The Book of Tibetan Elders Sandy Johnson, 1996 A historically isolated people the Tibetans have now indeed come to the land of the red man and nearly every other country on earth When the Chinese invaded the country in 1959 and proceeded to destroy the ancient wisdom culture as well as nearly a sixth of the population hundreds of thousands of Tibetans fled to India and parts west In the 1980s the prophecy was fulfilled and the Dalai Lama exiled leader of Tibet met with Hopi and other American Indian elders in an effort to reunite the brothers Tibet's spiritual elders are dying off and it is with them that so many of the secrets of survival lie They are the ones who can find by touching someone's wrist what our medicine cannot detect they saw the empty spaces of the atom before science considered the concept of subatomic particles they know how to realign even severe emotional imbalances without drugs or therapy they know what plants heal us they have catalogued more than two thousand and how to save them from destruction they predicted the demise of their own country at the hands of the Chinese they saw the coming of AIDS almost ten centuries ago

These people are dying off and with them the wisdom we need to make it through the next century and beyond After the Chinese occupation of their country many Tibetan elders were killed in reeducation camps Many survived however to escape what has now become a brutally oppressive environment Sandy Johnson traveled around the world gathering the life stories and teachings of Tibetan doctors the state oracle the previous Dalai Lama s tailor the great women masters the entire range of the culture An astrologer offers to produce Sandy s chart including the date of her death a stone carver shows her the rocks with prayers painted on them that he places in the river at the end of every day so that the water may carry blessings to everything it touches Johnson meets a woman of indeterminate age who lives her life in a cave praying that people might be less distracted by material things and learn to care for each other again At the same time Johnson herself is on a spiritual quest and interwoven with the stories of the elders comes her own physical healing as well as a long awaited reconciliation with her family The book is filled with predictions made by the Tibetan elders about the course of Johnson s life most of which have already come true
