The Union At Risk Jacksonian Democracy States Rights And Nullification Crisis

Mark R. Cheatham

The Union At Risk Jacksonian Democracy States Rights And Nullification Crisis:

The ^AUnion at Risk Richard E. Ellis,1989-12-28 The Nullification Crisis of 1832 1833 when the state of South Carolina challenged the doctrine of states rights by refusing to pay national tariffs was the major crisis of Andrew Jackson s presidency and a central event in antebellum American history In this clear authoritative account Richard E Ellis shows how the President s swift decisive response reaffirmed the primacy of the national government and helped to shape Jacksonian democracy *States' Rights and the Union* Forrest McDonald,2000 As McDonald shows that concept needs to be examined if we are to understand its implications for current and future debates **BOOK JACKET** **Congress and the Emergence of**

Sectionalism Paul Finkelman,Donald R. Kennon,2008 The essays in this volume consider the plight of American Indians sectional strife over banking and commerce emerging issues involving slavery and the very nature of American democracy

Constitutional Pluralism in the European Union and Beyond Matej Avbelj,Jan Komárek,2012-02-29 Constitutional pluralism has become immensely popular among scholars who study European integration and issues of global governance Some of them believe that constitutionalism traditionally thought to be bound to a nation state can emerge beyond state borders most importantly in the process of European integration but also beyond that for example in international regulatory regimes such as the WTO or international systems of fundamental rights protection such as the European Convention At the same time the idea of constitutional pluralism has not gone unchallenged Some have questioned its compatibility with the very nature of law and the values which law brings to constitutionalism The critiques have come from both sides from those who believe in the traditional European constitutionalism based on a hierarchically superior authority of the European Union as well as from scholars focusing on constitutions of particular states The book collects contributions taking opposing perspectives on constitutional pluralism some defending and promoting the concept of constitutional pluralism some criticising and opposing it While some authors can be called the founding fathers of constitutional pluralism others are young academics who have recently entered the field Together they offer fresh perspectives on both theoretical and practical aspects of constitutional pluralism enriching our existing understanding of the concept in current scholarship Old

Hickory's Nephew Mark R. Cheatham,2007-07-01 Though remembered largely by history as Andrew Jackson s nephew Andrew Jackson Donelson was himself a significant figure in nineteenth century America a politician planter diplomat newspaper editor and vice presidential candidate His relationship with his uncle and mentor defined his life as he struggled to find the political and personal success that he wanted and his uncle thought he deserved In *Old Hickory's Nephew* the first definitive biography of this enigmatic man Mark R Cheatham explores both Donelson s political contributions and his complex tumultuous and often overlooked relationship with Andrew Jackson Born in Sumner County Tennessee in 1799 Donelson lost his father only five years later Andrew Jackson soon became a force in his nephew s life seeing in his namesake his political prot g Jackson went so far as to predict that Donelson would one day become president After attending West

Point Donelson helped establish the Jacksonian wing of the Democratic party and edited a national Democratic newspaper. As a diplomat he helped bring about the annexation of Texas and following in his uncle's footsteps he became the owner of several plantations. On the surface Donelson was a political and personal success. But few lives are so straightforward. The strong relationship between the uncle and nephew defined by the concept of honor that suffused the southern society in which they lived quickly frayed when Donelson and his wife defied his uncle during the infamous Peggy Eaton sex scandal of Jackson's first presidential administration. This resulted in a tense relationship full of distrust and suspicion between Donelson and Jackson that lasted until the Hero of New Orleans died in 1845. Donelson later left the Democratic party in a tiff and joined the American or Know Nothing party which selected him as Millard Fillmore's running mate in 1856. Though Donelson tried to establish himself as his uncle's political successor and legator, his friends and foes alike accused him of trading on his uncle's name to gain political and financial success. The life of Andrew Jackson Donelson illuminates the expectations placed upon young southern men of prominent families as well as the complexities and contradictions in their lives. In this biography Cheatham awakens interest in a nearly forgotten but nonetheless intriguing figure in American history.

One National Family Sarah K. M. Rodríguez, 2024-10 This work is a fascinating new history of the rise and fall of the Republic of Texas which argues that Anglo settlers were attracted not only to the promise of arable land but also to Mexico's comparatively weak central government and political culture.

United States History - Part A, *Liberty and Union* Edgar J. McManus, Tara Helfman, 2013-12-04 This is the first of two volumes of *Liberty and Union* is a comprehensive constitutional history of the United States from the Anglo American origins of the Constitution through the colonial and antebellum periods to the Civil War and the consequent restructuring of the nation. Written in a clear and engaging narrative style it successfully unites thorough chronological coverage with a thematic approach offering critical analysis of core constitutional history topics set in the political, social, and economic context that made them constitutional issues in the first place. Combining a thoughtful and balanced narrative with an authoritative stance on key issues, the authors explain the past in the light of the present without imposing upon it the standards of later generations. Authored by two experienced professors of History and Law, this textbook has been thoughtfully constructed to offer an accessible alternative to dense scholarly works, avoiding unnecessary technical jargon, defining legal terms and historical personalities where appropriate, and making explicit connections between constitutional themes and historical events. For students in an undergraduate or postgraduate constitutional history course or anyone with a general interest in constitutional developments, this book will be essential reading. Useful features include: Full glossary of legal terminology; Recommended reading; A table of cases; Extensive supporting artwork; Companion website; Useful documents provided: Declaration of Independence, Articles of Confederation, Constitution of the United States of America, Chronological list of Supreme Court justices.

Abraham Lincoln, **The Presidency of Andrew Jackson** Donald B. Cole, 1993 In 1829 Andrew Jackson arrived in Washington in a carriage. Eight

years and two turbulent presidential terms later he left on a train Those years among the most prosperous in American history saw America transformed not only by growth in transportation but by the expansion of the market economy and the formation of the mass political party Jackson's ambivalence and that of his followers toward the new politics and the new economy is the story of this book Historians have often depicted the Old Hero or Old Hickory as bigger than life so prominent that his name was wed to an era Donald Cole presents a different Jackson one not always sure of himself and more controlled by than in control of the political and economic forces of his age He portrays Jackson as a leader who yearned for the agrarian past but was also entranced by the future of a growing market economy The dominant theme of Jackson's presidency Cole argues was his inconsistent and unsuccessful battle to resist market revolution Elected by a broad coalition of interest groups Jackson battled constantly not only his opponents but also his supporters He spent most of his first term rearranging his administration and contending with Congress His accomplishments were mostly negative relocating Indians vetoing road bills and the Bank bill and opposing nullification The greatest achievement of his administration the rise of the mass political party was more the work of advisers than of Jackson himself He did however make a lasting imprint Cole contends Through his strength passions and especially his anxiety Jackson symbolized the ambivalence of his fellow Americans at a decisive moment a time when the country was struggling with the conflict between the ideals of the Revolution and the realities of nineteenth century capitalism

Encyclopedia of U.S. Political History Andrew Whitmore Robertson, 2010 Annotation st1 behavior url ieooui Unparalleled coverage of U S political development through a unique chronological framework Encyclopedia of U S Political History explores the events policies activities institutions groups people and movements that have created and shaped political life in the United States With contributions from scholars in the fields of history and political science this seven volume set provides students researchers and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day With greater coverage than any other resource the Encyclopedia of U S Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions culture behavior and change Focusing on both government and history the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered With each volume covering one of seven time periods that correspond to key eras in American history the essays and articles in this authoritative encyclopedia focus on the following themes of political history The three branches of government Elections and political parties Legal and constitutional histories Political movements and philosophies and key political figures Economics Military politics International relations treaties and alliances Regional histories Key Features Organized chronologically by political eras Reader's guide for easy topic searching across volumes Maps photographs and tables enhance the text Signed entries by a stellar group of contributors

VOLUME 1 Colonial Beginnings through Revolution 1500 1783 Volume Editor Andrew Robertson Herbert H Lehman College The colonial period witnessed the

transformation of thirteen distinct colonies into an independent federated republic This volume discusses the diversity of the colonial political experience a diversity that modern scholars have found defies easy synthesis as well as the long term conflicts policies and events that led to revolution and the ideas underlying independence VOLUME 2 The Early Republic 1784-1840 Volume Editor Michael A. Morrison Purdue University No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic This volume discusses the era of Confederation the shaping of the U S Constitution and the development of the party system **Contesting Democracy** Byron E. Shafer, Anthony J. Badger, 2001 Leading scholars provide a comprehensive history of two centuries of U S politics Contributions from a who's who of political historians *The Pennsylvania Magazine of History and Biography*, 1988

Union, Nation, Or Empire David C. Hendrickson, 2009 Shatters the conventional belief that American foreign policy was borne out of a reaction to Pearl Harbor revealing instead a rich history of debates over the direction of American

international relations many of which persist to this day **Federalism, Citizenship, and Collective Identities in U.S.**

History Cornelis A. van Minnen, Sylvia L. Hilton, Colin Bonwick, 2000 This book highlights key aspects of the American experience in forging political social and cultural identities from the late eighteenth century to the present *The Jacksonian Era* Robert V. Remini, 1997 Offers a look at the social cultural and political climate of the era including discussion of various reform artistic and religious movements *Shapers of the Great Debate on Jacksonian Democracy* Paul E. Doutrich, 2004-03-30 The successful conclusion of the War of 1812 ushered in a new age of American history the Jacksonian era This book explores the background motives and goals of political and social leaders who dominated this era Divided into three categories Whigs Democrats and Writers and Reformers biographies of Henry Clay Ralph Waldo Emerson James Knox Polk Andrew Jackson and others are included Debates over such issues as westward expansion the Second Bank of the United States Indian policies and slavery are discussed from opposing viewpoints Americans of the Jacksonian era upheld traditions and values of their forefathers while also embracing the unlimited opportunity of the future During this era profound political divisions emerged within the nation with the core debate focused on the extent of the federal government's power Americans debated such issues as the degree to which the federal government could compel states to implement federal legislation administer expansion policy regulate trade and manage the economy Interwoven within these debates were questions about the legitimacy of slavery This book explores the background motives and goals of political and social leaders who dominated this era Debates over such issues as westward expansion the Second Bank of the United States Indian policies and slavery are discussed from opposing viewpoints Students and general readers will find this reference tool useful in describing the lives and views of individuals who directed the course of the nation during the Jacksonian era

The Catholic Historical Review, 2003 *American Studies International*, 1993 *Major Problems in American Constitutional History: The colonial era through Reconstruction* Kermit L. Hall, 1992 Tracing the historical development of

American constitutional thought this distinctive anthology presents the documents critical to constitutional development including actual legal texts as well as the reactions of prominent legal minds
