Contesting the Postwar City Eric Fure-Slocum, 2013-06-28 Focusing on midcentury Milwaukee Eric Fure Slocum charts the remaking of political culture in the industrial city Professor Fure Slocum shows how two contending visions of the 1940s city working class politics and growth politics fit together uneasily and were transformed amid a series of social and policy clashes Contests that pitted the principles of democratic access and distribution against efficiency and productivity included the hard fought politics of housing and redevelopment controversies over petty gambling questions about the role of organized labor in urban life and battles over municipal fiscal policy and autonomy These episodes occurred during a time of rapid change in the city s working class as African American workers arrived to seek jobs women temporarily advanced in workplaces and labor unions grew At the same time businesses and property owners sought to reestablish legitimacy in the changing landscape This study examines these local conflicts showing how they forged the postwar city and laid a foundation for the neoliberal city

Old Northwest caught the eye of European settlers as far back as the 17th century when the French explorers Marquette and Jolliet found that waterways in the area connected the Mississippi River to the Great Lakes. The area was perfect for fur trade outposts long before it was settled by whites. Throughout the 19th century American settlers pushing across the Western frontier came into contact with diverse American tribes producing a series of conflicts ranging from the Great Plains to the Southwest and from the Trail of Tears to the Pacific Northwest. One of these notorious conflicts was the Black Hawk War named after a Sauk chief who led a band of about 1,500 in a series of small battles fought in the Wisconsin territory in 1832. Black Hawk led his people east across the Mississippi River in an attempt to reclaim his people's old lands in Illinois and his defeat essentially ended all Native American resistance east of the Mississippi River and opened up the rest of Illinois and Wisconsin to white settlement. The war also provided an opportunity for some of the era's most famous Americans to get military experience including several U.S. Senators, several Territorial Governors, future Confederate President Jefferson Davis, and most famously Abraham Lincoln. Thus it should come as no surprise that Milwaukee, the largest city in Wisconsin, has a history reflective of the Old Northwest. Known to the natives as a beautiful landscape at the mouth of a river on the edge of the Great Lakes, it did not take long for fur traders to join them in the serene location. Those fur traders seeing a future city on the same spot as their sleepy trading post worked to put the place on the map. Thanks to their vision and energy, Milwaukee transformed from a sleepy trading post to an industrial center connected to the entire country and beyond through its industry and energy. Given its background and location, the story of Milwaukee may have resembled other nearby cities like Detroit or Chicago, but Milwaukee would have its own flavors and characters thanks to the unique ethnicities and businesses that arrived early on. Before the beer capital of the country became Brew Town, it was Cream Town, and before that it was just a trading post where some men with a dream came to live. Like other major cities and the nation overall, the 20th century portended massive growth for Milwaukee, especially as rail and other forms of transportation helped connect the city to the rest of Wisconsin and beyond. With that growth came the growing pains of an industrial city gripped with all the plights of urban development and expansion, but despite that, the people of Milwaukee entered the new century in high hopes. Hopes that survived the harsh realities of a century sundered by war, racism, and poverty. Milwaukee: The History of the Fur Trade Outpost that Became the Beer Capital of the World looks at the history of one of the Midwest's biggest cities. Along with pictures of important people, places, and events, you will learn about Milwaukee like never before.
