Focusing on positive energy a life coach shares 101 tips on how to achieve success and fulfillment in all areas of personal life and career Psychology ,1937 Lean Times - Leaning Times Rayol John Augustus Ph.D.,2019-05-14 It is God s will for us to be prosperous Everyone has financial fears and some of us have faith Faith and fear cannot reside in the same body God guarantees our prosperity and says in Philippians 4 19 God will meet all your needs according to His glorious riches in Christ Jesus Yes he will do his part as long as we do ours by following God s laws of prosperity from faith to stewardship Many of us make financial decisions based on fear of the future instead of trusting that God will provide for them Although we are challenged daily with doubts and concerns for our financial future we must never doubt that God is in complete control The author has realized that learning God s biblical prosperity principles and practicing them actually makes us better Christians We are poor only because we do not ask God for our prosperity and we do not ask for it according to his way Gratitude and prayer are inseparable as well as our self talk and prayer As children of God we have been promised his blessings All we have to do is ask for them repeatedly for they are ours **The Almightyer** Paul Vigna,2025-07-22 The complete story of how we came to worship money and how we can stop greed from destroying everything The pursuit of wealth is considered an essential function of human nature and greed is an unspoken civic virtue Many of us revere billionaires and Wall Street rain makers then complain about the system being rigged and wonder why the country doesn t seem to work for the little guy anymore Some blame the Deep State for income inequality and corruption and others blame capitalism but the truth is that these issues have much deeper roots our devotion to money is a manmade invention that has transformed over thousands of years to replace religion as the foundation of our society and it is tearing civilization apart In The Almightyer journalist Paul Vigna uncovers the forgotten history of money tracing the uneasy and often accidental alliance between wealth and religion as it developed from ancient city states to today s secular world where religious devotion has receded and greed has stepped in to fill the void Through engaging anecdotes original research and fresh perspectives on the causes of the many challenges we face today Vigna makes a compelling argument that money has no power apart from the power we give it We can build a better future where we don t need to choose between helping others and getting ahead But we can t repair the damage that greed has done until we understand how it took over our world in the first place **KJV Life Application Study Bible, Third Edition** Tyndale,2021-10-01 Trusted and treasured by millions of readers over 30 years the Life Application Study Bible Third Edition is today s 1 bestselling study Bible Perhaps the most complete single volume Bible ever compiled this study Bible helps readers of all ages understand the language of the Bible and gives advice on how to apply its teachings to the ups and downs of everyday life It has been thoroughly updated and expanded offering even more relevant insights With a fresh two color interior design and updated study notes and features this Bible will help you understand God s Word better than ever It answers the real life questions that you have and provides you with practical yet powerful ways to apply the
