Thinking Shanghai Publikatieburo Bouwkunde (Delft),2013 **Shanghai Literary Imaginings** Lena Scheen,2025-10-01

This book draws on a wide range of methods including approaches from literary studies cultural studies and urban sociology to analyse the transformation of Shanghai through rapid growth and widespread urban renewal Lena Scheen explores the literary imaginings of the city its past present and future in order to understand the effects of that urban transformation on both the psychological state of Shanghai s citizens and their perception of the spaces they inhabit *The Shanghai Alleyway House* Gregory Bracken,2013-03-05 As a nineteenth century commercial development the alleyway house was a hybrid of the traditional Chinese courtyard house and the Western terraced one Unique to Shanghai the alleyway house was a space where the blurring of the boundaries of public and private life created a vibrant social community In recent years however the city s rapid redevelopment has meant that the alleyway house is being destroyed and this book seeks to understand it in terms of the lifestyle it engendered for those who called it home whilst also looking to the future of the alleyway house Based on groundwork research this book examines the Shanghai alleyway house in light of the complex history of the city especially during the colonial era It also explores the history of urban form and governance in China in order to question how the Eastern and Western traditions combined in Shanghai to produce a unique and dynamic housing typology Construction techniques and different alleyway house sub genres are also examined as is the way of life they engendered including some of the side effects of alleyway house life such as the literature it inspired both foreign and local as well as the portrayal of life in the laneways as seen in films set in the city The book ends by posing the question what next for the alleyway house Does it even have a future and if so what lies ahead for this rapidly vanishing typology This interdisciplinary book will be welcomed by students and scholars of Chinese studies architecture and urban development as well as history and literature Aspects of Urbanization in China Gregory Bracken,2012 China s opkomst als wereldmacht is een van de ingrijpendste gebeurtenissen van deze tijd Honderden miljoenen mensen zijn de armoede ontvlucht dankzij de snelle industrialisatie van het land De wonderbaarlijke economische groei van China heeft zijn nadelen iets wat vaak het meest pijnlijk duidelijk wordt in de steden Deze studie is geschreven door wetenschappers uit verschillende disciplines waaronder architectuur stedenbouw sociale wetenschappen aardrijkskunde en antropologie Een deel van de auteurs behandelt de mondiale ambities van de steden terwijl andere hun culturele en architecturale uitingen onderzoeken **Fantasy Islands** Julie Sze,2015-01-05 The rise of China and its status as a leading global factory are altering the way people live and consume At the same time the world appears wary of the real costs involved Fantasy Islands probes Chinese European and American eco desire and eco technological dreams and examines the solutions they offer to environmental degradation in this age of global economic change Uncovering the stories of sites in China including the plan for a new eco city called Dongtan on the island of Chongming mega suburbs and the Shanghai World Expo Julie Sze explores the flows fears and fantasies of Pacific Rim

politics that shaped them She charts how climate change discussions align with US fears of China's ascendancy and the related demise of the American Century and she considers the motives of financial and political capital for eco city and ecological development supported by elite power structures in the UK and China Fantasy Islands shows how ineffectual these efforts are while challenging us to see what a true eco city would be Spectacle and the City Jeroen Kloet, Lena Scheen, 2025-10-01 China is urbanizing at an unprecedented speed Filmmakers artists musicians and writers all try to come to terms with the changes of their city How is the Chinese city as spectacle visualised and thus imagined and reimagined if not contested in art and popular culture What are the possible escape routes from a completely commodified cityscape How to realign artistic expressions of the spectacle with everyday practices The imaginations of the Chinese city in art and popular culture that this book explores are not taken as merely mirroring or reflecting reality on the contrary they are part and parcel of the construction destruction and deconstruction of that reality As such these imaginations are enmeshed in the social material and political realities that produce Chinese cityscapes Spectacle and the City Chinese Urbanities in Art and Popular Culture brings together essays by an interdisciplinary team of experts on Chinese cities including world renowned scholars like Ackbar Abbas and Chua Beng Huat as well as leading cultural critics like Ou Ning Aiming to steer away from an exclusive focus on Mainland China the adjective Chinese has a cultural meaning and includes places like Singapore and Hong Kong *Thinking Shanghai* Gregory Bracken, 2009 **Shanghai, revolution and development in an Asian metropolis**, 1981
