The Truth About The Protocols:

The Truth about "The Protocols" Philip Perceval Graves, 1921 Comprises four articles by Graves half brother of Robert Graves published on 16 17 and 18 August 1921 Contends that The Protocols is a plagiarism of Maurice Joly s Dialogue aux enfers entre Machiavel et Montesquieu 1864 States that the writer of The Protocols was probably obliged to paraphrase the original at short notice and that it was first used in 1901 to undermine the influence of a French hypnotist and thought reader over the Tsar It was published by Sergei Nilus in 1905 to further the cause of Russian conservatives

The Truth about "The Protocols of Zion" Herman Bernstein, 1935 Examines the origins of the Protocols of the Elders of Zion Its main source was Maurice Joly s satire Dialogues in Hell between Machiavelli and Montesquieu 1864 Joly s text was used by the antisemitic German writer Hermann Goedsche who wrote the novel To Sedan as part of the Biarritz series in 1868 Part of the novel rewritten by Goedsche as The Rabbi s Speech and published in Russian in 1872 under the title The Jewish Cemetery in Prague and the Council of Representatives of the Twelve Tribes of Israel contains a speech allegedly delivered before elders of Israel in Prague The Protocols was concocted in France and published in Russia in order to convince the Tsar that the Jews were the source of revolutionary unrest in Russia and to dissuade him from introducing a constitution Sergei Nilus and Butmi were the first publishers of the Protocols which gained worldwide circulation before it was exposed as a forgery in the 1920s Pp 73 397 contain the English text of Joly s Dialogues and of the Protocols Goedsche s Jewish Cemetery and Rabbi s Speech Nilus epilogue to the Protocols a 1921 London Times expos and several pages of parallel texts of the Dialogue and the Protocols

Protocols, Truth and Convention Thomas Oberdan, 2022-05-16 The continuing philosophical interest in the famous Protocol Sentence Debate in the Vienna Circle of Logical Positivists is to a large measure due to the focus on the epistemological issues in the dispute and the neglect of differences among the leading players in their philosophical views of logic and language In Protocols Truth and Convention the current understanding of the debate is advanced by developing the contemporaneous views of logic and language held by the principal disputants Rudolf Carnap and Moritz Schlick It is argued largely on the basis of unpublished manuscripts and correspondence that despite apparent differences in their respective conceptions of language there are nonetheless striking similarities particularly with respect to the conventionality of language Nonetheless one key issue concerning the syntacticism inherent in Carnap s early Thirties philosophy separates the two viewpoints in the clash over protocols Finally it is argued that Carnap s syntacticism is untenable a conclusion that Carnap himself finally reached in the closing exchanges of the protocol sentence controversy

Martin Heidegger and the Truth About the Black Notebooks Friedrich-Wilhelm von Herrmann, Francesco Alfieri, 2022-01-01 Toward the beginning of 2013 I received reports of passages in the Black Notebooks that offered observations on Jewry or as the case may be world Jewry It immediately became clear to me that the publication of the Black Notebooks would call forth a wide spread international debate Already in the Spring of 2013 I had asked Professor Friedrich Wilhelm von Herrmann last private

assistant and in the words of my grandfather the chief co worker of the complete edition if he might review the Notebooks as a whole based on his profound insight into the thought of Martin Heidegger and in particular review those Jewish related passages that were the focus of the public eye Publications about the Black Notebooks quickly came to propagate catchy expressions such as being historical anti Semitism and metaphysical anti Semitism The first question that obviously arises is Does the thought of Martin Heidegger exhibit any kind of anti Semitism at all In this book Professor von Herrmann now advances his hermeneutic explication With Professor Francesco Alfieri of the Pontificia Universit Lateranense he has found a colleague who has drawn up a comprehensive philological analysis of volumes GA 94 through GA 97 of the Complete Edition The fact that Heidegger designated the hitherto published black notebooks as Ponderings berlegungen and as Observations Anmerkungen has been given little consideration He intentionally placed them at the conclusion of the Complete Edition because without acquaintance with the lectures and above all with the being historical treatises that would come to be published in the framework of the Complete Edition they would not be comprehensible Arnulf Heidegger
