The Thunder Wizard Path Modern Teutonic Shamanism

David Baud

The Thunder Wizard Path Modern Teutonic Shamanism:

The Thunder Wizard Path Michael Denney, 2011-01-01 The Thunder Wizard Path is a modern shamanic practice derived from spiritual principles contained in the Mythological lore of the pre Christian Teutonic people of northern Europe Embedded within the Norse myths are coded instructions for absorbing universal life force energy shamanism and spiritual transformation Author Michael William Denney has spent 20 years researching and decoding spiritual secrets contained within the mythologies of India and China In The Thunder Wizard Path Mr Denney takes his understanding of these sacred teachings and applies it to the myths of his ancestors the Teutons What he reveals is a mystery religion of such power and beauty as to rival the Vedic scriptures the Tantric Sutras and the Tao Te Ching Shamanism and Wizardry were practiced in northern Europe continuously for 50 000 years Now these practices are being revealed once again for our generation

Awakening Sleipnir Michael Denney, 2013-03-12 It is imperative that we examine our modern assumptions about how our tribal pre Christian European ancestors perceived and interfaced with the Cosmos Awakening Sleipnir explores how we modern civilized Westerners can awaken this ancient understanding within ourselves I realized that I was furious at my ancestors who abandoned the Old Ways I was furious that they had discarded MY ancestral animist traditions What right did they have erasing our indigenous shamanic practices Those were MY practices too and I wanted the right to make my own choice regarding whether or not I wanted to follow them I was furious and embarrassed that as a result of their choice hundreds of years ago I was now forced to go to other cultural traditions and beg to be taught authentic shamanic practices But little did I know that my ancestors would reach out through time and thrust me into a new spiritual practice an ANCIENT practice stretching back to the dawn of tribal European society

Rune Shamanism Michael Denney, 2013-03-11 Runes have been used for divination and writing in Europe for thousands of years But where did they come from Modern academia tells us that the Runic alphabet was adopted 2200 years ago But could they be older than that Perhaps much MUCH older In this book author Michael William Denney closely examines the historical and linguistic mysteries of the Runic alphabet known as the Elder Futhark But this isn't just another re hashing of the same old academic questions about Rune stave meanings Mr Denney reveals a powerful ancient method of Rune Shamanism a FORGOTTEN method of Rune galdor that may have been the original method of Rune magic taught in secret from father to son during the ice ages when the early Germanic tribes were differentiating themselves from their other Indo European cousins Rune Shamanism reveals a powerful method of spiritual transformation available to all modern seekers of ancient shamanic wisdom

Advanced Rune Shamanism Michael William Denney, 2014-10-10 Advanced Rune Shamanism is the third in a series of Rune Shamanism books This latest in the series is a synergistic method of Rune work which combines external Rune divination with internal Rune shamanism This book also reveals a previously unknown method of Rune casting combining the shamanic pre Christian European eight direction medicine or sun wheel the three levels of existence Odin Villi and Ve and connects them to the nine

Worlds of the pre Christian tribal European Tree of Life The second half of the book is dedicated to a simple yet profound intuitive technique of shamanic divination and healing with the Runes that employs a counterbalancing method of divination that can reverse the energy blockages in ones destiny Author Michael William Denney is a practicing Teutonic Thunder Shaman and has been researching practicing and teaching shamanic methods of self transformation from various parts of the globe for nearly a quarter of a century Mounting Sleipnir Michael Denney,2013-07-11 The Germanic names for Indo European deities seem to reflect an older more primal version of Indo European polytheist animism which perhaps reflects the older more shamanic version of the original Indo European religion 50 000 years ago the first modern humans began migrating out of Africa into the Northern hemisphere Among those first humans was a tribal group we call the proto Indo Europeans These Indo European tribes eventually settled throughout Europe as well as parts of Asia and the Middle East They brought with them their unique language culture and religion During the 40 000 years of Ice Ages many of these tribes became isolated from each other and slowly their languages ethnicities and religions began to adapt to their respective areas and climates While all of the Indo European peoples shared common similarities two of these cultures the Germanic and Vedic tribes retained a close similarity in terms of language and religion In this book Mounting Sleipnir author Michael William Denney examines the underlying polytheist root religion of the Germanic tribes by uncovering and comparing the linguistic connections of the names of deities in both the Vedic and Germanic religions In this book you will learn the linguistic connections to the deities Thor Indra Buri Brahma Freyja Prajaapati Ing Agni Ymir Yama Tyr Dyeus Pita and more This book also examines the indigenous Germanic deities Odin Villi Ve Loki and Surt You will also learn the pre Christian understanding of Dwarves Elves Wights Nature Spirits Norns Thurses Giants Valkyries and the mythical horse Sleipnir

Rune Divination Michael Denney,2013-06-27 Runes are more than the pre Christian alphabet of Northern Europe They are the sacred sound syllables that connect us to the Celestial Ancestors the gods Through the Runes we can tap into powerful divine forces that can guide us through our journey in life For hundreds perhaps thousands of years the pre Christian pre Roman Teutonic tribes of Europe used the Runes to receive guidance from the gods and foretell future events In Rune Divination author Michael William Denney re examines the history of the Runic alphabet and asks Are the Runes older than we think Mr Denney exposes some outdated theories on the origins of the Runes He also exposes some of the inaccuracies of modern Rune divination interpretations by comparing them with the actual meanings of the language of the Runes themselves The Runic alphabet is more than just a collection of archaic symbols They are the ancient building blocks of the Germanic languages and windows into the origins of pre Christian European Religion Magic and Shamanism

Thunder Shamanism Michael Denney,2015-06-11 The Medicine Wheel is a powerful spiritual compass that connects us to the Eight Directions The Nine Worlds of the Tree of Life The Five Elements and the Nine Streams of Life Force Energy Various forms of this spiritual compass are found all over the world from the Americas Asia India and Europe In the Americas

we know of it as the Medicine Wheel or the Sacred Hoop In China it is known as the Ba Gua or Eight Gates In Europe prehistoric peoples worshiped at Stonehenge and other standing stone circles In India it is known as Dig Chakra or the Direction Wheel In Slavic countries and in Scandinavia it was known as the Sun Wheel What is most interesting is that in each of these indigenous unrelated practices the quality of Life Force Energy in each direction was identical in nature In this book practicing Thunder Shaman Michael William Denney has decoded the Universal Medicine Wheel for modern Western spiritual seekers The practice of the Medicine Wheel or as Mr Denney calls it the Thunder Wheel is something all cultures have used throughout time In this book you will learn about the universal qualities of the eight directions on the Thunder Wheel and their corresponding connections to the Nine Worlds of the shamanic Tree of Life You will learn powerful shamanic exercises to summon and channel the powers of the Nine Realms of Spiritual Existence and the Five Elements You will learn how to shamanically travel to each of the Nine Realms You will learn how to receive gifts of Power from your spirit guides including your own personal song which can be used to empower you on your personal spiritual path Thunder Shamanism is a practical path of Power for anyone seeking to empower themselves their families and their world Awaken the Power of the Ancients with the science of the Thunder Wheel Odin Says, Jesus Was a Coward! Michael William Denney,2014-07-26

During the middle ages we Westerners abandoned our polytheist animist heritage for the dualist separation contained within monotheist Christianity Doing so separated our hearts from our minds The traditional spiritual mythology of Europe teaches that when a man dies in battle he ascends to the hall of the chosen Valhalla where Odin trains him to fight as a spiritual warrior To die in battle does not mean being killed in acts of physical violence It means to live fearlessly from the heart without regret Those who live this way have no attachments to this earthly life Since they have no regrets they have no need to be reborn They are free to ascend to spiritual heights after death and to help the living in their daily battle to be free This is the path of the spiritual warrior He condemns mindless destruction born from fear and cowardice wherever he finds it He fights for the freedom of the heart and soul He becomes Odin He who is consumed with the fire of self awareness In Odin Says Michael William Denney shares his personal experiences communicating with a being claiming to be the god Odin The author also explores and discusses the historical authenticity of the Jesus myth as well as the historical origins of modern monotheism and the massive shift in consciousness of the European psyche According to Denney After the fall of Rome the victorious Germanic invaders of Italy and Spain almost immediately abandoned their native language and religion and replaced it completely with that of Rome This was a perfect example of the Stockholm Syndrome on a massive cultural scale In the case of the subsequent European conversion to Christianity we not only adopted the identity of our Roman conquerors but have overcompensated in ways even the Romans would have been shocked to see This unconscious shame and self hatred has then been projected onto all those whom we have conquered Odin Says examines the toxic effects of monotheism on Western culture and the modern world Llewellyn's Truth About Teutonic Magick Edred Thorsson,2024-11-06 Discover

the incredible storehouse of power available in the faith symbols and practice of the ancient Germanic traditions In *The Truth About Teutonic Magick* renowned author Edred Thorsson explores The key deities of Teutonic religion Woden Freya Thor Frigga and others The divine realms and Yggdrasill The 24 runes a magickal map of the cosmos and human consciousness The use of runic ritual for magickal and divinatory purposes Seidhr the shamanic practice of traveling to other dimensions Rituals of Teutonic magick hallowing blessing drinking rede giving and more The sacred cycle of the year The Faustian tradition and Saturnian magick
