

Free Test Prep Materials for TECEP® Exams

At Thomas Edison State University we believe that what you know is more important than where you learned it. Our TECEP® examination program was created with that philosophy in mind. It gives students the opportunity to demonstrate their mastery of specific college-level subjects by taking exams. By receiving a passing score on a TECEP® exam, students earn 3 credits.

But how do you prepare for a TECEP® exam? Well, there are number of ways. Each TECEP® exam comes with a [test description](#) that gives you an idea of the topics that are covered, information about the test format, and sample test questions. Test descriptions also suggest a few [commercial textbooks](#) you can use to study ahead of time. However, the price of textbooks has gotten a little out of hand, so we put together this guide of free and openly licensed study materials that you can use.

Free? Openly Licensed? What does that mean?

Free – All of the materials in this guide are 100% free. There are no hidden costs, sign-up fees or subscriptions you have to buy. For some, you will be required to create a user account with an email address, but that is the extent of the sign in required. You can just click and read (or watch) anything in this guide.

Openly Licensed – You may have heard the phrases “open educational resources,” “open source,” and “openly licensed” in the news and not really been sure what they meant. Well, something that is openly licensed can be used without specific permission from the author or copyright holder. You can edit, delete, and change ([depending on the license](#)) these videos and textbooks however you want, and then republish them on the Internet, or share them with your friends without having to worry about getting into legal trouble. You could even put together your own textbook by pasting together the chapters, sections, or videos that you found most helpful.
