the radical restructure of the Indian public services based on modern public sector reforms across the world It advocates state funding of elections raising the salaries of politicians significantly freeing the labour market imposing carbon taxes on pollution seeking compensatory payments from developed countries for their prior carbon emissions and complete privatisation of school and university education It argues that India can and should aspire to be the world's best in everything it does I believe that no Indian should settle for anything less than that Authentic Academic Leadership Jeffrey L.

Buller,2018-02-23 The book explores how to build an approach to academic leadership based on your own personal values convictions and principles Rather than trying to assert that only certain values or even virtues are essential for good leadership the approach taken is to begin with who you really are your true self and then to build a leadership framework consistent with that identity that makes your institution or program stronger We explore why hypocrisy is damaging to any form of leadership but particularly so in higher education where values of scholarship and research are based on the confidence we have in others integrity As a result authenticity even more than such commonly promoted traits of leaders as vision courage and compassion becomes the core of effective leadership in the academy today Through hypothetical case studies and thought experiments the book challenges administrators to identify a small set of core values that truly define who they are as academic leaders and then to use those values as the basis for a philosophy of leadership that guides them through the turbulent changes occurring in higher education today **Trumpocalypse** Horrified Press,2017-04-17 The

world has never seen a phenomenon like President Donald J Trump How a trashy billionaire with no government experience pushed his way into the most powerful job on earth is a question nobody can really answer The authors of Trumpocalypse propose some reasons he walks among us is he really a berserk android They prophesy what terrors may await lifestyle cannibalism A new spate of witch burnings Worse Trumpocalypse is a time capsule packed with care by Horrified Press Pray we can retrieve it later and laugh about how bad we thought it would be Pray hard Your Inner Journey to Wealth Angelo

Mena,2011-04-07 Your Inner Journey to Wealth is a powerful and insightful book that will challenge and expand your paradigms about wealth Exploring the mindset behind money and the difference between wealthy vs poor mentalities This book explores the power of the subconscious mind and how to hone and focus mental skill to master the wealth creation game As you turn the final page of this book you will know how to recognize the many opportunities that are already sitting there in the world for you to build wealth create financial independence and live a life of true health wealth and happiness

The Myth of Luck Steven D. Hales,2020-07-23 Humanity has thrown everything we have at implacable luck novel theologies entire philosophical movements fresh branches of mathematics and yet we seem to have gained only the smallest edge on the power of fortune The Myth of Luck tells us why we have been fighting an unconquerable foe Taking us on a guided tour of one of our oldest concepts we begin in ancient Greece and Rome considering how Plato Plutarch and the Stoics understood luck before entering the theoretical world of probability and exploring how luck relates to theology sports

ethics gambling knowledge and present day psychology As we travel across traditions times and cultures we come to realize that it s not that as soon as we solve one philosophical problem with luck that two more appear like heads on a hydra but rather that the monster is altogether mythological We cannot master luck because there is nothing to defeat luck is no more than a persistent and troubling illusion By introducing us to compelling arguments and convincing reasons that explain why there is no such thing as luck we finally see why in a very real sense we make our own luck that luck is our own doing The Myth of Luck helps us to regain our own agency in the world telling the entertaining story of the philosophy and history of luck along the way

No Is Not Enough Naomi Klein,2017-06-13 The New York Times bestselling roadmap to resistance in the Trump era from the internationally acclaimed activist and author of On Fire and The Battle for Paradise The election of Donald Trump is a dangerous escalation in a world of cascading crises Trump s vision a radical deregulation of the US economy in the interest of corporations an all out war on radical Islamic terrorism and a sweeping aside of climate science to unleash a domestic fossil fuel frenzy will generate wave after wave of crises and shocks to the economy to national security to the environment In No Is Not Enough Naomi Klein explains that Trump extreme as he is is not an aberration but a logical extension of the worst and most dangerous trends of the past half century In exposing the malignant forces behind Trump s rise she puts forward a bold vision for a mass movement to counter rising militarism nationalism and corporatism in the United States and around the world Longlisted for the National Book Award I hope that Klein s book is read by more than just her mostly leftwing fan base For whatever you think about her economic arguments she makes a powerful and an important point that you cannot understand Trump without looking at how he reflects bigger cultural and social dynamics And what is perhaps refreshing about No Is Not Enough is that Klein tries to move beyond mere outrage and hand wringing to offer a practical manifesto for opposition Financial Times Brims with ideas rarely heard in the mainstream media And her fiery punchy writing style which is occasionally laced with humor makes it hard to put down The Georgia Straight
