Not Another One! Saint Louis Story Stitchers Artists Collective, 2022-05-26 NOT ANOTHER ONE A PLAY FOR PEACE is a collection of stories generated to address gun violence and negative police youth interactions by BIPOC artists and 16-24 year old youth in Saint Louis Missouri. Saint Louis Story Stitchers artists hope that schools, community centers, juvenile detention centers, police training centers, the fields of social work and African American studies, social studies, high school and university faculty and students and change makers will utilize the body of work in Not Another One to generate thought and discussion in your own communities. This leads to better understanding of the themes in the project including violence, racial bias, police youth interaction and how youth can use the arts and nonviolent collective action to organize and work towards change. The book contains the full transcript of the youth led discussion that took place during protests that erupted after the August 9, 2014 killing by police officer Darren Wilson of unarmed Black teenager Michael Brown in Ferguson, Missouri, a suburb of St. Louis. Youth leading the discussion created an honest and frank conversation with the police, emergency room physicians, social workers and government officials about their concerns, rights and police youth interaction. A guide for youth who want to create their own youth led discussion is included in the book. The book also contains both the full length script and the school assembly script, both of which are based on the Saint Louis Story Stitchers Artists Collective's 2015 youth led discussion with civic leaders and police on gun violence and police teen interaction entitled NOT ANOTHER ONE A Discussion. The book provides content for educators or arts organizations who wish to stage the play at their own facility. NOT ANOTHER ONE is a multi-year signature project addressing gun violence through original music, youth led discussions with adult leaders and police related documentary videos, music, a book and two scripts. Content has been collected and edited from 2015 to 2021 by over 100 artists and youth. Music curriculum and coordinating items needed to stage the play are also available at storystitchers.org.

Book Review If you're searching for a way to ignite productive and meaningful discussion and dialogue about gun violence, race and social justice among teens, this is a treasure trove. The opening transcription of a community discussion between police, government, teens and parents provides a deep dive into the multiple perspectives and concerns that inform the play and also serves as a template for conducting similar conversations in other communities. The play script, which comes from the powerful and authentic voices and stories of the people of Saint Louis, speaks directly to urban youth in their own language, probing their own experiences, responses and questions. This material lays a strong foundation for exploring a difficult and emotional topic with respect and love.

Small Teaching K-8 Sarah Connell Sanders, James M. Lang, 2022-11-23 Cognitive science research based teaching techniques any educator can implement in their K-8 classroom. In *Small Teaching K-8*, a team of veteran educators bridges the gap between cognitive theory and the K-8 classroom environment, applying the same foundational research found

in author James Lang's bestselling *Small Teaching: Everyday Lessons from the Science of Learning* to the elementary and middle school setting. Via clear descriptions and step-by-step methods, the book demonstrates how to integrate simple interventions into pre-existing pedagogical techniques to dramatically improve student outcomes. The interventions consist of classroom or online learning activities, one-time additions or small modifications in course design or communication. Regardless of their form, they all deliver powerful positive consequences. In this book, readers will also find foundational concepts from up-to-date cognitive research that has implications for classroom teaching and the rationales for using them in a K-8 classroom. Concrete examples of how interventions have been used by faculty in various disciplines. Directions on the specific timing of each intervention backed by evidence-based reasons. An essential resource for K-8 educators seeking ways to improve their efficacy in the classroom. *Small Teaching K-8* offers teachers intuitive and actionable advice on helping students absorb and retain knowledge for the long term.
