The University Of Chicago A History:

The University of Chicago John W. Boyer, 2024-09-06 An expanded narrative of the rich unique history of the University of Chicago One of the most influential institutions of higher learning in the world the University of Chicago has a powerful and distinct identity and its name is synonymous with intellectual rigor With nearly 170 000 alumni living and working in more than one hundred and fifty countries its impact is far reaching and long lasting With The University of Chicago A History John W Boyer Dean of the College from 1992 to 2023 thoroughly engages with the history and the lived politics of the university Boyer presents a history of a complex academic community focusing on the nature of its academic culture and curricula the experience of its students its engagement with Chicago s civic community and the resources and conditions that have enabled the university to sustain itself through decades of change He has mined the archives exploring the school s complex and sometimes controversial past to set myth and hearsay apart from fact Boyer s extensive research shows that the University of Chicago s identity is profoundly interwoven with its history and that history is unique in the annals of American higher education After a little known false start in the mid nineteenth century it achieved remarkable early successes yet in the 1950s it faced a collapse of undergraduate enrollment which proved fiscally debilitating for decades Throughout the university retained its fierce commitment to a distinctive intense academic culture marked by intellectual merit and free debate allowing it to rise to international acclaim Today it maintains a strong obligation to serve the larger community through its connections to alumni to the city of Chicago and increasingly to its global community Boyer s tale is filled with larger than life characters John D Rockefeller Robert Maynard Hutchins and many other famous figures among them and episodes that reveal the establishment and rise of today s institution Newly updated this edition extends through the presidency of Robert Zimmer whose long tenure was marked by significant developments and controversies over subjects as varied as free speech medical inequity and community relations

Excerpt from *A History of the University of Chicago* Founded by John D Rockefeller the First Quarter Century A quarter of a century forms a very small part of the history of a nation It is more significant in the case of the University of Chicago whose origin and development fall wholly within that period The original Faculty who began so hopefully in 1892 owed a large part of their enthusiasm doubtless to the fact that they were looking into the future they were less concerned with what was than with what might be and with what they could help create Probably the dreams of few would have reached to the actual fruition of the short span of the twenty five years now closing Chicago is indeed a fruitful field for creative energy It is a growing city instinct with civic loyalty and with eager interest in whatever bids fair to make Chicago more worthy of that pride Then too this has been a developing age in business in science in manifold forms of

social unfolding The University has been fortunate in its location and fortunate that it was founded when it was This history traces its story from the beginning No one is better qualified to do this than the author Dr T W Goodspeed He has been actively and zealously concerned from the outset pars magna suit About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The University of Chicago* University of Chicago,1892 **A History of the University of Chicago** Thomas Wakefield Goodspeed,1972 **A History of the University of Chicago, Founded by John D.
