Goldberg,2008-01-08 Fascists Brownshirts jackbooted stormtroopers such are the insults typically hurled at conservatives by their liberal opponents Calling someone a fascist is the fastest way to shut them up defining their views as beyond the political pale But who are the real fascists in our midst *Liberal Fascism* offers a startling new perspective on the theories and practices that define fascist politics Replacing conveniently manufactured myths with surprising and enlightening research Jonah Goldberg reminds us that the original fascists were really on the left and that liberals from Woodrow Wilson to FDR to Hillary Clinton have advocated policies and principles remarkably similar to those of Hitler's National Socialism and Mussolini's Fascism Contrary to what most people think the Nazis were ardent socialists hence the term National socialism They believed in free health care and guaranteed jobs They confiscated inherited wealth and spent vast sums on public education They purged the church from public policy promoted a new form of pagan spirituality and inserted the authority of the state into every nook and cranny of daily life The Nazis declared war on smoking supported abortion euthanasia and gun control They loathed the free market provided generous pensions for the elderly and maintained a strict racial quota system in their universities where campus speech codes were all the rage The Nazis led the world in organic farming and alternative medicine Hitler was a strict vegetarian and Himmler was an animal rights activist Do these striking parallels mean that today's liberals are genocidal maniacs intent on conquering the world and imposing a new racial order Not at all Yet it is hard to deny that modern progressivism and classical fascism shared the same intellectual roots We often forget for example that Mussolini and Hitler had many admirers in the United States W E B Du Bois was inspired by Hitler's Germany and Irving Berlin praised Mussolini in song Many fascist tenets were espoused by American progressives like John Dewey and Woodrow Wilson and FDR incorporated fascist policies in the New Deal Fascism was an international movement that appeared in different forms in different countries depending on the vagaries of national culture and temperament In Germany fascism appeared as genocidal racist nationalism In America it took a friendlier more liberal form The modern heirs of this friendly fascist tradition include the New York Times the Democratic Party the Ivy League professoriate and the liberals of Hollywood The quintessential Liberal Fascist isn't an SS storm trooper it is a female grade school teacher with an education degree from Brown or Swarthmore These assertions may sound strange to modern ears but that is because we have forgotten what fascism is In this angry funny smart contentious book Jonah Goldberg turns our preconceptions inside out and shows us the

true meaning of Liberal Fascism      *The Collected Works of G. A. Henty* G. A. **Nation of Secrets** Ted Gup, 2008-10-14 Award winning journalist Ted Gup exposes how and why our most important institutions increasingly keep secrets from the very people they are supposed to serve Drawing on his decades as an investigative reporter Ted Gup argues that a preoccupation with secrets has undermined the very values security patriotism and privacy in whose name secrecy is so often invoked He explores the blatant exploitation of privacy and confidentiality in academia business and the courts and concludes that in case after case these principles have been twisted to allow the emergence of a shadow system of justice unaccountable to the public Nation of Secrets not only sounds the alarm to warn against an unethical way of life but calls for the preservation of our democracy as we know it *Theodore Dreiser: Collected Works* Theodore Dreiser, 2023-12-28 Theodore Dreiser Collected Works presents a comprehensive anthology of one of American literature's most vital voices This collection showcases Dreiser's hallmark naturalistic style deeply embedded in the social fabric and economic struggles of early 20th century America With keen psychological insight and vivid imagery Dreiser crafts narratives that explore the complexities of ambition desire and the relentless march of fate epitomized in classic works such as Sister Carrie and An American Tragedy The collection not only highlights his narrative prowess but also situates his work within the broader literary context of realism and naturalism where the human experience is influenced by environment and circumstance Theodore Dreiser lived a life shaped by the very themes he explored in his fiction Born into a poor immigrant family Dreiser's early experiences with poverty and social injustice fueled his advocacy for the underprivileged becoming a prelude to his literary endeavors His bold exploration of taboo subjects and unflinching portrayal of social issues made him a trailblazer in American literature establishing a precedent for subsequent generations of writers For readers seeking an authentic and unvarnished reflection of American life Theodore Dreiser Collected Works is indispensable It invites a critical engagement with the societal forces that shape human existence while illuminating the universal struggles inherent in the human condition This collection not only serves as an essential resource for scholars but also offers compelling narratives that resonate with contemporary readers
