The Undoing of Death Fleming Rutledge, 2002 In this collection of sermons representing 25 years of Holy Week and Easter preaching Fleming Rutledge offers a wide ranging vision of the cross and the resurrection *Speculating on the Edge of Psychoanalysis* Pablo Lerner, 2023-08-02 In *Speculating on the Edge of Psychoanalysis* Pablo Lerner questions and takes a step beyond the prevailing paradigm of Lacanian psychoanalysis and its emphasis on the sovereignty of language and jouissance Arguing for the existence of a primordial real void outside and independent of language Lerner re thinks the structure and functioning of Lacan's three orders and their complex interrelations Silence darkness and emptiness are the names of the voids within the symbolic the imaginary and the real and in the gaps between these orders the voids converge Thus Lerner re conceptualizes the fundamental structure of the field of subjectivity offering radical and original perspectives on a diverse range of psychoanalytical philosophical and theological topics Chapters span themes such as creation and poetry death and solitude intuition and mysticism truth and being pantheism and polytheism the poetic art of interpretation and introduces a new mathematical conceptualization of psychoanalytic metapsychology and the clinical structures This volume offers new psychoanalytic perspectives of great interest for practitioners and scholars in the fields of psychoanalysis philosophy theology and literary studies

Imagining the Death of Jesus in Fourth-Century Mesopotamia Blake Hartung, 2023-10-09 In this volume Blake Hartung explores the place of the passion and death of Jesus in the writings of Ephrem of Nisibis ca 307-373 The book argues that the genre of Ephrem's works usually short poems for public performance is key to understanding his unsystematic approach Ephrem drew widely upon the Passion narratives and traditional motifs related to Christ's death and deployed them differently in distinct settings Each chapter explores a key theme in Ephrem's discourse about the death of Christ in context including anti-Judaism the defeat of death and economic imagery Ultimately Hartung urges further consideration of the role of Christ's death in early Christian thought and practice beyond the traditional confines of atonement theology
