Thirteen Ways Of Looking At A Black Man:

Thirteen Ways of Looking at a Black Man Henry Louis Gates, Jr., 2011-06-08 This is a book of stories writes Henry Louis Gates and all might be described as narratives of ascent As some remarkable men talk about their lives many perspectives on race and gender emerge For the notion of the unitary black man Gates argues is as imaginary as the creature that the poet Wallace Stevens conjured in his poem Thirteen Ways of Looking at a Blackbird James Baldwin Colin Powell Harry Belafonte Bill T Jones Louis Farrakhan Anatole Broyard Albert Murray all these men came from modest circumstances and all achieved preeminence They are people Gates writes who have shaped the world as much as they were shaped by it who gave as good as they got Three are writers James Baldwin who was once regarded as the intellectual spokesman for the black community Anatole Broyard who chose to hide his black heritage so as to be seen as a writer on his own terms and Albert Murray who rose to the pinnacle of literary criticism There is the general turned political figure Colin Powell who discusses his interactions with three United States presidents there is Harry Belafonte the entertainer whose career has been distinct from his fervent activism there is Bill T Jones dancer and choreographer whose fierce courage and creativity have continued in the shadow of AIDS and there is Louis Farrakhan the controversial religious leader These men and others speak of their lives with candor and intimacy and what emerges from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today *Thirteen Ways of Looking at a Black Man* Henry Louis Gates, Jr., 1999-02-16 This is a book of stories writes Henry Louis Gates and all might be described as narratives of ascent As some remarkable men talk about their lives many perspectives on race and gender emerge For the notion of the unitary black man Gates argues is as imaginary as the creature that the poet Wallace Stevens conjured in his poem Thirteen Ways of Looking at a Blackbird James Baldwin Colin Powell Harry Belafonte Bill T Jones Louis Farrakhan Anatole Broyard Albert Murray all these men came from modest circumstances and all achieved preeminence They are people Gates writes who have shaped the world as much as they were shaped by it who gave as good as they got Three are writers James Baldwin who was once regarded as the intellectual spokesman for the black community Anatole Broyard who chose to hide his black heritage so as to be seen as a writer on his own terms and Albert Murray who rose to the pinnacle of literary criticism There is the general turned political figure Colin Powell who discusses his interactions with three United States presidents there is Harry Belafonte the entertainer whose career has been distinct from his fervent activism there is Bill T Jones dancer and choreographer whose fierce courage and creativity have continued in the shadow of AIDS and there is Louis Farrakhan the controversial religious leader These men and others speak of their lives with candor and intimacy and what emerges from this portfolio of influential men is a strikingly varied and profound set of ideas about what it means to be a black man in America today **Traps** Rudolph P. Byrd, Beverly Guy-Sheftall, 2001 Traps is the first anthology that historicizes the writings by African American men who have examined the meanings of the overlapping categories of race gender and sexuality and

who have theorized these categories in the most expansive and progressive terms Traps contains the landmark speeches essays letters and a manifesto by nineteenth and twentieth century African American men who have examined the complex terrain of gender and sexuality within the historical and cultural matrix of the United States *Color - Class - Identity* John Arthur, 2018-02-12 Three recent and dramatic national events have shattered the complacency of many people about progress however fitful in race relations in America The Clarence Thomas Anita Hill hearings the O J Simpson trial and the Million Man March of Louis Farrakhan have forced reconsideration of their assumptions about race and racial relations The Thomas Hill hearings exposed the complexity and volatility of perceptions about race and gender The sight of jubilant blacks and despondent whites reacting to the O J Simpson verdict shook our confidence in shared assumptions about equal protection under the law The image of hundreds of thousands of black men gathering in Washington in defense of their racial and cultural identity angered millions of whites and exposed divisions within the black community These events were unfolding at a time when there seemed to be considerable progress in fighting racial discrimination On the legal side discrimination has been eliminated in more and more arenas in theory if not always in practice Economically more and more blacks have moved into the middle class albeit while larger numbers have slipped further back into poverty Intellectually figures like Cornel West Henry Louis Gates Jr and Patricia J Williams are playing a central role as public intellectuals In the face of these disparate trends it is clear that Americans need to rethink their assumptions about race racial relations and inter racial communication Color Class Identity is the ideal tool to facilitate this process It provides a richly textured selection of readings from Du Bois Cornel West Derrick Bell and others as well as a range of responses to the particular controversies that are now dividing us Color Class Identity furthers these debates showing that the racial question is far more complex than it used to be it is no longer a simple matter of black versus white and racial mistrust A landmark anthology that will help advance understanding of the present unease not just between black and white but within each community this book will be useful in a broad range of courses on contemporary U S society *Humanities* ,2002
