Thinking About The Future Guidelines For Strategic Foresight

Andy Hines, Peter Bishop

Thinking About The Future Guidelines For Strategic Foresight:

Thinking about the Future Hines Andy, Bishop Peter, 2015-10-10 Thinking about the Future distills the expertise of three dozen senior foresight professionals into a set of essential guidelines for carrying out successful strategic foresight Presented in a highly scannable yet personable style each guideline includes an explanation and rationale key steps a case example and resources for further study

Thinking about the Future Andy Hines, Peter Bishop, 2006-01-01 Executives will find the guidelines and the framework invaluable for understanding what it takes to successfully explore the future while analysts who actively carry out strategic foresight projects will find the book an indispensable reference that they turn to again and again cover

Strategic Foresight Patricia Lustig, 2015-07-14 This is a practical field guide to foresight and foresight tools for leaders in business the public sector and NGOs to aid their practice in strategy decision making and change

The Evolution of Strategic Foresight Tuomo Kuosa, 2016-03-16 Embracing the theory and practice of strategic foresight and illuminating how different schools of thought regard its role in policy making Tuomo Kuosa describes how something not traditionally considered an independent discipline is steadily becoming one In *The Evolution of Strategic Foresight* he explains how the practice of strategic foresight has long been closely associated with the military and politics Linking strategic thinking more broadly to futurology however it is quite new Since strategic foresight refers to the practice of generating analyses of alternative futures and strategies based on available intelligence and foreknowledge the practice can and should be applied to companies business sectors national and trans national agencies of all descriptions and to all aspects of public policy making The author explains its practice in terms of structure process and knowledge domains and examines its methodologies and systems along with how strategic foresight can be used to produce better knowledge and be more effectively linked to policy making Using examples from 30 different countries and with access to interviews and workshops involving key experts *The Evolution of Strategic Foresight* will be valuable to scholars educators students engaged in strategy and future studies long range public policy and urban planners analysts risk assessment experts and consultants managers and decision makers in many organisations public and private

Strategic Foresight Jan Oliver Schwarz, 2023-07-03 Organisations today are being challenged to make sense of changes in environments that now more than ever are described as VUCA volatile uncertain complex and ambiguous They are also being driven to understand how the future will evolve and what impact it will have not only on the organisations themselves but also on industries and societies In recent decades a field has emerged to support organisations in addressing these challenges strategic foresight This book is a comprehensive introduction to strategic foresight It presents a history of the field and explains the main principles in thinking about the future The book describes how organisations can apply strategic foresight and explains how it relates to other fields such as strategy innovation and leadership highlighting the relevance of strategic foresight not only for organisations but also for individuals particularly managers and leaders Grounded in the theoretical foundations of

strategic foresight the book reflects the latest academic research and explores practical applications in different contexts It draws on more than two decades of experience that the author has in the field as a researcher and as a consultant in the corporate context This is essential reading for managers and leaders of public and private organisations who want to establish strategic foresight practices as well as students of foresight and managers in the fields of innovation research development and marketing

Constructing Blue Collar Leaders in a White Collar World LaMar Herndon, 2018-03-06 In *Constructing Blue Collar Leaders in a White Collar World* Dr LaMar Herndon considers a group of leaders often overlooked and occasionally denigrated the bivocational pastor *Constructing Blue Collar Leaders in a White Collar World* integrates important theoretical leadership concepts with spiritual and practical realities Dr Herndon explores important topics such as trends and issues facing the global church and its leaders leadership models values and ethics character and integrity cultural effects creativity and innovation reverse mentoring and strategic planning This book is a profoundly honest hands on guide to what constitutes a true leader serving as a bivocational minister Dr Gary Oster Regent University School of Business whether bivocational or not Rev Jewel D Williams M R E Church of God Anderson IN Author of *Fearfully and Wonderfully Made Living our Theology and the Path of a Preacher*

Urban Planning and Real Estate Transformations for the Future John Ratcliffe, Michael Stubbs, 2023-07-31 This book presents fresh ways of thinking about the future for all those involved in conceiving planning designing funding constructing occupying and managing the built environment to face the challenges and grasp the opportunities that lie ahead over the next few decades Four major themes form the basis of the volume 1 Future Awareness and a New Sense of Place 2 Global Governance and Anticipatory Leadership 3 Innovation Reform and Exemplars 4 Urban Planning and Real Estate Transformations Within these structural themes are a diverse range of Discourses addressing many of the big questions and driving forces that face us together with a proposed methodology Strategic Foresight and an array of practical illustrations viewing what can be done today whether by organisations individuals cities or communities to positively shape a preferred future and manipulate us towards achieving it It will be important reading for students practitioners agencies and corporations across the built environment especially in the fields of urban planning real estate development architecture civil engineering and construction

Teaching about the Future P. Bishop, A. Hines, 2012-06-26 The faculty at the University of Houston's program in Futures Studies share their comprehensive integrated approach to preparing foresight professionals and assisting others doing foresight projects Provides an essential guide to developing classes on the future or even establishing whole degree programs

Handbook of Research on Artificial Intelligence and Knowledge Management in Asia's Digital Economy Ordóñez de Pablos, Patricia, Zhang, Xi, Almunawar, Mohammad Nabil, 2022-11-11 Artificial intelligence AI and knowledge management can create innovative digital solutions and business opportunities in Asia from circular and green economies to technological disruption innovation and smart cities It is essential to understand the impact and importance of AI and knowledge management within the digital economy for

future development and for fostering the best practices within 21st century businesses The Handbook of Research on Artificial Intelligence and Knowledge Management in Asia s Digital Economy offers conceptual frameworks empirical studies and case studies that help to understand the latest developments in artificial intelligence and knowledge management as well as its potential for digital transformation and business opportunities in Asia Covering topics such as augmented reality Convolutional neural networks and digital transformation this major reference work generates enriching debate on the challenges and opportunities for economic growth and inclusion in the region among business executives and leaders IT managers policymakers government officials students and educators of higher education researchers and academicians

The Future of Leadership Michael A Genovese,2015-07-24 The Future of Leadership considers how the rapid changes of today will affect the leaders of tomorrow Renowned Leadership scholar Michael A Genovese argues that one of the key challenges for future leaders will be to effectively and constructively manage the hyper change taking place both within organizations and in the broader social and political spheres Taking a Futures Studies approach to envision the state of leadership in the coming decades Genovese also provides case studies of leaders who have already demonstrated the mind and skill sets necessary to successfully manage rapid change

Anticipatory Governance: Shaping A Responsible Future Melodena Stephens Balakrishnan,Raed Awamleh,Fred Sicre,2025-01-03 Anticipatory Governance is the systemic process of future shaping built on the understanding that the future is not a continuation of the past or present thus making foresight a complex task requiring the engagement of the whole of government with its constituents in a constructive and iterative manner to achieve collective intelligence Effective anticipatory governance amplifies the fundamental properties of agile government to build trust challenge assumptions and reach consensus Moreover anticipatory governance sets the foundation to adapt to exponential change This seismic shift in the governance environment should lead to urgent rethinking of the ways and means governments and large corporate players formulate strategies design processes develop human capital and shape institutional culture to achieve public value From a long term multigenerational perspective anticipatory governance is a key component to ensure guardrails for the future Systems thinking is needed to harness our collective intelligence by tapping into knowledge trapped within nations organizations and people Many of the wicked problems governments and corporations are grappling with like artificial intelligence applications and ethics climate change refugee migration education for future skills and health care for all require a system of systems or anticipatory governance Yet no matter how much we invest in foresight and shaping the future we still need an agile government approach to manage unintended outcomes and people s expectations Crisis management which begins with listening to weak signals sensemaking intelligence management reputation enhancement and public value alignment and delivery is critical This book dives into the theory and practice of anticipatory governance and sets the agenda for future research *From Overtourism to Sustainability Governance* Harald Pechlaner,Elisa Innerhofer,Julian Philipp,2024-06-25 Insightful and international in scope

this significant volume explores the transition from overtourism to sustainability governance and elaborates perspectives for developing resilient destinations The book is split into three parts and comprises interdisciplinary contributions from renowned authors and scholars in the field with each part including case studies to illustrate real world applications of the topics and issues discussed Part I provides an overview of current academic discussion on overtourism presents theoretical concepts and illustrates the impact of the COVID 19 pandemic as well as the development from overtourism to no tourism Part II discusses approaches towards a new sustainability through the lens of current research and future trends including a possible new understanding of tourism in a post pandemic world Part III presents strategies to deal with overtourism including management strategies and governance theories Equipped with a wide range of examples and insights from across the globe the book is intended to facilitate the ongoing journey towards a more sustainable tourism industry that is increasingly resilient and less vulnerable to crises This will be of pivotal interest to academics researchers and practitioners in the fields of tourism over and mass tourism as well as sustainability governance The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license

Visionary Leadership Thomas E. Anderson, II, 2024-09-20 This book provides managers and leaders with a conceptual framework for visionary leadership to help them rediscover their vision in a more meaningful way with long lasting results It guides managers and leaders through four overlapping phases of the vision development and realization cycle at different levels and during various life stages It teaches leaders to embrace employees as visionary partners in the journey to build a better organization The founder CEO s journey to lead a high growth company begins with the ability to see their role within the company and the company itself through new lenses While it requires a CEO to evolve and grow with their company as their plans for the company expand the visionary should not solely set their sights on new horizons Their ability to see within their company should become more granular as well Featuring real world case examples and chapter summaries with key takeaways this book allows the business leader to walk themselves through the process of visioning with their team from start to finish It also allows consultants and coaches to see the full lifecycle of a vision and support the visionary at any level of an organization

Integrating Soft Computing into Strategic Prospective Methods Raúl Trujillo-Cabezas, José Luis Verdegay, 2019-08-28 This book discusses how to build optimization tools able to generate better future studies It aims at showing how these tools can be used to develop an adaptive learning environment that can be used for decision making in the presence of uncertainties The book starts with existing fuzzy techniques and multicriteria decision making approaches and shows how to combine them in more effective tools to model future events and take therefore better decisions The first part of the book is dedicated to the theories behind fuzzy optimization and fuzzy cognitive map while the second part presents new approaches developed by the authors with their practical application to trend impact analysis scenario planning and strategic formulation The book is aimed at two groups of readers interested in

linking the future studies with artificial intelligence The first group includes social scientists seeking for improved methods for strategic prospective The second group includes computer scientists and engineers seeking for new applications and current developments of Soft Computing methods for forecasting in social science but not limited to this Digital Transformation Antonella Petrillo,Fabio De Felice,Monica Violeta Achim,Nawazish Mirza,2022-10-05 In the business world digital transformation involves finding and developing new strategies and modernizing the information technology of private and public companies This book presents practices challenges and opportunities related to digital transformation It includes fourteen chapters that address digital transformation in a variety of industries including finance construction education marketing and more *Prophetic Leadership* Wade Jensen DSL MDiv,2025-08-11 Prophetic Leadership highlights prophetic leaders who ve been hard at work since God placed humankind on the earth to take dominion Genesis 1 26 28 New King James Version NKJV Prophetic leaders exist as another type of leader through Scripture and history They receive insight through natural or supernatural means so they know exactly how to advance the organizations they serve Every generation has prophetic leaders By examining the life of Joseph the practice of Jeremiah and other Scriptures referencing prophecy prayer strategy timing and seasons the author reveals a detailed blueprint of what it means to be a prophetic leader He explores the impact Joseph and Jeremiah had on others as well as how to apply the principles of prophetic leadership to achieve goals and help others Prophetic leaders can change the fate of a small enterprise a large company or entire nations it all depends on what the prophetic leader is trying to accomplish With this book you ll understand the importance of prophetic leaders and learn how to identify and empower them to thrive in the future AgeTech Innovations in Healthcare for Older Adults Donald Juzwishin,Maggie MacNeil,Axel Meisen,Paul Stolee,2025-07-25 This book explores the transformative potential of digital technologies to achieve more effective and integrated health care for older adults It examines the biological and social processes of aging through personas and scenarios highlighting their impacts on current and future health care delivery systems It provides a global perspective on the development of health care systems discussing barriers and opportunities for reform and innovation within the context of policymaking and health technology assessment Focusing on home care rehabilitation long term care and primary care the book offers insights and tools to enhance these services for older adults It addresses the critical adoption of standardized electronic health records emphasizing their importance for accessibility and interoperability within health care systems Readers are introduced to conceptual models and ethical considerations that frame the challenges and opportunities in health care The book showcases various AgeTech innovations pilot projects and initiatives that can address the health care needs of older adults improving their independence and quality of life Additionally it identifies key areas for future research and innovation in AgeTech encouraging readers to engage with questions and issues that promote continuous thinking about health care reform and AgeTech integration Targeting a diverse audience the book aims to inspire and mobilize business leaders educators and trainees researchers innovators policymakers

health care providers and citizens especially older adults By presenting evidence and practical strategies it underscores AgeTech's role in creating a continuous integrated and learning oriented health care delivery system What Comes Next? Nicholas Skytland, Alicia Llewellyn, 2021-01-05 What if instead of keeping up with change you could get ahead of it Our mission as Christians was the same yesterday as it is today and will be tomorrow The world however is changing faster than ever before and keeping up feels impossible The realities of human life from how we develop relationships to how we use technology to have impact therefore change rapidly too It's critical that Christian leaders take this into consideration as they plan for their organizations future In What Comes Next strategists and innovation experts Nick Skytland and Ali Llewellyn use the eight elements of their Futures Framework to teach us how to help shape the future be visionary and grow our businesses and ministries This futures thinking process is a proven solution for executives entrepreneurs pastors and anyone in between who struggles to respond to an ever changing world **Leadership and Politics** Adebowale Akande, 2024-07-10 This volume sheds light on the world of organizational politics political leadership and the pivotal roles played by employees and political leaders in managing diverse groups It picks up where influential scholars like Edgar Schein Harry Triandis Bernard Bass Robert House Shalom Schwartz and Geert Hofstede left off providing a timely and transparent exploration of these crucial topics In a rapidly evolving landscape characterized by renewed interest in political skill people management leadership and management diversity training organizational culture workplace incivility ambivalence alliance and career development the book emerges as an invaluable resource assembling a group of renowned contributors in the field who have conducted extensive social research It offers a comprehensive view of contemporary organizational politics psychology at work DEI political skill will HRM leadership effectiveness organizational behavior and culture relationships in the workplace and emotions in politics favoritism workplace incivility ambivalent alliance people analytics and office politics and competition The book discusses the ongoing struggle between knowledge driven scholarship and dogmatic ideology in the workplace and beyond As organizations grapple with the challenges of today's business environment the book therefore is an indispensable guide for scholars consultants and leaders committed to driving continuous improvement and navigating the complex intersection of politics and leadership in the modern workplace Improving Criminal Justice Workplaces Paula Brough, Jennifer Brown, Amanda Biggs, 2015-10-23 All organisations whether private or public sector seek to improve criminal justice workplace practice from an evidence base but often find it difficult to effectively translate research findings into policy or design best practice interventions This book provides a direct bridge between academic research in organisational behaviour and the management of workers within criminal justice agencies The public sector in particular is currently experiencing significant funding cuts and increasingly needs to create optimal workplace strategies to maintain frontline services and preserve the well being of the work force The aim of this book is to equip managers with knowledge about key processes and appropriate research methods thereby enabling them to more readily understand and apply academic research

to their workplaces The means to translate research findings into implementation strategies are also clearly explained Furthermore essential organisational issues that either impede or enhance productivity employee effectiveness and management responsiveness to change are discussed following a common chapter template of problem definition research and analysis evidence translation implementation and evaluation Written by experts in the field this book applies cutting edge theoretical discussions and research findings to evidence based policy It examines new strategies and best practice in the context of widespread demoralization of staff in the criminal justice sector due to the impact of increased austerity Improving Criminal Justice Workplaces is essential reading for leadership teams managers and supervisors in the court police probation and prison services as well as allied professionals such as forensic psychologists and HR professionals
