Think Like a Man Linda Porter Harrison, 2011-06-09 Think Like a Man and here's a thought Start Acting Like a Man The 25 mistakes men make that prevent them from finding and keeping true love This is the perfect companion book to Steve Harvey's book Act Like a Lady There are hundreds of books written for women on how to find a man Yet very few books that address the critical things that men do or don't do that prevent relationships from thriving and going to the next level One of my personal goals is to promote marriage and to help people stay in love When Steve Harvey wrote the book Act Like a Lady Think Like a Man millions of women flocked to purchase a book that was going to show them how to get a man To be perfectly honest with you I didn't realize the magnitude of how naive we were as women when it came to men However I was equally disturbed by the fact that no one was addressing what men needed to do to rectify this relationship thing Relationships don't simply fail because of women men play a vital role too I could have easily written one hundred mistakes that men make but I chose to focus on the twenty-five mistakes that I hear repeatedly from married and single women It is my hope that this book will cultivate a more balanced conversation between men and women More importantly that this book will shed some light for

men on their own relationships and that they will begin to take the necessary steps to foster and create the ultimate love

Tewa Tales Elsie Clews Parsons, 1994-03-01 The Tewa are a Pueblo Indian group from New Mexico, some of whom migrated around 1700 in the aftermath of the second Pueblo Revolt to their present location on First Mesa of the Hopi Reservation in northern Arizona. This collection of more than one hundred tales from both New Mexico and Arizona, Tewa first published in 1926, bears witness to their rich cultural history. In addition to emergence and animal stories, these tales also provide an account of many social customs, such as wedding ceremonies and relay racing, that show marked differences between the two tribal groups. A comparison of tales from the two divisions of the tribe reveals something of what has happened to both emigrant and home-staying Tewa over two centuries of separation. Yet while only half of the Arizona tales are distinctly parallel to the New Mexican, additional similarities may be found in such narrative features as the helpfulness of Spider, old woman, and her possession of medicine creating life magically under a blanket, or Coyote beguiling girls into marriage. Elsie Clews Parsons was a pioneering anthropologist in the Southwest whose works included the encyclopedic

Pueblo Indian Religion The Tewa tales she gathered for this volume are thus notable not only as fascinating stories that will delight curious readers but also as authentic reflections of a people less known to scholars
