through savagery and barbarism of which we have only the most fragmentary record He does not pretend to know anything except by inference of the dawns of civilisation Whichever way he turns in the centres of progress such as China Egypt Chaldea India he finds the earliest accessible records covering at best a period of only eight or ten thousand years giving evidence of a civilisation already far advanced Of the exact origin of any one of the civilisations with which he deals he knows absolutely nothing The Creation of Man with its fixed chronology is a chapter that has vanished from our modern histories To be continue in this ebook [The New Cambridge Modern History: Volume 6, The Rise of Great Britain and Russia, 1688-1715/25](#) J. S. Bromley, 1970-07-02 The rise of Great Britain and Russia is the focus of this particular volume of The New Cambridge Modern History *J.A. Lyons, the Tame Tasmanian* David Samuel. Bird, 2008 This book examines the neglected career of Australian prime minister Joseph Lyons It is a dramatic story set in the turbulent 1930s and involves many well known figures as well as many more obscure It accounts a quest for peace which involved efforts in Washington London Tokyo and Rome *World War I* Spencer C. Tucker, 2019-05-10 Offers detailed coverage of every country that played a significant role in World War I from key participants including France Germany Great Britain the Ottoman Empire and the United States to smaller nations such as Bulgaria Montenegro and New Zealand World War I A Country by Country Guide is a comprehensive reference exploring the role various nations played in this devastating conflict Each of the 22 country sections provides detailed background information the reasons behind the country's entry into the war a summary of its combat effort in the war a discussion of the home front experience and a description of the war's impact on that nation Illuminating sidebars offer an interesting war anecdote involving each country while essays survey each country's military branches and key military and political leaders Finally a timeline for each nation covers all of the important events involving that country during World War I In addition to the country coverage a battles section offers

entries on 18 of World War I's most important engagements and a separate section on weapons and tactical changes is included. The book also features dozens of maps and images throughout the text that serve as important visual aids that help readers to understand all aspects of the conflict. **Debates** Canada. Parliament. Menze, 2023-03-15 Patriarch Dioscorus of Alexandria The Last Pharaoh of Alexandria and Ecclesiastical Politics in the Later Roman Empire offers a thorough revision of the historical role of Dioscorus as patriarch of Alexandria between 444 and 451 CE One of the major protagonists of the Christological controversy Dioscorus was hailed a saint in Eastern Church traditions which opposed the Council of Chalcedon in 451 Yet Western Church traditions remember him as a heretic and violent villain and much scholarship maintains this image of Dioscorus as ruthless and ambitious a tyrant bishop feared by his opponents the Attila of the Eastern Church This book breaks with these negative stereotypes and offers the first serious historical analysis of Dioscorus as ecclesiastical politician and reformer It discusses the discrepancy that theologically Dioscorus was a loyal follower of his famous predecessor Cyril of Alexandria 412-444 while politically he was the leading figure of the anti-Cyrillian party in Alexandria Analysing Dioscorus' role as president of the Second Council of Ephesus in 449 and his downfall and deposition at the Council of Chalcedon in 451 Menze also offers a much needed new reading of the acts of these two general councils Reappraising the life and role of Dioscorus ultimately shows how the Christological controversy of the fifth century can only be fully understood against the background of imperial politics and its mechanisms for implementing Orthodoxy in the Later Roman Empire *The Commonwealth Experience* Nicholas Mansergh, 1982-12-01 **The Statesman's Year-book** Frederick Martin, Sir John Scott Keltie, Isaac Parker Anderson Renwick, Mortimer Epstein, Sigfrid Henry Steinberg, John Paxton, Brian Hunter (Librarian), Barry Turner, 1921 *The Statesman's Year-Book* J. Royal Commission on Historical Manuscripts, 1872 **Britain in Egypt** Jayne Gifford, 2019-12-12 Egypt under the British tends to be looked at now through a post-Suez lens as an inevitable disaster and the last puncturing of a doomed empire But in fact Egypt for many years was the cornerstone of British success across the Middle East and North Africa This image of empire was shattered after the First World War by the development of nationalism in Egypt the foundation and growth of the nationalist Wafd party led by Saad Zaghlul and the creation of the Muslim Brotherhood in 1928 Throughout this period Britain continued to control the Nile Valley under Field Marshal Allenby and then George Lloyd through a policy of deliberate

containment of nationalism and a slow relinquishing of powers culminating in the Anglo Egypt Treaty of 1936 This book will be the first to study that process in the Nile Valley in any great detail and contains previously unpublished primary sources
